FOR THE MUNICIPAL YEAR ENDING DECEMBER 31, 1938

RECORD OF THE ANNUAL TOWN ELECTION

March 14, 1938

Agreeably to a warrant signed by the Selectmen February 26, 1938, the inhabitants of the Town of Needham qualified to vote in elections and in Town affairs met in the Town Hall in said Town on Monday, March 14, 1938, at forty-five minutes past six o'clock in the forenoon.

The meeting was called to order by the Moderator, Samuel H. Wragg.

The ballot boxes were inspected and found to be empty with the registers set on 00000. The boxes were then locked and the keys delivered to William W. Hewett, the officer in attendance.

Cards of instruction and specimen ballots were posted as required by Section 48, Chapter 54 of the General Laws.

The ballots prepared for use at this election by the Town Clerk were then delivered to the ballot clerks and their receipt taken therefor.

The polls were opened at forty-five minutes past six o'clock in the forenoon and were kept open until eight o'clock in the afternoon.

The ballot clerks appointed by the Selectmen were sworn to the faithful performance of their duties by the Moderator.

ARTICLE 1. To choose by ballot the following Town Officers: three Selectmen for one year; one Moderator for one year; one Town Clerk for one year; one Town Treasurer for one year; one Collector of Taxes for one year; one Assessor for three years; two members of the School Committee for three years; one member of the Department of Public Welfare for three years; two Trustees of the Public Library for three years; one member of the Board of Health for three years; two Trustees of Memorial Park for three years; one member of the Planning Board for five years; one Commissioner of Trust Funds for three years; two Constables for one year; three Town Meeting Members (to fill vacancies) for two years, and two Town Meeting Members (to fill vacancies) for one year, for District 1; one Town Meeting Member (to fill vacancy) for two years, and one Town Meeting Member (to fill vacancy) for one year, for District 2; one Town Meeting Member (to fill vacancy) for two years, for District 4; two Town Meeting Members (to fill vacancies) for one year, for District 5; and sixteen Town Meeting Members for each District, namely, Districts 1, 2, 3, 4 and 5, for three years.

The ballots were audibly counted by the Moderator when taken from the box and at 9 o'clock four hundred-fifty (450) were taken from the box; at 11 o'clock four hundred (400) were taken from the box; at 1:30 o'clock six hundred (600) were taken from the box; at 3:30 o'clock five hundred ninety-eight (598) were taken from the box; at 6:30 o'clock nine hundred (900) were taken from the box, and at 8 o'clock nine hundred ninety-two (992) were taken from the box, making the total number of ballots cast three thousand nine hundred and forty (3,940).

The vote by districts was as follows:

District	Male	Female	Total
1	387	379	766
2	397	394	791
3	416	386	802
4	373	346	719
5	497	365	862
	2,070	1,870	3,940

A canvass of all votes given was made as required by law. Upon the completion of the canvass of all votes cast the result of the voting was declared by the Moderator to be as follows, viz.:

For Selectmen

William P. Brown	2,368
James I. Forsyth	156

CLARENCE E. FOSS,
Town Clerk.

ANNUAL TOWN MEETING FOR THE TRANSACTION OF BUSINESS

March 21, 1938

Pursuant to the foregoing warrant the inhabitants of the Town of Needham, qualified to vote in Town affairs, met in the Town Hall in said Town on Monday, March 21, 1938, at 7:30 o'clock in the afternoon.

The meeting was called to order by the Moderator, Samuel H. Wragg.

The checkers appointed by the Board of Selectmen were sworn to the faithful performance of their duties. Check lists were used and 85 women and 368 men were checked on the lists as being present, a total of 453.

There were present 212 Town Meeting members.

The call for the meeting was read by the Town Clerk.

Proceeded to take up the articles under the warrant.

ARTICLE 2. To choose and appoint all other Town Officers in such manner as the Town may determine.

Voted: That the following officers be elected:

Town Agents: William P. Brown, Ray C. Hall and Julius F. Haller.

Measurers of Wood and Bark: Henry K. Morse and James H. Whetton.

Public Weighers: James H. Whetton, Henry K. Morse, Frederick A. Whetton, Nicholas A. O'Brien, Nellie Burkett, Elizabeth Ryan, George B. Jones, Albert J. Ravinski, Ernest W. Starratt, Jr., August Miller, Stephen C. Godfrey and Jacob Leader.

ARTICLE 3. To hear and act on the reports of Town Officers and Committees.

Voted: That the time stipulated for the filing of the final report of the committee appointed under Article 29 of the warrant of the Annual Town Meeting in 1937, (public tennis court) be extended to the next Annual Meeting.

ARTICLE 4. To see what action the Town will take relative to unexpended balances and deficiencies of 1937.

Voted: That the sum of $2,724.55 be appropriated to pay unpaid bills contracted in 1937, but not received by the Town until after January 1, 1938, and to pay overdrafts and deficiencies of 1937.

Voted: That the unexpended balances be returned to the Treasury.

ARTICLE 5. To see what action the Town will take relative to deficiencies of 1938.

Voted: That unpaid bills contracted in 1938 but not received by the Town until after January 1, 1939, regarded as deficiencies be paid in January 1939 from cash at hand and that the amount so paid be reported by the Town Accountant to the Finance Committee to be included in their report of appropriations for 1939.

ARTICLE 6. To see what disposition the Town will make of the money received from dog licenses.

Voted: That the monies received from dog licenses, to wit; $2,199.59 be appropriated for the use of the Public Library.

ARTICLE 7. To see what action the Town will take relative to the salaries of its Town Officers.

Voted: That the salaries of Town Officers be the same as voted in the Annual Budget.

ARTICLE 8. To see what sums of money the Town will appropriate for the necessary Town charges and expenses.

Under this article the following appropriations were made, each item being voted on separately, viz.:

Voted: That the sum of $236,886.81 and the income from the Dwight School Fund be appropriated for the School Department as follows:

			Transfer
All Salaries	$194,886.81

ADJOURNED ANNUAL TOWN MEETING

March 23, 1938

Pursuant to adjournment of the Annual Town Meeting held March 21, 1938, the inhabitants of the Town of Needham qualified to vote in Town affairs, met in the Town Hall in said Town on Wednesday, March 23, 1938, at 7:30 o'clock in the afternoon.

Samuel H. Wragg, Moderator, in the chair.

The checkers appointed by the Board of Selectmen were sworn to the faithful performance of their duties. Check lists were used and 54 women and 262 men were checked on the lists as being present, a total of 316.

There were present 197 Town Meeting Members. Proceeded to take up the remaining articles in the Warrant.

ARTICLE 11. To see if the Town will amend its Building By-Laws by striking out in the first line of the fourth paragraph of Section 10 of Article IX, the words "gas stove or" and by striking out in the seventh line, the words "to gas stoves," so that said fourth paragraph will read as follows:

> No gas water-heater shall be used until a suitable flue for the same shall have been installed in the building. If no brick chimney can be entered a cast-iron pipe or screw-pipe may be used, if not less than four inches internal diameter, and extended through the roof. A drip fitting shall be used on the end of the line extended into the cellar of not less than one and one-quarter inch pipe size, with cap fitted on lower end. Changes in direction of the line shall not exceed forty-five degrees. Vent pipes shall not be placed nearer than three inches from any wood-work or lath and plaster partition. Where it should prove necessary to go nearer to wood-work or lath and plaster partitions than above specified, a shield of incombustible material may be used with the approval of the Building inspector.

Voted: That the Town Building By-Laws be amended by striking out in the first line of the fourth paragraph of Section 10 of Article IX, the words "gas stove or" and by striking out in the seventh line, the words "to gas stoves," so that said fourth paragraph will read as follows:

> No gas water-heater shall be used until a suitable flue for the same shall have been installed in the building. If no brick chimney can be entered a cast-iron pipe or screw-pipe may be used, if not less than four inches internal diameter, and extended through the roof. A drip fitting shall be used on the end of the line extended into the cellar of not less than one and one-quarter inch pipe size, with cap fitted on lower end. Changes in direction of the line shall not exceed forty-five degrees. Vent pipes shall not be placed nearer than three inches from any wood-work or lath and plaster partition. Where it should prove necessary to go nearer to wood-work or lath and plaster partitions than above specified, a shield of incombustible material may be used with the approval of the Building Inspector.

ARTICLE 12. To see if the Town will amend its Building By-Laws by striking out in the first line of the fourth paragraph of Section 5 of Article XII, the words "stove or" and by striking out in the second line, the words "or stove" so that said fourth pararaph will read as follows:

> No gas heater set in a kitchen of an old house shall be allowed unless a vent pipe is run from such heater to a vent through the roof as provided in Article IX, Section 10 or by permission of the Inspector of Buildings, is attached to smoke-pipe of coal-stove.

Voted: That the Town Building By-Laws be amended by striking out in the first line of the fourth paragraph of Section 5 of Article XII, the words "stove or" and by striking out in the second line, the words "or stove" so that said fourth paragraph will read as follows:

> No gas heater set in a kitchen of an old house shall be allowed unless a vent pipe is run from such heater to a vent through the roof as provided in Article IX, Section 10 or by permission of the Inspector of Buildings, is attached to smoke-pipe of coal-stove.

ARTICLE 13. To see if the Town will appropriate a sum not exceeding $1,000.00 for maintenance of Chapter 90 Roads, so-called, provided the County and/or the State Department of Public Works will allot an equal amount; or pass any votes relative thereto.

Voted: That the sum of $1,000.00 be appropriated for maintenance of "Chapter 90" roads, so called, the same to be expended only if the County and/or State Department of Public Works shall allot an equal amount.

ARTICLE 14. To see if the Town will vote to transfer $7,772.58 from the Sewer Assessment Reserve Fund to the Sewer Construction Account for the extension of the sewerage system, and payment of notes and interest due on construction bonds.

Voted: That the sum of $7,772.58 be transferred from the Sewer Assessment Reserve Fund to the Sewer Construction Account, of which $3,367.50 shall be to pay notes and interest due on construction notes.

ARTICLE 15. To see if the Town will appropriate a sum not exceeding $14,500.00 for the construction of a sewerage pumping station on West Street and the extension of sewer mains necessary to provide for the use of 3,515 feet of gravity flow sewers and 1,430 feet of force main installed during 1933 as a relief project for the unemployed; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the sum of $14,500.00 be transferred from unappropriated surplus funds of the Town for the construction of a sewerage pumping station on West Street and the extension of sewer mains necessary to provide for the use of 3,515 feet of gravity flow sewers and 1,430 feet of force main installed during 1933 as a relief project for the unemployed, as proposed by the Public Works Department.

ARTICLE 16. To see if the Town will appropriate a sum not exceeding $25,350.00 for laying and relaying water mains, and extending services to houses; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the sum of $25,350.00 be appropriated for laying and relaying water mains and extending service to houses.

ARTICLE 17. To see if the town will appropriate a sum not exceeding $20,000.00 for the installation of water mains in Charles River Street to provide for furnishing additional water from the new supply; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the sum of $20,000.00 be appropriated from unappropriated surplus funds of the Town for the installation of water mains in Charles River Street in connection with the new supply.

ARTICLE 18. To see if the Town will appropriate a sum not exceeding $11,100.00 for installing a water main in High Rock Street and Robinwood Avenue; determine in what manner the money shall be raised and expended, or take any action relative thereto.

Voted: That the sum of $11,100.00 be appropriated for the purpose of installing a water main in High Rock Street and Robinwood Avenue, of which the sum of $5,000.00 shall be taken from the unappropriated surplus funds of the Town and the sum of $6,100.00 shall be taken from the earnings of the Water Department.

ARTICLE 19. To see if the Town will appropriate a sum not exceeding $5,250.00 for the extension of storm water drains; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the sum of $5,250.00 be appropriated for the extension of storm water drains in town ways as proposed by the Public Works Department.

ARTICLE 20. To see if the Town will appropriate a sum not exceeding $500.00 for the construction of permanent sidewalks; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the sum of $500.00 be appropriated for the construction of permanent sidewalks.

ARTICLE 21. To see if the Town will accept Glendoon Road from Great Plain Avenue to Nehoiden Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $1,250.00 for the construction of said way; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the Town accept Glendoon Road from Great Plain Avenue to Nehoiden Street as laid out by the Selectmen in accordance with a plan on file with the Town Clerk, under the provisions of law authorizing the assessment of betterments, and that the sum of $1,250.00 be appropriated therefor.

ARTICLE 22. To see if the Town will accept Melrose Avenue from Page Road to Brookline Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $3,650.00 for the construction of said way; determine in what manner the money shall be raised and expended or take any action relative thereto.

Voted: That the Town accept Melrose Avenue from Page Road to Brookline Street as laid out by the Selectmen, and according to a plan on file with the Town Clerk, under the provisions of law authorizing the assessment of betterments, and that the sum of $3,650.00 be appropriated therefor.

ARTICLE 23. To see if the Town will accept Garden Street extending about 745 feet northerly from May Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $1,900.00 for the construction of said way; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That the Town accept Garden Street extending about 745 feet northerly from May Street as laid out by the Selectmen, and according to a plan on file with the Town Clerk, under the provisions of law authorizing the assessment of betterments, and that the sum of $1,900.00 be appropriated therefor.

ARTICLE 24. To see if the Town will appropriate a sum not exceeding $8,000.00 for the cost of constructing particular sewers, or connecting drains to buildings, under the provisions of law authorizing assessments; or take any action relative thereto.

Voted: That the sum of $8,000.00 be appropriated for the construction of particular sewers, or connecting drains to buildings, under the provision of law authorizing the assessment of betterments.

ARTICLE 25. To see what sum the Town will appropriate for installation of pipes in a portion of Birds Hill Brook, between Sargent Street and Nichols Road, on petition of Chester B. Underhill and others; determine in what manner the money shall be raised and expended; or take any action relative thereto.

Voted: That this article be dsmissed.

ARTICLE 26. To see if the Town will vote to authorize the installation of street lights on the following private ways, so-called, as petitioned for by abutters, and appropriate the sum of $2,000.00 therefor; or take any action relative thereto:

2	lights	Stockdale Road
4	"	Mayflower Road
4	"	Whittier and Lancaster Roads
1	"	Glendoon Road
1	"	Colburn Street
3	"	Woodlawn Avenue
2	"	Eaton Road
1	"	Fairview Terrace
1	"	Cross Street

Voted: That the sum of $1,500 be appropriated for the purpose of installing street lights on private ways, so-called, as recommended by the Superintendent of Public Works, as follows:

2	lights	Stockdale Road
4	"	Mayflower Road
4	"	Whittier and Lancaster Roads
1	"	Glendoon Road
1	"	Colburn Street
3	"	Woodlawn Avenue
2	"	Eaton Road
1	"	Fairview Terrace
1	"	Cross Street

ARTICLE 27. To see if the Town will authorize a taking of certain parcels of land for street purposes; accept the layout of a Town Way from Webster Street to Highland Avenue being an extension of Carey Place as laid out and reported by the Selectmen in accordance with a plan on file with the Town Clerk under the provisions of law authorizing the assessment of betterments; establish said Way and appropriate the sum of $5,000.00 therefor; determine in what manner the money shall be raised and expended or take any action relating thereto.

Voted: That the Selectmen be and they hereby are authorized to take by purchase or eminent domain proceedings the land for a Town Way from Webster Street to Highland Avenue being an extension of Carey Place as laid out and reported by the Selectmen in accordance with a plan on file with the Town Clerk under the provisions of law authorizing the assessment of betterments; that said way be established and that the sum of $5,000.00 be appropriated therefor.

ARTICLE 28. To see if the Town will appropriate the sum of $469.16 to reimburse the Sewer Assessment Reserve Fund for uncollected sewer assessments made in 1937, against Town properties, or take any action relative thereto.

Voted: That the sum of $469.16 be appropriated to reimburse the Sewer Assessment Reserve Fund for uncollected sewer assessments made in the year 1937 against Town properties.

ARTICLE 29. To see if the Town will accept the extension of Manning Street northerly to Lindbergh Avenue, a distance of 245 feet, as a Town Way, in accordance with a plan on file with the Town Clerk as laid out and constructed by William H. Carter in accordance with specifications of the Town.

Voted: That the Town accept as a Town Way the extension of Manning Street northerly to Lindbergh Avenue, a distance of 245 feet, as shown on a plan on file with the Town Clerk as laid out and constructed by William H. Carter, in accordance with the specifications contained in the Town By-Laws.

ARTICLE 30. To see if the Town will authorize the Selectmen to abandon, by sale or otherwise, a parcel of land containing 1,950 square feet more or less, extending easterly from Grant Street, being a portion of Schedule A, as shown by an order of taking made by the Sewerage Committee on behalf of the Town of Needham, dated June 18, 1925; or take any action relating thereto.

Voted: That the Selectmen are authorized to abandon all the right, title and interest of the Town in the parcel of land containing 1,950 square feet more or less, extending Easterly from Grant Street, being a portion of Schedule A, as shown by an order of taking made by the Sewerage Committee on behalf of the Town of Needham dated June 18, 1925, and to convey by deed the interest of the Town therein at public or private sale for such amount and upon such terms as the Selectmen may consider adequate and proper.

ARTICLE 31. To see if the Town will accept Mayflower Road as a Town Way from Great Plain Avenue to Alden Road, on petition of Russell C. Williams and others, in accordance with a plan on file with the Town Clerk, under the provision of law authorizing the assessment of betterments; establish said Way and appropriate the sum of $7,200.00 therefor; determine in what manner the money shall be raised; or take any action relating thereto.

Voted: That the Town accept as a Town Way Mayflower Road from Great Plain Avenue to Alden Road as laid out by the Selectmen, and according to a plan on file with the Town Clerk, under the provisions of law authorizing the assessment of betterments; and that there be appropriated the sum of $7,200.00 therefor.

ARTICLE 32. To see if the Town will appropriate a sum not exceeding$6,800.00 for installing a Storm Water Drain in and through Mayflower Road and other Ways incidental thereto.

Voted: That the sum of $6,800.00 be appropriated from the unappropriated surplus funds of the Town for installing a storm water drain in and through Mayflower Road and other ways incidental thereto.

ARTICLE 33. To see if the Town will amend its Zoning and Building By-Laws (a) by striking out Section 10 of the Zoning By-Laws and inserting in place thereof, under the caption "Area and Frontage Regulations," the following:

Section 10. In residence districts no dwelling shall hereafter be erected or placed on a lot of land containing less than ten thousand square feet nor a frontage of less than eighty feet; but nothing contained in this section shall prevent the erection or placing of any such building on any lot containing a smaller area or frontage, or both such area or frontage, provided such lot does not adjoin other land of the same owner available for use in connection with said lot; nor shall the provisions of this section prevent the erection or placing of a dwelling on any lot containing less than ten thousand square feet or having a frontage of less than eighty feet if such lot is a portion of a parcel of land heretofore laid out by the owner thereof on a plan approved and attested by the Board of Survey and duly recorded in the Registry of Deeds.

(b) by striking out Section 20 of the Zoning By-Laws and the caption thereof and inserting in place thereof the following:

Section 20. SETBACK AND DISTANCES FROM LOT LINES IN RESIDENCE DISTRICTS. In residence districts a front yard of at least thirty feet in clear depth shall be provided beyond the exterior line of the way or ways of approach, and no building or structure shall be moved, altered, remodelled or enlarged so that a front yard less in clear depth shall result; nor shall any such building or structure be nearer than fifteen feet to each side line, except that a structure not used for habitation, detached from such building, if set back from the rear of such building fifteen feet or more may be placed nearer to a side line of the lot but not nearer than is provided in ArticleXIII of the Building By-Law. Projecting eaves and uncovered steps shall not be considered as projections within the meaning of this section. Where a setback of greater depth than thirty feet has already been establshed by common agreement or where a different setback exists, it shall be and remain the setback for that street or portion of street.

(c) and by striking out Article XIII of the Building By-Law and inserting in place thereof the following:

ARTICLE XIII. DISTANCES FROM LOT LINES

No part of any first or second class building hereafter erected in other than a residence district, except eaves and cornices, shall be nearer than five feet to the line of any adjoining lot on any side on which such building has any opening in the outer wall thereof, unless all such openings are protected by wire glass set in metal frames and sash or approved metal covered frames and sash.

Distances from street and lot lines shall be established by the Zoning By-Law as now existing and hereafter amended or revised from time to time.

No wooden buildings, not used for habitation, over fourteen feet high, shall be placed within ten feet of the line of the lot and if built on the land of the same owner, nearer than twenty feet to any other building unless the side walls on such line or lines be built of masonry.

No wooden buildng not used for habitation if less than fourteen feet in height and covering an area exceeding fifty square feet shall be placed within three feet of the line of the lot, and if built on the land of the same owner nearer than six feet to any other building unless the side wall on such line or lines be built of masonry carried twelve inches above the roof. A wall with a coating of cement on a wooden frame shall not be considered a masonry wall.

The two preceding paragraphs shall not apply to structures in single or general residence districts.

or pass any vote or votes relating to the By-Laws regulating the size of lots, setbacks and distances from side lines within single or general residence districts.

On "Points of Order" raised by W. P. Bailey it was
Voted: That this article be dismissed.

ARTICLE 34. To see if the Town will adopt a by-law establishing a Planning Board under the provisions of General Laws (Ter. Ed.) Chapter 41, Section 81A (Acts of 1936, Chapter 211) with all the powers and duties therein and in any existing by-laws of the Town provided, to consist of five members to be elected by ballot at the Annual Town Meeting in 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years and one for a term of five years and thereafter in accordance with the provisions of the statute; or take any action relative thereto.

Voted: That the substance matter contained in Article 34 be referred to a committee of five to be appointed by the Moderator for the purpose of studying the provisions contained under said Article 34 and to make a report of their findings to the next annual Town Meeting; and in addition, to publish a copy of their report in one or more of the local papers at least thirty days prior to the next annual Town Meeting.

ARTICLE 35. To see if the Town will vote to amend its Zoning Map by changing from a general residence district to a manufacturing district, that land bounded and described as follows:

Southerly by the business district fronting on Highland Avenue and Circumferential Highway.

Westerly by the present single residence district boundary line to the New York, New Haven and Hartford Railroad.

Northerly by the New York, New Haven and Hartford Railroad Company.

Easterly by the westerly side line of the Circumferential Highway; and the whole shall be subject to the following restrictions:

There shall be established in this zone a building line 150 feet back from the westerly edge of the Circumferential Highway. No permanent or temporary buildings or structures shall be erected within this set-back, nor shall this restricted set-back be used for storage or other commercial purposes.

Voted: That the Zoning Map is hereby amended by changing from a general residence district to a manufacturing district, that land bounded and described as follows:

Southerly by the business district fronting on Highland Avenue and Circumferential Highway.

Westerly by the present single residence district boundary line to the New York, New Haven and Hartford Railroad.

Northerly by the New York, New Haven and Hartford Railroad Company.

Easterly by the westerly side line of the Circumferential Highway; and the whole shall be subject to the following restrictions:

There shall be established in this zone a building line 150 feet back from the westerly edge of the Circumferential Highway. No permanent or temporary buildings or structures shall be erected within this set-back, nor shall this restricted set-back be used for storage or other commercial purposes.

ARTICLE 36. To see what action the Town will take, on petition of the Finance Committee, relative to modifying Section 6 of Article 1, of the Building By-Laws, so that Permit Fees for wooden dwelling houses of 6 rooms or less, value not exceeding $5,000.00 will be increased from $5.00 to $6.00. For wooden dwelling houses of not more than 6 rooms, value not exceeding $8,000.00, to be increased from $8.00 to $10.00.

For first-class dwellings, value not exceeding $10,000.00 to be increased from $10.00 to $12.00.

For second-class dwellings, value not exceeding $5,000.00 to be increased from $5.00 to $6.00.

For third-class buildings, value not exceeding $4,000.00 to be increased from $4.00 to $5.00.

For alterations of buildings, sheds, etc., value not exceeding $1,000.00, to be increased from $1.00 to $2.00.

For three-car garage, increased from $3.00 to $4.00.

Change the additional fee of $0.50 per $1,000.00 to $1.50 for valuation in excess of the above amounts, etc.; so that sub-sections (a) and (b) of said Section 6 will read as follows:

Section 6. FEES FOR PERMITS:

(a) On all building permits issued by the Building Inspector for the erection or alterations of buildings in the limits of the Town, there shall be paid to the Inspector for the use of the Town a fee according to the following schedule:

1. For wooden dwelling houses of six rooms or less, value not exceeding $5,000.00 ..... $6.00
2. For wooden dwelling houses of not more than six rooms, value not exceeding $8,000.00 ..... 10.00
3. For all other buildings as follows:

   For first-class buildings, value not exceeding $10,000.00 ..... 12.00
4. For second-class buildings, value not exceeding $5,000.00 ..... 6.00
5. For third-class buildings, value not exceeding $4,000.00 ..... 5.00

   Alterations of buildings, sheds, auto houses, and like small buildings, value not exceeding $1,000.00 ..... 2.00

   For garages—One-car garage 1.00

   Two-car garage 2.00

   Three-car garage (if approved) 4.00

   Elevators 5.00

   An additional fee of $1.50 per $1,000.00, valuation in excess of the above amounts shall be charged, provided, however, that the amount of any fee shall not exceed the sum of one hundred dollars.

(b) Upon the issuance of a plumbing permit by the Inspector of Plumbing there shall be paid to the Inspector, for the use of the Town, a fee of Seventy-five Cents for each fixture, and/or sewer connection. A minimum fee of two dollars is to be charged for any plumbing permit.

Upon the issuance of a gas fitting permit there shall be paid a fee of two dollars.

Voted: That this article be dismissed.

ARTICLE 38. To see what action the Town will take relative to the appointment of a committee to revise the Building By-Laws, including those relating to Plumbing and Electrical Wiring; such committee to report at the next annual meeting.

Voted: That a committee of five be appointed by the Moderator to study, report and recommend on a revision of the Building By-Laws, including those relating to Plumbing and Electrical wiring, such committee to report at the next Annual Town Meeting and to file its report with the Town Clerk not later than February 1, 1939.

ARTICLE 39. To see what sum not exceeding $75,000.00 the Town will appropriate for the purpose of constructing equipping and furnishing a new elementary school building in the Dwight School District; determine in what manner the money shall be raised and expended and to whom shall be entrusted the responsibility for the constructing, equipping and furnishing of said school; authorize for such purpose the acquisition of land by purchase or eminent domain; or pass any vote or votes relative thereto; on petition of Carleton D. Morse and others.

Voted: That the subject matter of Article 39 relating to the construction of an elementary school building in the Dwight School District be referred to the School Committee for study and to file a report with their recommendations with the Town Clerk as soon as may be.

ARTICLE 40. To see what action the Town will take relative to the appointment of a committee to act as Town Agents for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School Building; or pass any vote or votes relative thereto, on petition of Dr. William E. Crocker and others.

Voted: That the subject matter of Article 40 relating to the constructing, equipping and furnishing of two additional rooms on the Harris School Building be referred to the School Committee for study and to file a report with their recommendations with the Town Clerk as soon as may be.

ARTICLE 41. To see if the Town will appropriate a sum not exceeding $25,000.00 for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School Building, determine in what manner the money shall be raised and expended; or pass any vote or votes relative thereto; on petition of Dr. William E. Crocker and others.

Voted: That this article be dismissed.

ARTICLE 42. To see what action the Town will take relative to the classification of employment for town officers and employees and the establishment of salary and wage scales for such classifications; on petition of the Needham Taxpayers' Association, Inc.

Voted: That a committee of five be appointed by the Moderator to study, report and recommend on the classification of employment for town officers and employees and salary and wage scales, with minimum and maximum rates for such classification, such committee to report at the next Annual Town Meeting and to file its report with the Town Clerk not later than February 1, 1939.

ARTICLE 43. To see what action the Town will take relative to the appointment of a committee to make an inventory of the real estate owned by the Town, such committee to make recommendations with reference to the advantageous use or disposal of such land; on petition of the Needham Taxpayers' Association, Inc.

Voted: That a committee of three be appointed by the Moderator to make an investigation of all the real estate owned by the Town and to make recommendations with reference to the advantageous use or disposal of such real estate; such committee to report at the next Annual Town Meeting and to file its report with the Town Clerk not later than February 1, 1939.

ARTICLE 44. To see if the Town will amend Section 5 of Article IV of its By-Laws by striking out in the seventh line the words "where it would be offensive and injurious to health" so that Section 5 will read as follows:

> Section 5. "No person shall, without the license of the Board of Health, throw into, or leave in, or upon any street, court, square, alley, lane, road, public square, public enclosure, pond or body of water, or vacant lot within the limits of the town, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, waste water, rubbish or filth of any kind, or any refuse, animal or vegetable matter whatsoever," on petition of the Board of Health.

Voted: That Section 5 of Article 4 of the By-Laws of the Town is hereby amended by striking out in the seventh line the words "where it would be offensive and injurious to health" so that said Section 5 will read as follows:

> "No person shall, without the license of the Board of Health, throw into, or leave in, or upon any street, court, square, alley, lane, road, public square, public enclosure, pond or body of water, or vacant lot within the limits of the town, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, waste water, rubbish or filth of any kind, or any refuse, animal or vegetable matter whatsoever."

ARTICLE 45. To see if the Town will appropriate a sum of money for the improvement of low lands and swamps and eradication of mosquitos; on petition of the Needham Garden Club.

Voted: That this article be dismissed.

The following resolution was offered by Gilbert W. Cox and accepted by rising vote:

RESOLVED: That the Citizens of Needham by their representatives in Town Meeting assembled hereby extend to Mr. Clarence E. Foss their appreciation for his many years of service to the Town as Town Clerk which office has been administered by him courteously, efficiently, impartially and faithfully. Upon his retirement he leaves his office with the best wishes of his fellow citizens.

ARTICLE 46. To see if the Town will vote to have the reports of its officers and the proceedings of this and subsequent Town Meetings printed; or pass any vote or votes relative thereto.

Voted: That 750 copies of the reports of the Town Officers and the proceedings of this and subsequent Town Meetings be printed together with the valuation list of the Board of Assessors, and that a salary list of all departments be included in such report.

Attendance

At 9:30 o'clock P.M. it was

Voted: That this meeting be now dissolved.

CLARENCE E. FOSS,
Town Clerk.

TOWN OF NEEDHAM

RECORD OF THE SPECIAL TOWN MEETING

Monday, September 19, 1938

Pursuant to the Warrant issued by the Selectmen, September 6, 1938, the Inhabitants of the Town of Needham qualified to vote in Town affairs met in the Town Hall in said Town on Monday, September 19, 1938, at 7.30 o'clock in the afternoon.

Samuel H. Wragg, Moderator, in the chair. The checkers appointed by the Selectmen were sworn to the faithful performance of their duties.

Check lists were used and 62 women, and 229 men were checked on the lists as being present. There were 195 Town Meeting Members present.

The call for the meeting and the officer's return, read by the Town Clerk.

The Articles in the Warrant were then brought before the meeting for action.

Article 1. To see if the Town will vote to appropriate a sum of money for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School building, and for necessary land improvements and landscaping of grounds in connection therewith; authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; authorize the School Committee to construct said project and contract with respect thereto; determine in what manner the money shall be raised and use any other available funds that may be raised by taxation or appropriated for the purpose; or take any action relative thereto — on petition of the School Committee.

Voted, That for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School Building and for necessary land improvements and landscaping of grounds in connection therewith and to enable the Town to accept the benefits of funds granted by the Federal Government under the Public Works Administration Appropriation Act of 1938, there be raised and appropriated the sum of $26,400.00 and that the sum of $14,520.00 be transferred from the unappropriated surplus funds of the Town for this purpose; that all moneys received by way of grant from the Federal Government on account of this project shall be applied to meet the cost of construction thereof; that the Selectmen be and hereby are authorized and directed to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; that a committee of seven be appointed by the Moderator to act as Town Agents and such committee be and hereby are authorized to proceed with the construction of said project and to enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable Federal regulations; and that the Selectmen and said committee be and hereby are authorized to do all other acts and things necessary or convenient for obtaining said grant and constructing said project.

Unanimous.

Article 2. To see if the Town will vote to appropriate a sum of money for the purpose of demolishing and removing the present Dwight School and constructing, equipping and furnishing a new four-room Dwight School building, on the location of the present Dwight School, and for necessary land improvements and landscaping of grounds in connection therewith; authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; authorize the School Committee to construct said project and contract with respect

thereto; determine in what manner the money shall be raised and use any other available funds that may be raised by taxation or appropriated for the purpose; or take any action relative thereto — on petition of the School Committee.

Voted, That for the purpose of demolishing and removing the present Dwight School and constructing, equipping and furnishing a new four-room Dwight School building and for necessary land improvements and landscaping of grounds in connection therewith and to enable the Town to accept the benefits of funds granted by the Federal Government under the Public Works Administration Appropriation Act of 1938, there be raised and appropriated the sum of $74,172.00 and that the sum of $40,795.00 be transferred from the unappropriated surplus funds of the Town for this purpose; that all moneys received by way of grant from the Federal Government on account of this project shall be applied to meet the cost of construction thereof; that the Selectmen be and hereby are authorized and directed to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; that a committee of seven be appointed by the Moderator to act as Town Agents and such committee be and hereby are authorized to proceed with the construction of said project and to enter into all necessary and proper contracts and agreements in respect thereto; all subject to applicable Federal regulations; and that the Selectmen and said committee be and hereby are authorized to do all other acts and things necessary or convenient for obtaining said grant and constructing said project.

Unanimous.

Article 3. To see if the Town will ratify and approve the acceptance by the Selectmen on behalf of the Town of a deed of land on Hillside Avenue and Sunnyside Road from William H. Carter and the late Frank W. Gorse, to be held by the Town forever for the public use of its inhabitants for park, recreational and/or educational purposes, said land being described as follows:

"The land in said Needham with the buildings thereon bounded and described as follows, and known as the Cricket Field, bounded

On the east by Hillside Avenue;
On the north by Sunnyside Road;
On the west by Sunnyside Road;
On the south by lands now or formerly of Gordon Turner, Alfred Hansen, Sampson Hammersley, Elmer I. Gorse, George B. Jones, Frederick Morton and Harold Warren;

and being the same premises conveyed to us (William H. Carter and Frank W. Gorse) by deed of Preston Mitchell dated April 1, 1924, and recorded with Norfolk District Deeds in Book 1603, page 129.

The land hereby conveyed shall be held by said Town forever for the public use of its Inhabitants for park, recreational and/or educational purposes.";

or pass any vote or votes relative to the acceptance of said land by the Town.

Voted, That the acceptance of a deed by the Selectmen on behalf of the Town of land on Hillside Avenue and Sunnyside Road from William H. Carter and the late Frank W. Gorse, to be held by the Town forever for the public use of its inhabitants for park, recreational and/or educational purposes, said land being described as follows:

"The land in said Needham with the buildings thereon bounded and described as follows, and known as the Cricket Field, bounded

On the east by Hillside Avenue;
On the north by Sunnyside Road;
On the west by Sunnyside Road;

On the south by lands now or formerly of Gordon Turner, Alfred Hansen, Sampson Hammersley, Elmer I. Gorse, George B. Jones, Frederick Morton and Harold Warren;

and being the same premises conveyed to us (William H. Carter and Frank W. Gorse) by deed of Preston Mitchell dated April 1, 1924 and recorded with Norfolk District Deeds in Book 1603, page 129.

The land hereby conveyed shall be held by said Town forever for the public use of its Inhabitants for park, recreational and/or educational purposes,"

be and the same is hereby fully ratified and approved and said deed is hereby accepted by the Town on the conditions and for the purposes named therein.

Unanimous.

The following resolution under Article 3 was adopted:

Whereas, There has been conveyed by deed of gift by William H. Carter and the late Frank W. Gorse to the Town for the permanent benefit of its Inhabitants the land in Needham known as the Cricket Field; be it therefore hereby

Resolved, By the Inhabitants of the Town of Needham by their representatives in Town Meeting assembled that to show their appreciation for this act of generosity there be erected on an appropriate and conspicuous site on the Cricket Field a tablet or monument bearing the following inscription:

THE CRICKET FIELD

Dedicated to the use of the Inhabitants of the

Town of Needham forever by the generosity and

philanthropy of two esteemed citizens,

WILLIAM H. CARTER

FRANK W. GORSE

Be it hereby further

Resolved, That there be included in the budget to be submitted to the Town at the Annual Meeting in 1939 an item to defray the cost of such tablet or monument.

Article 4. To see if the Town will appropriate a sum not exceeding $17,500.00 for the use of the Welfare Department — on petition of the Board of Public Welfare.

Voted, That the sum of $17,500.00 be appropriated for the Welfare Department, as follows:

Old Age Assistance	$5,000 00
Mothers' Aid	2,500 00
Temporary Aid	10,000 00

said sums to be included in the tax levy for the year 1939.

Unanimous.

Article 5. To see if the Town will vote to amend its Zoning Map by changing from an institution district to a single residence district that section of the present institutional district bounded Northerly by the Needham-Wellesley Town line; Easterly by Brookside Road, Southerly by the present single family residence district and Westerly by the Sudbury River Aqueduct, as shown on a plan on file with the Planning Board — on petition of the Planning Board.

Voted, That the Zoning Map is hereby amended by changing from an institutional district to a single residence district that section of the present institutional district bounded:

Northerly by the Needham-Wellesley Town line;

Easterly by Brookside Road;

Southerly by the present single residence district and
Westerly by the Sudbury River Aqueduct,
as shown on a plan on file with the Planning Board.

Report of the Planning Board in regard to this question was read by the Chairman of the Board.

Article 6. To see if the Town will make an appropriation for the installation of water mains by transferring unexpended balances estimated to amount respectively to $3,500.00 and $3,900.00 remaining from the appropriations made under Articles 17 and 18 of the last Annual Town Meeting; or take any action relative thereto.

Voted, That the sum of $7,400.00 be appropriated for the installation of water mains and to meet said appropriation the sum of $3,500.00 be transferred from the balance remaining from the appropriation made under Article 17 and $3,900.00 be transferred from the balance remaining from the appropriation made under Article 18, of the last Annual Town Meeting.

Unanimous.

Article 7. To see if the Town will authorize the transfer of the unexpended balance estimated to be $1,800.00 remaining from the appropriation made for the construction of Mayflower Road from Great Plain Avenue to Alden Road under Article 31 of the last Annual Town Meeting, to the account of the Highway Division of the Department of Public Works for the reconstruction and maintenance of sidewalks; or take any action relative thereto.

Voted, That the sum of $1,800.00 be appropriated for the reconstruction and maintenance of sidewalks and to meet said appropriation the sum of $1,800.00 be transferred from the unexpended balance remaining from the appropriation made under Article 31 of the last Annual Town Meeting.

Unanimous.

Article 8. To see if the Town will vote to transfer $4,000.00 from the Sewer Assessment Reserve Fund to the Sewer Construction Account for the extension of the sewerage system and the payment of notes and interest due on construction obligations.

Voted, That the sum of $4,000.00 be transferred from the Sewer Assessment Reserve Fund to the Sewer Construction Account for the extension of the sewerage system and the payment of notes and interest due on construction obligations.

Unanimous.

Article 9. To see if the Town will appropriate a sum of money for the purpose of constructing a sewage pumping station on West Street, and for necessary land improvements and landscaping of grounds in connection therewith; authorize and direct the Selectmen to accept on behalf of the Town, for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; authorize the Selectmen to construct said project and contract with respect thereto; determine in what manner the money shall be raised and use any other available funds that may be raised by taxation or appropriated for the purpose; or take any action relative thereto.

Voted, That for the purpose of constructing a sewage pumping station on West Street and for necessary land improvements and landscaping of grounds in connection therewith and to enable the Town to accept the benefits of funds granted by the Federal Government under the Public Works Administration Appropriation Act of 1938, there be raised and appropriated the sum of $22,000.00, and that the sum of $12,100.00 be transferred from the appropriation made under Article 15 of the last Annual Town Meeting for this purpose; that all moneys received by way of grant from the Federal Government on account of this project shall be applied to meet the cost of construction thereof; that the Selectmen be and hereby are authorized, and

directed, to accept on behalf of the Town for use in carrying out such project, a Federal grant of money pursuant to the Public Works Administration Appropriation Act of 1938; that the Superintendent of Public Works, under the direction of the Selectmen, be and hereby is authorized to proceed with the construction of said project and to enter into all necessary and proper contracts and agreements in respect thereto, all subject to applicable Federal regulations; and said Superintendent and the Selectmen be and hereby are authorized to do all other acts and things necessary or convenient for obtaining said grant and constructing said project.

Unanimous.

Article 10. To see if the Town will vote to appropriate a sum of money for the purpose of improving Memorial Park, including the reconstruction of walks, drives, parking areas, track and field, extending water and drain pipes and landscaping the grounds in connection therewith, for the purpose of utilizing the entire property; authorize and direct the Selectmen to accept on behalf of the Town, and use, in carrying out such project, a Federal grant of money, pursuant to the Public Works Administration Appropriation Act of 1938; authorize the Trustees of Memorial Park to construct said project and contract with respect thereto; determine in what manner the money shall be raised and to use any other available funds that may be raised by taxation or appropriated for that purpose; or take any action relative thereto — on petition of Memorial Park Trustees.

Voted, That this article be dismissed.

Article 11. To see if the Town will vote to appropriate a sum of money for the purpose of constructing concrete bleachers on Memorial Park; authorize and direct the Selectmen to accept on behalf of the Town and use, in carrying out such project, a Federal grant of money, pursuant to the Public Works Administration Appropriation Act of 1938; authorize the Trustees of Memorial Park to construct said project and contract with respect thereto; determine in what manner the money shall be raised and to use any other available funds that may be raised by taxation or appropriated for that purpose; or take any action relative thereto — on petition of Memorial Park Trustees.

Voted, That this article be dismissed.

Article 12. To see if the Town will appropriate a sum of money for the eradication of mosquitoes; or take any action relative thereto — on petition of G. Waldo Crawley and others.

Motion of Finance Committee to dismiss not carried — and on substitute motion it was *Voted:* That the sum of $1,000.00 be appropriated for the Public Works Department for the eradication of mosquitoes, same to be transferred from the unappropriated surplus funds of the town, this appropriation to be contingent upon an appropriation by the Federal Government for the project. Unanimous.

The business of the meeting having been completed at 9.35 P. M., It was *Voted* to adjourn.

E. BERTHA BEHNKE,
Town Clerk.

RECORD OF THE STATE PRIMARY

September 20, 1938

Pursuant to the warrant issued by the Selectmen, September 6, 1938, a meeting of the inhabitants of the Town of Needham qualified to vote in elections and in Town affairs was held in the Town Hall in said Town on Tuesday, the twentieth day of September in the year nineteen hundred and thirty-eight at 6.45 o'clock in the forenoon for the purpose of nominating State and County officers.

The meeting was called to order by Selectmen William P. Brown, who also read the Warrant and officer's return.

The ballot clerks and tellers appointed by the Selectmen were sworn to the faithful performance of their duties.

Cards of instruction and specimen ballots were posted as required by General Laws.

The packages of ballots received from the Secretary of the Commonwealth were delivered to the ballot clerks and receipt taken therefor.

The ballot boxes were publicly opened and shown to be empty with the registers set at 00,000, then locked and the key given to Russell C. Williams, the officer in attendance at the polls.

The polls were opened for the reception of ballots at 6.45 o'clock in the forenoon, and in pursuance of the Warrant were kept open until eight o'clock in the evening.

At 11.35 o'clock 950 ballots were taken from the ballot box.
2.45 " 500 " " " " " " " "
4.55 " 500 " " " " " " " "
6.10 " 500 " " " " " " " "
7.15 " 550 " " " " " " " "
8.00 " 509 " " " " " " " "

making a total of 3,509 ballots cast.

The following is a tabulation of votes by districts:

District	REPUBLICAN Male	REPUBLICAN Female	DEMOCRATIC Male	DEMOCRATIC Female	Total
1	348	361	24	16	749
2	370	380	20	12	782
3	328	340	38	29	735
4	316	308	25	32	681
5	283	227	28	24	562
	1,645	1,616	135	113	3,509

The ballots were duly sorted and counted and resulted as follows, *viz.*:

The business of the meeting being completed, all the ballots cast, and the undistributed ballots were endorsed and sealed by the election officers and placed in the custody of the Town Clerk.

Declaration of the result of the votes cast was made by Selectman Ray C. Hall, and the meeting was dissolved at 12.30 o'clock, A.M., September 21, 1938.

Attest:

E. BERTHA BEHNKE,
Town Clerk.

RECORD OF THE STATE ELECTION

November 8, 1938

Pursuant to the warrant issued by the Selectmen October 27, 1938, a meeting of the inhabitants of the Town of Needham qualified to vote in elections and in town affairs was held in the Town Hall in said Town on Tuesday, November 8, 1938, at forty-five minutes past six o'clock in the forenoon.

The meeting was called to order by Selectman Julius F. Haller, who also read the warrant and officer's return.

Pursuant to Chapter 54, Section 21 of the General Laws, the ballot clerks and tellers appointed by the Selectmen were sworn to the faithful performance of their duties.

Cards of instruction and specimen ballots were posted as required by Chapter 54, Section 48, of the General Laws.

The ballots furnished by the State for use at this election were delivered to the ballot clerks and their receipt taken therefor.

The ballot box was opened and shown to be empty. It was then locked and the key delivered to Russell C. Williams, the officer in attendance.

The polls were opened at forty-five minutes past six o'clock in the forenoon and kept open until eight o'clock in the afternoon.

The ballots were taken from the box by the Selectmen and counted.

In the first fifteen minutes 130 had voted; at the end of the first hour 555 had voted; and at eight oc'lock 800 had cast their vote.

At 9.12 o'clock 1,088 ballots were taken from the box.

QUESTION No. 1

Proposed Amendment to the Constitution

Shall an amendment to the Constitution providing for biennial sessions of the General Court and for a biennial budget which is further described as follows: —

This amendment annuls all existing provisions of the Constitution and its prior amendments which require annual sessions of the General Court, commonly known as the Legislature, and provides for biennial sessions in their place. It also provides that the budget of all proposed expenditures of the Commonwealth shall be so prepared as to cover two fiscal years instead of only one as at present required — which proposed amendment was approved by the General Court and in a joint session of the two branches held May 27, 1936, received 141 votes in the affirmative and 117 in the negative, and in a joint session of the two branches held May 19, 1937, received 158 votes in the affirmative and 112 in the negative, — be approved?

Yes	2,749
No	1,442
Blanks	1,793

QUESTION No. 2

Law Proposed by Initiative Petition

Shall the proposed measure which provides that in any city or town which accepts its terms, the licensing authorities shall establish free public taxicab stands for the use of all taxicabs and motor vehicles for hire whose owners are licensed within such city or town, and shall abolish all other forms of taxicab stands on any public highway within such city or town — which was disapproved in the House of Representatives by a vote of 96 in the affirmative and 109 in the negative and in the Senate by a vote of 4 in the affirmative and 35 in the negative, be approved?

Yes	1,778
No	2,883
Blanks	1,323

To obtain a full expression of opinion, voters should vote on all three of the following questions: —

(*a*) If a voter desires to permit the sale in this city (or town) of any and all alcoholic beverages to be drunk on and off the premises where sold, he will vote "YES" on all three questions.

(*b*) If he desires to permit the sale herein of wines and malt beverages only to be drunk on and off the premises where sold, he will vote "NO" on question one, "YES" on question two and "NO" on question three.

(*c*) If he desires to permit the sale herein of all alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on questions one and two and "YES" on question three.

(*d*) If he desires to permit the sale herein of wines and malt beverages to be drunk on and off the premises where sold and in addition other alcoholic beverages but only in packages, so called, not to be drunk on the premises where sold, he will vote "NO" on question one and "YES"on questions two and three.

(*e*) If he desires to prohibit the sale herein of any and all alcoholic beverages whether to be drunk on or off the premises where sold, he will vote "NO" on all three questions.

1. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

Yes	1,363
No	3,802
Blanks	819

2. Shall licenses be granted in this city (or town) for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

Yes	1,481
No	3,597
Blanks	906

3. Shall licenses be granted in this city (or town) for the sale therein of all alcoholic beverages in packages, so called, not to be drunk on the premises?

Yes	2,095
No	3,168
Blanks	721

1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

Yes	2,421
No	2,690
Blanks	873

2. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

Yes	1,922
No	3,072
Blanks	990

The business of the meeting having been completed ,all the ballots cast and the undistributed ballots, with the check sheets used by the checkers, were endorsed and sealed up by the election officers and placed in the custody of the Town Clerk.

Declaration of the result of the votes cast was made by Selectman William P. Brown and the meeting was dissolved at 11.30 P.M.

Attest: E. BERTHA BEHNKE,
Town Clerk.

VOTE FOR REPRESENTATIVES

First Norfolk District

NOTICE

The attention of parents is called to the law relating to the registering of Births. The present requirements are as follows:

Chapter 29, Section 6, of the Revised Laws. Parents, within forty days after the birth of a child . . . shall cause notice thereof to be given to the clerk of the town or city in which such child is born.

Section 8. A parent . . . who neglects so to do for ten days after the time limited therefor, . . . shall forfeit not more than five dollars for each offense.

Attention of Physicians and Midwives is called to Chapter 279, Section 1, Acts of 1912.

Section 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of the ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense.

In accordance with the provisions of the law, the Town Clerk is prepared to furnish to parents, physicians and mid-wives applying therefor, blanks for return of births as required by law.

NOTICE

Persons who intend to be joined in marriage in this Commonwealth shall, not less than five days before their marriage, cause notice of their intention to be entered in the office of the clerk or registrar of the city or town in which they respectively dwell or if they do not dwell within the Commonwealth, in the office of the clerk or registrar of the city or town in which they propose to have the marriage solemnized.

Chapter 151, Section 29, Revised Laws

If a marriage is solemnized in another state between parties living in this Commonwealth, who return to dwell here, they shall within seven days after their return, file with the clerk or registrar of the city or town in which either of them lived at the time of their marriage, a certificate or declaration of their marriage, including the facts relative to marriage which are required by law, and for neglect thereof shall forfeit ten dollars.

REPORT OF THE BOARD OF SELECTMEN—1938

To the Voters of the Town of Needham:

The following is submitted as the 257th Annual Report of the Board of Selectmen.

After giving much thought and study to the question of Town and State Elections, the Board wish to recommend at this time that Precinct Voting be seriously considered and adopted in the near future.

As the parking problem is constantly being presented to the Board, it is thought advisable to suggest that concerted consideration be given to the use of part of Greene's Field as a possible parking area, in an endeavor to relieve the congested parking in the vicinty of the Christian Science and Baptist Churches and the business district.

Owing to the increased number of petitions received for Board of Survey hearings, which entail an advertising expense, it was deemed advisable by the Board to have the petitioners pay the cost of advertising, which procedure will be continued in the future.

During the year the following Board of Survey hearings were held and the streets approved in accordance to law:

Tentative lay-out of Homestead Acres, sub-divided as follows:

Mackintosh Avenue
Mason Road
Pratt Road
Fuller Brook Road
Howe Road
Knollwood Road
North Hill Avenue

Sub-division of land owned by John Stevens, Block B.

Newbury Park
Ingleside Road
Concord Street Extension
Clark Road Extension
Florence Street
Frederick Park

The Board of Selectmen wish to recommend that the Planning Board accept Chapter 211, General Laws, whereby the Planning Board act as the Board of Survey, providing that an article is presented in their report to the Town Meeting making the Board of Selectmen the Board of Appeal under this law.

Recommendation has been filed by the Board with Representative Leslie B. Cutler to present a bill in the Legislature permitting the position of the Superintendent of Public Works to be placed under Civil Service.

During the year the question of the purchase of a new piece of apparatus by the Fire Department was presented to the Board.

The following sealed bids were received:

American LaFrance Co.	$9,000.00
Ahren's Fox	9,000.00
Seagrave	9,000.00
Maxim	8,952.00
Buffalo	8,550.00
Mack	8,475.00
Peter Persch	8,134.00
General Motors	8,247.77
Autocar Company	7,551.00
Sealand	7,644.00
Sealand with International Chassis	6,984.00

The Board visited neighboring cities and towns where they inspected such apparatus as was available in the vicinity of greater Boston. There were certain makes of apparatus in New England which were not of the type in which they were interested.

The Chief in his report recommended that a Maxim Pumper be purchased. However, as the Board gave each representative who presented sealed proposals an interview to explain his apparatus and specifications, and as they had spent considerable time in very carefully examining the qualifications of each model, as well as giving serious consideration to the matter of servicing in case of trouble (the Mack Service station being in Brighton, which is within eight miles of Needham and the Maxim Company in Middleboro, approximately forty miles away; it was the unanimous opinion of the Board that the Mack truck would be as beneficial to the Town as the piece recommended by the Chief and could be purchased at a saving to the Town of $477.00. The Chief, however, felt that he desired the purchase of a Maxim truck, but, as the law provides that a Chief may purchase only with the approval of the Selectmen and as no agreement could be reached, the matter was left in abeyance. The Board's final decision was to ascertain as to whether or not it was really necessary to purchase a new piece of apparatus. In order to make an intelligent decision, they have asked the New England Fire Insurance Rating Association to make a test of our apparatus. Report of which will be filed in the near future.

The matter of the appointment of a Chief of the Fire Department, to succeed Chief Quinlan who retired as of midnight, December 31, 1938, came before the Board at the close of the year. After very careful consideration, based upon fundamental qualifications calculated to serve the best interests of the town and to promote the efficiency of the Fire Department, Captain Richard M. Salamone was appointed Chief of the Fire Department.

The Board wish to express their appreciation to the Boston Edison and N. E. Telephone & Telegraph Companies, the Police, Fire, Public Works and other Departments for their efficient work and co-operation in the rehabilitation work caused by the storm and hurricane of September 21, 1938.

Respectfully submitted,

WILLIAM P. BROWN, *Chairman,*
JULIUS F. HALLER, *Secretary,*
RAY C. HALL,
Selectmen of Needham.

REPORT OF TOWN COUNSEL

January 23, 1939.

Board of Selectmen, Town Hall, Needham, Mass.

Gentlemen: — I herewith submit my report as Town Counsel for the year 1938:

The following cases have been tried or disposed of:

1. Under the will of the late Mrs. Julia A. Kingsbury, a former resident of Needham, the Hospital was named as a contingent beneficiary of the entire estate approximating $100,000. A claim was made by an heir at law of Mrs. Kingsbury against the Estate seeking approximately one-half thereof. This case was contested and fully tried in the Probate Court at Cambridge, case No. 213831, and the claim was disallowed. For information relative to the contingency upon which the gift to the Town rests reference is made to a photostatic copy of the will and other documents on file in the office of the Town Treasurer.

2. The bill in equity to reach and apply the interest of a husband in the estate of his late wife for relief and support furnished her by the Welfare Department which is referred to in my last report was disposed of by a settlement with the approval of the Board of Public Welfare for $200.

3. The case of Florence E. McAleney for sidewalk injuries referred to in my last report was settled when the case was actually reached for trial upon my recommendation and your approval for $350.

4. A bill in equity in the Superior Court at Dedham was brought on behalf of the Town to require the discharge of a mortgage which had been placed on real estate of a recipient of Old Age Assistance from the Town and which was given without consideration but which of record was senior to a mortgage held by the Town. The mortgage complained of was discharged without the necessity for trial.

5. Appeals to the Appellate Tax Board by Boston Five Cents Savings Bank, Estate of John B. Walker and Marjorie C. Forbes were heard and abatements granted.

6. An appeal by Carrie L. Adams to the Appellate Tax Board was settled with the approval of the Board of Assessors when reached for trial.

7. It was necessary to take an active part in connection with the hearings before the Massachusetts Department of Public Utilities relating to the proposal of the Railroad to curtail and eliminate service. I also attended the hearing before the Federal Court at New Haven. It was necessary to spend a great deal of time on this matter.

8. Eight new petitions to foreclose tax titles in the Town were brought in the Land Court. Decrees of foreclosure were entered by the Land Court in two cases; three petitions were withdrawn by the payment of the taxes and eight cases are now pending.

9. The registration of the title to Lot 3 on Wilshire Park owned by the Town was completed in the Land Court.

I also appeared before several legislative Committees on bills affecting the Town.

The following matters are now pending:

1. Action by Bennett S. Ferguson et al, Trustees, for damages for a taking for sewer purposes in 1930. The circumstances of this case have been set forth in my previous reports.

2. An action by the Town of Middleboro to recover for temporary aid to children alleged to have a legal settlement in Needham. This claim is contested.

3. An action in the Suffolk County Superior Court by the City of Boston for aid and relief furnished persons alleged to be settled in Needham but residing in Boston. In this action there is a counter claim by Needham against Boston.

4. An action by Catherine Pratt Jordan, a former school teacher, to recover the amount of the reduction in her salary at the time that the general salary reductions were made.

5. An appeal to the Appellate Tax Board by Arthur T. Nelson, Tr.

6. Actions for injuries alleged to have been received in Town Ways by Alton Adams and Estate of Bertha Weltman.

7. Claims for injuries alleged to have been received in Town Ways by Eileen Smith, Georgia A. Fox, Philip Stern, Bertha H. Jefferson and John J. Winston. No actions have been brought in these matters.

I have attended nearly all your meetings, rendered numerous opinions to the several Town departments, including forty-one written opinions, prepared and approved deeds, mortgages and other legal documents. The routine work of this office has shown a marked increase in the last two years due to the growth of the Town the details of which are not set forth here but which are ascertainable from my records.

Respectfully submitted,

GILBERT W. COX,
Town Counsel.

REPORT OF THE POLICE DEPARTMENT

January 21, 1939.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the annual report of the Police Department for the year ending December 31, 1938.

I wish to thank the Honorable Board for the courtesies shown me this past summer while I was off duty, sick. I also wish to commend the two Sergeants for the efficient way in which they handled the affairs of the department during my absence. The officers were also very loyal in their work, and put in considerable long hours due to the unfortunate drowning accident in the Charles River, July 2, and the Hurricane, September 21.

We had one serious break this year, the office of Willett and Chadwick Coal Co., in which the safe was smashed, and the money stolen. This was most likely the work of professional burglars. The First National Store at Bird's Hill was also broken into. Through the efficient work of Officer Wainwright the guilty person was caught, and returned to the Concord Reformatory from which he was on parole.

Due to the extra work and duties assumed by this department, I have asked in my annual budget for 1939, that two new officers be appointed to this department. I hope that the citizens of the town will support this request at the town meeting.

I have also asked for another two-way radio for the Chief's car which would make it possible to contact the station from all of the cars.

I recommend that a new traffic signal be installed by the Department of Public Works at the corner of Great Plain Ave. and Chapel, and Chestnut Streets. Also that all the other traffic signals be transferred from the Police Department, to the Department of Public Works.

Other duties performed by the department are contained in my report which follows.

In conclusion I wish to express my thanks to the Board of Selectmen, and residents of the Town for their continued co-operation and support.

Respectfully submitted,

ARTHUR P. BLISS,
Chief of Police.

January 21, 1939.

To the Honorable Board of Selectmen:

Gentlemen: — In compliance with the By-Laws of the Town of Needham, I herewith submit my report of the accidents which happened in 1938.

Number of Automobile Accidents	85
Number of Warnings Sent by Registrar	94
Number of Licenses Suspended Due to Investigation of Accidents, and Other Reasons	88
Number of Bicycles Taken From Children not Properly Equipped.	18
Fatal Accidents	4

These fatal accidents were very unfortunate, one was a very old man, two aged women, and one a young child. As a result of three of these accidents, the operators were convicted in court of Operating to Endanger. On the young child the court ruled that the operator was in no way responsible, as the child ran into the rear wheel of the truck.

During the later part of 1938, we started a campaign against speeders, and set a 25-mile an hour limit through the town. The names of all violators were sent to the Registrar of Motor Vehicles. This campaign is still in effect in 1939, and will continue until the speed problem is well under control.

Respectfully yours,

ARTHUR P. BLISS,
Chief of Police.

REPORT OF THE CHIEF OF THE FIRE DEPARTMENT

Needham, Mass., Dec. 31, 1938.

To the Honorable Board of Selectmen:

Gentlemen: — I respectfully present the report of the Fire Department for the year ending December 31, 1938, the fifty-third of the Department, together with that of the Fire Alarm, Forest Warden, and Petroleum Inspector.

The Manual Force

The manual force of the Fire Department consists of thirty-six men as follows: the permanent force, Chief, two captains, one lieutenant; and twelve men; the call force, one deputy chief, one captain, and sixteen men, and two substitutes.

Apparatus

The Department is equipped with six pieces of motor apparatus as follows: one Chief's car, a Buick coupe, one Maxim 1,000-gallon pumping engine, one American La-France ladder truck, one White Combination hose and booster pump, one Buick forest fire truck at Station No. 1; one White 600-gallon pumping engine at Station No. 2.

Hose

An inventory of hose at the present time shows the following: 1,300 feet of 1½-inch hose, 200 feet of 3-inch hose, 6,150 feet of 2½-inch hose, and 1,050 feet of booster hose.

Mutual Aid

Again I am pleased to report the successful and beneficial operation of the Mutual Aid System with the City of Newton and the Town of Wellesley during the year 1938, Newton answering nine calls to Needham and Wellesley 14 calls.

Needham was called upon only three times during the year for out-of-town service, two to Dover and one to Newton.

Fire Prevention

Due to our continued attention to the work of Fire Prevention the Town of Needham has enjoyed the lowest insurance loss by fire during the year 1938 of any during the history of the Department, namely, $970.00.

The usual fire drills were held at all schools during Fire Prevention week under the direction of the Chief.

FIRE ALARM DEPARTMENT

During the year just closed seven new fire alarm boxes have been installed as follows: Birds Hill and Hillcrest Road, May and Garden Streets, Forest and Glendale Roads, Tower and Lexington Streets, Burnside and Concord Streets, Plymouth Road, and Woodlawn and Otis Street.

Although the severe storm of September 21, disabled the entire fire alarm system, Assistant Superintendent Leo Brady, with the assistance of the members of the Fire Department, was able to have the system back in service September 25th, with the exception of two boxes which were on poles that had been broken down.

I wish here to make acknowledgment of my grateful appreciation of the co-operation received from the various Town Departments during the year, and to thank the men of the Fire Department for their continued loyalty to duty.

Respectfully submitted,

T. ROBERT QUINLAN,
Chief of Fire Department.

FOREST WARDEN

During the year there were 937 permits issued for the burning of brush, grass, and rubbish.

Residents requiring to build a fire in the open must obtain permits at all times during the year except at such times as the ground is covered with snow. These permits may be obtained at Fire Headquarters, Needham, or at Station No. 2, Needham Heights.

The following are the extracts from the Massachusetts Forestry Fire Laws:

Setting Fires in the Open Air

Chapter 401, Acts of 1930. No person shall set, maintain or increase a fire in the open air at any time unless the ground is substantially covered with snow, except by written permission, covering a period not exceeding

ten days from the date thereof, granted by the forest warden or chief of the fire department in cities or towns, or, in cities having such an official — the fire commissioner; provided, that debris from fields, gardens and orchards, and leaves and rubbish from yards, may be burned on ploughed fields by the owners thereof, their agents or lessees, if such fire is at least two hundred feet distant from any sprout or forest land and at least fifty feet distant from any building and is properly attended until extinguished; and provided, further, that persons above the age of eighteen may set or maintain a fire for a reasonable purpose upon sandy land, or upon salt marshes or sandy or rocky beaches bordering on tide water, if the fire is enclosed within rocks, metal or other non-inflammable material. The forester may make rules and regulations relating to the granting and revocation of such permits binding throughout the Commonwealth. Such rules and regulations shall take effect subject to Section thirty-seven of Chapter 30, when approved by the Governor and Council. The forest wardens in towns and officials performing the duties of forest wardens in cities shall cause public notice to be given of the provisions of this Section and shall enforce the same. Whoever violates any provision of this section shall be punished by a fine of not more than one hundred dollars or by imprisonment for not more than one month, or both.

PETROLEUM INSPECTOR

Permits issued for the storage of fuel oil in connection with Domestic oil burners	181
Permits issued for the storage of range oil in connection with Range burners	85
Total	266
Total number of gallons stored in connection with the above burners	54,540

Summary for the Year

The total number of alarms for the year was 241, of which 126 were bell alarms, and 115 were still alarms.

The amount of hose used during the year was 1,250 feet, the number of booster tanks used was 80, and there were 507 feet of ladders raised in the extinguishing of fires.

The following is a brief summary and classified as follows:

Automobiles 11, Brush 37, Chimneys 16, Emergency calls 7, Frame buildings 22, False Alarms 4, Grass 66, Needless 11, No-School-Signals 14, Out-of-Town calls 3, Special calls 23, and 21 Miscellaneous.

Valuation, Insurance and Loss of Property, from January 1, 1938, to December 31, 1938:

Assessed value of buildings	$61,450.00
Insurance on buildings	142,400.00
Value of contents	11,500.00
Insurance on contents	18,700.00
Total insurance paid on buildings	682.00
Total insurance paid on contents	290.00
Total insurance paid on automobiles	1,235.00

REPORT OF SEALER OF WEIGHTS AND MEASURES

December 31, 1938.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit my report as Sealer of Weights and Measures Protem for the year ending December 31, 1938.

203 Scales were tested.
190 Scales were sealed.
1 Scale condemned
10 Public School scales, 1 Visiting nurse scale and 1 Board of Health scale, tested and sealed but no fee charged.
85 Gasoline pumps were tested and sealed
6 Gasoline pumps tagged "Not sealed".
16 Measures tested and sealed.
13 Oil truck meters tested and sealed.

I stopped three peddlers from doing business in Needham because they were not licensed.

I made approximately 60 re-weighings of closed package goods, bags of potatoes, bags of coal, etc., in various stores.

I collected and turned over to the Town Treasurer $116.10 in fees for which I hold receipts.

Respectfully submitted,

EARL W. RICHWAGEN,

Sealer.

REPORT OF DOG OFFICER

January 1, 1939.

To the Honorable Board of Selectmen:

Gentelemen: — I herewith submit my report for December 31, 1938. Ten Hundred and Ninty-eight dogs were licensed, one fifty and two twenty-five dollar kennel licenses were issued during the year. Fifty-one dogs less than last year. A number of valuable dogs were killed by automobiles.

Respectfully submitted,

WILLIAM W. HEWETT,

Dog Officer.

REPORT OF THE BUILDING INSPECTOR

Needham, Mass., December 31, 1938.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the twenty-sixth annual report of this department. The estimated cost of construction; a total for the year of $825,144, is shown by the monthly issue of permits as follows:

	No. of Permits	Estimated Value
January	13	$51,900.00
February	14	52,150.00
March	17	58,550.00
April	20	67,440.00
May	23	67,330.00
June	26	85,474.00
July	18	71,275.00
August	16	43,675.00
September	19	66,135.00
October	84	70,175.00
November	19	88,875.00
December	16	102,164.00
Total	285	$825,144.00

The Building Permits are classified as follows:

Dwellings	102	$627,600.00
Garages	35	11,185.00
Miscellaneous	24	28,065.00
Additions and Alterations	59	51,525.00
Town Property	6	99,689.00
Church Property	2	29,000.00
Demolitions	23	131,549.00
Hurricane	128	24,480.00

The amount collected for permits and turned over to the Town Treasurer for the use of the Town is as follows:

Buildings	$933.75	
Cesspools	190.00	
Plumbing	1,181.50	
Gas	142.00	
Wiring	1,266.00	
Total		$3,713.25

The hurricane caused about $40,000 damage as near as can be estimated by reports filed at this office. There was no fee charged for hurricane repairs. The hurricane destroyed one dwelling, several barns and garages which were taken down and not rebuilt.

Mr. Fred E. Cookson was appointed Plumbing Inspector May 1st to give full time to the position and is at the Town Hall every morning from 9 to 12.

May we, at this time, thank the Board of Selectmen and the other town departments for the help they have given us this year.

Respectfully submitted,

WILLIAM S. CASSIDY,
Inspector of Buildings.

REPORT OF WIRE INSPECTOR

To the Honorable Board of Selectmen:

January 17, 1939.

Gentlemen:—I hereby submit my report for the year 1938 as Inspector of Wires.

The number of permits issued each month and the revenue received therefrom was as follows:

	Permits	Revenue
January	36	$102.25
February	36	88.25
March	47	146.00
April	40	106.25
May	36	92.00
June	46	138.25
July	51	145.25
August	39	92.00
September	45	93.75
October	46	115.25
November	31	60.00
December	37	86.75
	490	$1,266.00

In addition to the permits listed above (which were issued under normal conditions) two hundred and ninety-three others were also issued for the months of September, October and November, for which no charge was made as the work entailed by the permits were caused by the hurricane and it was felt that the Town would have no desire to burden its citizens with further expense.

These additional permits brought the total issued to seven hundred and eighty-three (783), all of which necessitated an average of two inspections for each permit.

For the year 1937 there were six hundred and seventy (670) permits issued and the revenue derived therefrom was $1,734.25.

The new service which was added to the duties of this office in 1937 — of making frequent inspections of the wiring in our public buildings, so as to eliminate losses by fire and bodily injuries due to faulty wiring, has been carried on with fine co-operation on the part of our public officials and the owners of buildings used by the general public.

Copies of the rules and regulations governing the installation of wires or appliances may be obtained at the office of the Inspector of Wires, Town Hall, between 9.00 A.M. and 12.00 Noon. Permits must be obtained before any wiring or electrical work is started.

Respectfully submitted,

CLYDE E. COOKSON,
Inspector of Wires.

REPORT OF THE TRUSTEES OF THE GLOVER MEMORIAL HOSPITAL

January 1, 1939.

Honorable Board of Selectmen:

Gentlemen: — The Trustees of the Glover Memorial Hospital in making this report, feel that excellent work has been done during the past year in our institution, in relieving the suffering and tenderly ministering to all who have availed themselves of its privileges.

It has proven to be a haven of refuge in emergency and accident cases, and prompt aid and efficient treatment has been given. Our facilities have been utilized, especially of late, in caring for quite a number who were brought to us as a last resort, apparently beyond human aid, but everything possible has been done for their benefit and comfort.

We are very grateful for a Humidicrib, which has been added to our nursery, through the thoughtful bequest of one who loved children. This

incubator can be used in cases of premature or underweight babies, furnishing the proper heat and moisture to help conserve their feeble strength and perhaps save their lives.

In addition, an oxygen tent has been given us by the Hospital Aid Association. This up-to-date apparatus is filling a great need in cases of pulmonary and cardiac cases. This donation is another evidence of the helpful spirit these devoted ladies have always displayed. Such unselfish generosity, as well as the wonderful work they are doing in mending and making garments, linens, curtains, etc. is much appreciated.

Our X-Ray department is being used more and more with fine results for both patients and doctors.

The Doctors' Club meets regularly in our building and are fostering a genuine spirit of co-operation and loyalty toward our hospital. During the past year several physicians in neighboring towns have requested to become members of our staff.

During the early months of the year many found it necessary to receive hospital treatment, but during the late summer and fall there has been less demand for hospital beds. This condition has prevailed in every hospital in Greater Boston. We have curtailed personnel and other expenses to offset this decrease in revenue.

Everything is being done to maintain the excellent reputation our hospital enjoys. To restore to health and usefulness, all who come under our care is our constant aim.

We are fully aware of the unsettled economic conditions, and while doing our utmost to be of service, yet are always mindful of our duty to those who are trusting us to safeguard their interests.

Respectfully submitted,

JAMES M. McCRACKEN, *President,*
MARGARET O. CHASE,
ADAH G. FULLER,
GEORGE A. LORD,
PARKMAN D. HOWE,
WILLIAM MITCHELL, M.D.,
DAVID E. MANN, M.D.,
Glover Memorial Hospital Trustees.

SUPERINTENDENT'S REPORT

January 27, 1939.

To the Honorable Board of Selectmen, Trustees of the Glover Memorial Hospital, and Citizens of the Town of Needham:

I submit the following brief report of the work carried on in the Glover Hospital for the year ending December 31, 1938:

Number of patients admitted	645
Number of male patients	270
Number of female patients	375
Number of out-patients	223
Number of out-patients visits	288

Number of maternity cases	65
Number of births	66
Deaths:	
Adults	20
Children	1

Donation day, October 27, 1938, brought the usual generous response from our fellow townspeople, and to all who were so thoughtful we wish to express our appreciation at this time. Many remembered us during the year with magazines, subscriptions, books, old linens, flowers, etc., and to those who aided us in this manner we are indeed indebted. The Ladies' Aid have given generously of their time and funds throughout the year, purchasing new supplies, and repairing those already in use. The town has been saved a great deal by their generosity.

While our report indicates a slight falling off in hospitalization for the year in line with most other hospitals, still we had many days when we were forced to install beds in the Board Room to meet demands made upon us, and there were times when these were not sufficient to meet the needs.

The hospital is serving the town, attempting to meet all calls made upon it, and with our new equipment, the X-Ray Rooms, Oxygen Tent, Humidicrib and our modern Operating rooms we are in a position to compete with other hospitals in modern medical and surgical advancement.

In submitting this report we thank all who have aided us during the year and trust that the report may be interesting to them.

BESSIE J. YOUNG, R.N.,
Superintendent.

REPORT OF STATE AID, MILITARY AID AND SOLDIERS RELIEF

To the Honorable Board of Selectmen:

Gentlemen:—The report of the activities in State Aid, Military Aid and Soldiers' Relief for the year 1938 is herewith submitted:

Year	State Aid	Military Aid	Soldiers' Relief
1929	$18.00	$240.00	$1,570.00
1930	00.00	30.00	5,146.90
1931	24.00	00.00	8,018.23
1932	72.00	90.00	14,783.01
1933	30.00	235.00	17,157.03
1934	320.00	270.00	14,900.66
1935	330.00	300.00	13,655.04
1936	120.00	560.00	10,172.70
1937	60.00	822.50	10,133.47
1938	30.00	1,225.00	13,798.09

As compared with 33 cases representing 139 persons aided during 1937—55 cases representing 228 persons were beneficiaries in 1938. The general business conditions, while considered better generally, had little effect upon the cost of relief of this department.

Due to the increased numbers being re-admitted to relief, Wood Cutting was resumed in December. The lack of WPA, and/or Town activities in the first and last periods of the year contributed largely for the necessity to aid able-bodied men.

Medical needs have increased and are likely to continue at a high level during 1939.

The appropriations requested for 1939 are:

Soldiers' Relief	$14,000.00
Military Aid	1,500.00
State Aid	200.00
Deficiencies of 1938	300.00

Respectfully submitted,

FRANCIS J. STANWOOD,
Agent.

THE ANNUAL REPORT OF MEMORIAL PARK TRUSTEES FOR THE YEAR 1938

January 20, 1939.

To the Honorable Board of Selectmen:

New work on Memorial Park consisted of building a permanent walk from the Fountain to Highland Avenue and the constructing of two dry wells. The parking area was patched with Tarvia and the fields were fertilized and reseeded.

The fields and track were used to the utmost from early Spring through the year. Not only do the school organizations make full use of it for their athletic training and games during the school year but, town groups and teams play Football, Baseball, Soft Ball, and Cricket during the summer and fall.

Mr. Harold Pike, our new caretaker, is an expert in the care of grass and his all round knowledge of construction, concrete work, machinery, etc., makes him very valuable to the Park.

The Needham Post 14, American Legion have been most co-operative with the Trustees and with Community organizations giving the use of their home to the Visiting Nurse Association every week for a clinic, the Board of Health and Boy and Girl Scout Troops.

T. JAMES CROSSMAN,
On behalf of the Trustees of Memorial Park.

REPORT OF PLANNING BOARD

The following is a condensed report on the activities of your Planning Board during the year 1938.

Regular meetings were held every Tuesday night. Many of the Town's citizens, and others with problems pertaining to the Zoning Laws, have come before the Board and have found all its members ready and willing at all times to give advice and assistance. The usual number of cases relative to planning and zoning have been reviewed and passed in a fair and impartial manner.

At the invitation of the Selectmen, the Planning Board has attended all hearings before the Board of Survey and has co-operated in every possible way.

The two Zoning changes of the year were as follows: —

1. Changed from a general residence district to a manufacturing district the land between Highland Avenue to the railroad track fronting on the Circumferential Highway. This change was presented to the Town at the March Meeting and approved.

2. Changed from an institutional district to a single residence district a section of the institutional district. This change was presented to the Town at the Special Town Meeting in September and approved.

In the new Building Inspector, Mr. William S. Cassidy, who is the enforcement officer for the Planning Board, the Board has found a most cooperative Town Official.

The Board has made a study of recreational activities in the Town, and in connection with this requested the National Recreation Association to make a survey of the town's recreational facilities. This survey has been completed and an extensive report filed with this Board which report will undoubtedly be used as a basis for further action.

The Board has given further thought and studied the question of increasing lot sizes from the present minimum of 7,000 feet and has also studied the benefits of the increased lot size zoning laws as they are in operation in other towns.

This report would not be complete without a word of appreciation for the splendid co-operation which the Planning Board has received at all times from the other Town Officials and their respective departments.

Respectfully submitted,

HERBERT L. MOORE, *Chairman*,
WALTER R. CLARENBACH, *Secretary*,
ARTHUR W. ROHN,
PAUL U. NICKERSON,
CARLETON D. MORSE.

REPORT OF THE SUPERINTENDENT OF PUBLIC BUILDINGS

To the Honorable Board of Selectmen:

I am hereby submitting my second annual written report as superintendent of public buildings in Needham. This report lists and describes all major repair work done during the year including all work whether or not done under my direction.

Extensive Schoolhouse Repairs

During the past year the most extensive repairing of school buildings ever undertaken in Needham has been consummated. This has included: (a) very extensive waterproofing of walls and roof repairs at the senior high school; (b) general repairs to all school buildings; (c) somewhat extensive repairs to heating plants, including the replacement of the boilers in the junior high school building and also the connection of the Emery Grover School to that heating plant; (d) and a project for restoration of hurricane damage.

Other Town-Building Repairs

Somewhat extensive repairs to other town buildings have been in progress during the year. This has included: (a) a new steam boiler and oil burner at the town hall; (b) a new floor in the main hall at the town hall; (e) installation of drying facilities at the nurses' home; (f) painting of the exterior and extensive interior painting including resanding all the floors at the town library; (g) installation of two overhead doors in the garage at the police station; (h) tearing down the old Harris School (lumber given to the Boy Scout organization).

These are the main items of major repairs. I shall now attempt to describe the repair work in the schools in somewhat greater detail.

Large Appropriation for Schoolhouse Repairs

The last town meeting granted an appropriation of $6,500.00 for general repairs to school buildings and equipment. A special appropriation of $28,000.00 was made for special repairs at the senior high school and later the Finance Committee transferred an additional $5,650.40 from the reserve fund for the transfer of two steel tubular boilers from the Pumping Station on Dedham Avenue to the Junior High School. The Finance Committee also transferred $975.00 for hurricane damage.

Waterproofing and Roof Repairs at Senior High School

In the early summer the Western Waterproofing Corporation of Boston was given the contract for waterproofing the walls of the Senior High School. The Eagle Cornice and Skylight Works of Cambridge was awarded the contract for flashing and other roof repairs at that building.

Near the beginning of winter the Eagle Cornice and Skylight Works was given an additional contract for removing valleys and changing them from closed valleys to open valleys, repairing slate roof damaged by the recent hurricane, repairing flashing around the chimneys and vent flues, furnishing and installing five new conductors and installing cap flashings on the asphalt roof.

The Western Waterproofing Corporation was given an additional contract to repair the brickwork on the upper part of the end (rear) wall of the auditorium at the Senior High School from the top down to the projecting cornice. They were also authorized to repair the brickwork in the six vents projecting through the roof as well as the chimney. They also were engaged to waterproof the easterly second story wall above the roof at the second floor level on the north end of the building and to groutpack the cracks which had occurred in that area.

In the early winter another contract was awarded to the Western Waterproofing Corporation for treating the stucco work on the two gable areas above the third floor ceiling in the Senior High School by their groutpacking method for waterproofing purposes. The offer of the Western Waterproofing Corporation for spraying their colorless damp-proofing repellent on the cast stone at the Senior High School was accepted and the work was done without additional cost.

Supervising Engineer Appointed

Mr. Lemont D. Litchfield of Needham was appointed supervising engineer for the two major projects at the Senior High School. I have had only the most general over-sight of that work but I have been directly in charge of all other repair work on all town buildings.

Replacement of Junior High School Boilers

An emergency situation was present in the late summer when it appeared from the state boiler inspector's report that the old boilers in the Emery Grover School building were not likely to last through another winter. The boilers in the Junior High School building also seemed to require somewhat extensive repairs.

It was decided to move to the Junior High School the boilers from the Pumping Station on Dedham Avenue which the state inspector pronounced suitable for adequate service for a long period of years. The plan adopted contemplates heating both the Junior High School building and the Emery Grover School building from the one heating plant in the basement of the Junior High School building. It is expected that this will result in a substantial saving in coal.

The Kendall Boiler and Tank Company of Cambridge was given the contract for removing the old boilers from the Junior High School building, moving the boilers from the Pumping Station and installing them at the Junior High School.

James M. Lawson was given the contract to cut a trench from the Junior High School building to the Emery Grover School building for conveying steam pipes.

The Metropolitan Pipe Company of Cambridge supplied the steam pipes, fittings and pipe covering for the underground connections.

The Underground Steam Company of Boston was engaged to furnish a cement conduit from the boiler in the Junior High School to the inner wall of the Emery Grover School.

Michael Picariello of Needham was awarded a contract for making all connections between the two new boilers installed in the boiler room at the Junior High School building and the steam lines of that school and the Emery Grover School and for furnishing all necessary piping, fittings, traps and other material required for these connections.

Extensive General Repairs at Senior High School

Arthur F. Fitzgerald of Needham was awarded a contract to install a vitreous tile floor in the girls' locker room in the Senior High School and a similar floor in the boys' locker room and the boys' shower room.

K. W. Richards, Inc. of Needham was given the contract for repairing the balconies and the cupola at the Senior High School.

The Home Specialties Company of Newton Centre equipped the Senior High School throughout with metal weatherstripping.

New window shades were provided as needed at the Senior High School and walls plastered as required.

John R. Day of Needham had the contract for painting all exterior woodwork and metal work and the interior of the auditorium and the foyer at the Senior High School.

John H. Pray & Sons Company of Boston was given the contract for furnishing and installing battleship linoleum in the kitchen, basement corridor and two stair halls at the Senior High School.

I was authorized to have the gymnasium floors in both the Junior High and Senior High schools refinished according to appropriate specifications. The Junior High School floor has not yet been finished, but the work will be done early in 1939.

Battleship linoleum was installed in the manual training room at the Senior High School and in the kitchen section of the Junior High School cafeteria.

Arthur F. Fitzgerald was given a contract to furnish and install in the ramp in the basement corridor to the gymnasium at the Senior High School a pavement of ceramictile floor with carborundum content and in addition slate thresholds at three doors and proper metal strips at junction of tile and linoleum.

At the Senior High School the glass in the outside doors leading into the gymnasium was replaced with synite glass and a good many lights of defective wire glass in the partitions which separate the main corridors from the stairways as well as nearly one hundred lights in the gymnasium over a flat roof passage were replaced. Grills were installed in north and south end doors, as well as weather-strips on north and south end doors, on janitor's door and kitchen door. The asphalt tile in the women teachers' room and in several other rooms was repaired.

The folding doors in the gymnasium at the Senior High School were repaired so that they now operate properly.

Other general repairs at the Senior High School include grills for doors, small replacements of radiators, painting the various rooms, hoods and pans for univents and cutting a hole in wall in the room used for wrestling under the stairway.

General Painting and Repairs at Elementary Schools

Drains into the dry wells in the playground at the rear of the Emery Grover School have been installed.

Wendell E. Hasenfus was granted a contract for painting at the Stephen Palmer School and the William Carter School. This included all exterior woodwork. A contract for painting at the Avery School was awarded to Mr. B. J. Edwards. Both are Needham contractors.

Additional radiation has been provided in two rooms in the Stephen Palmer School to remedy a heating deficiency which existed in those rooms.

A new ventilating fan was installed in the basement of the Eliot School which was ordered by the state inspector.

In the early summer plumbing and heating repairs were made as follows: repairing plumbing at the Junior High School, new tubes in boilers at the Emery Grover School, repairing plumbing at the William Carter School, repairs to stokers in three schools.

Restoration of Hurricane Damage

Directly after the hurricane the Finance Committee was requested to transfer to the maintenance account of the school department the amount of $975.00 for the removal of trees and repair of fences, grounds and roofs. This work has all been completed.

James M. Lawson was given the contract for removal of trees and stumps and filling of holes. W. P. Leavitt and Sons Company repaired the roofs on the various school buildings.

The Dwight School was demolished by the contractor for the new building and I removed electric lighting and plumbing fixtures from this building for use in other school buildings. The Riverside School was so damaged by the hurricane that it was condemned for further school use. The fixtures were also removed from that building and placed in storage for future use.

I have arranged for a great deal of minor repair work which is not sufficiently important to receive detailed mention in this report. I have supervised ten school buildings, the library, the police and fire stations, the hospital and nurses' home, and the Town Hall. It has been necessary to be on duty just about every day in the year and to respond to many calls in the evening. I have attended meetings of the School Committee, the selectmen, the library trustees and the hospital trustees. I have spent many hours in conference with the superintendent of schools and the heads of other departments.

Respectfully submitted,

GEORGE B. JONES,

Superintendent of Public Buildings.

REPORT OF THE TENNIS COMMITTEE

To the Honorable Board of Selectmen:

Gentlemen: — The Tennis Committee, appointed by the Moderator in accordance with the vote at the Annual Town Meeting of 1938, respectfully submits the following report on progress.

This committee, which consists of the same members as last year, feels even more strongly, the great need and demand for public tennis courts in the Town of Needham.

The matter has been brought before the Needham Citizens Recreational Council where it was given considerable thought. It was, however, the general consensus of opinion of the Council that it would not be advisable to recommend an expenditure this year for tennis courts.

This Tennis Committee feels that the new Recreation Commission, which, it is believed, will be the outcome of the Needham Citizens Recreational Council should be given full authority to work further on plans for

public tennis courts in the Town of Needham, with the hope that economic conditions will be such that it will seem advisable to ask for the necessary appropriation at the Annual Town Meeting of 1940.

In the event that a new Recreational Commission is not formed, the subject of Tennis Courts should be referred to the Needham Recreational Committee.

Respectfully submitted,

ARTHUR G. CURREN, *Chairman*,
ARTHUR H. GODFREY, *Vice-Chairman*,
BLANCHE WORTH, *Secretary*,
PAUL M. BRITT,
CHARLES DEFAZIO.

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Needham:

It is a satisfaction to call attention to the fact that 1938 has been one of the healthiest years in the history of the Town. Much credit is due to the excellent type of work being rendered by the Health Officer and the Board of Health Nurse. Another factor in the health record of the year was the increased activity and co-operation of all volunteer health agencies and the school health authorities with the Board of Health.

The Board wishes to express its most sincere thanks to the physicians who gave their services at the diphtheria clinics: Dr. Henry R. Gilbert, Dr. Kenneth Christophe, and Dr. L. Charles Donahue. Thanks are also due the members of the New Century Club, Junior New Century Club, Visiting Nurse Association, and the Visiting Nurse, Miss Barabra Dunfield, for assisting at these clinics.

Four children from this community were sent to summer health camps by the Needham Committee of the Norfolk County Health Association. The money for this worthy purpose is derived from the sale of tuberculosis Christmas seals.

In its budget for 1939, the Board has included an item to conduct a dental clinic. For the past four years the New Century Club has held such a clinic and has now recommended that this service be taken over by the Board of Health. The need of the clinic has been demonstrated, and as this work is part of the Town health program the Board feels that it should be incorporated in its activities.

A new and important project of the Board was started this year by securing a demonstration service on nutrition work from the Massachusetts Department of Public Health. The Health Officer has given much time to having this demonstration undertaken. Miss Catherine E. Hayes, a nutritionist from the Department, started making home visits in December. Families were referred to her by both the Board of Health and the Needham Department of Public Welfare. Nutrition service goes hand in hand with dental work, and other communities are far ahead of Needham in this respect. The Board feels it would be of great value to the citizens of the Town to have the services of a part-time nutritionist.

Following the suggestion of Mr. Arthur G. Curren, the Chairman of the Board requested the County Commissioners to call a meeting of Boards of Health and Selectmen in the County to consider the question of mosquito control and drainage of the upper Charles River. This has led to the filing of a Bill in the 1939 Legislature asking for a commission to study the whole problem.

Sanitation of the Town will be greatly improved by the new sewage pumping station to serve Needham Heights. This has long been a recommendation of the Board and it is pleased to note that construction was

started this year. The situation in North and East Needham still remains a problem. The further extension of the sewerage system to serve these areas should not be long delayed.

The Recreation Committee of the Town is to be congratulated on the survey made under its direction. Recreational facilities are an important part of the program of positive health. The Board of Health will be glad to co-operate with this committee in its efforts.

During the year the Visiting Nurse Association, together with the Needham Chapter of the American Red Cross, again conducted the Well Baby Conference with Miss Dunfield in charge. The Board always has appreciated the fact that this is of great value, together with the very fine prenatal service given by Miss Dunfield.

This year the Visiting Nurse Association has made another outstanding contribution to the health program of the Town. At the request of the Board of Health a Well Child Conference for pre-school children was conducted by the Visiting Nurse Association at the American Legion Home for one week in November. The staff that served the Conference came from the Massachusetts Department of Public Health and included a nurse, a pediatrician, a dentist, and a nutritionist. Eighty-three children were examined and 87% were found to have defects, of which 53% were major and 34% minor defects. From these facts it is obvious that this pre-school group needs greater health supervision. Many dental defects were also noted, showing the great need of a dental service which would reach the pre-school child. It is the intent of the Board to include this group when the dental clinic is conducted by the Board.

As an economy measure, a three-year contract for the collection of garbage was let by the Board, which works to the mutual benefit of the Town and the contractor.

The following recommendations are made by the Board:

1. A dental clinic to be conducted by the Board.
2. Appropriation for local mosquito control work under the Board.
3. A part-time nutritionist to be employed by the Board.
4. Further extension of the sewerage system to serve North and East Needham.
5. A survey to be made of the health program in the schools.

Respectfully submitted,

DAVID E. MANN, M.D., *Chairman,*
LESLIE B. CUTLER, *Secretary,*
WILLIAM MITCHELL, M.D.,
Board of Health.

REPORT OF THE HEALTH OFFICER

To the Board of Health of Needham:

I have the pleasure to submit the following report of my activities in 1938 as Health Officer and Inspector of Milk.

General Administration

The personnel of the department remained unchanged throughout the year. The staff consisted of a full-time health officer, a nurse working three days a week, and a part-time clerk.

The year's financial summary is shown in Table I, exclusive of garbage collection which amounted to $3,166.67. A more detailed account of the expenditures may be found in the report of the Town Accountant. During the year $143.00 was collected for the Town for the 118 licenses issued by the Board.

TABLE I

Financial Summary — 1938

Total appropriation for the following expenditures			$8,457 65
Expenditures:			
Salaries		$2,957 65	
Expenses		443 61	
Hospitalization and treatment:			
Tuberculosis (all forms)	$3,745 50		
Other communicable diseases	592 46		
		4,337 96	
			$7,739 22
Less receipts:			
Communicable disease reimbursements		$1,296 20	
Licenses		143 00	
			1,439 20
Net cost, exclusive of garbage collection			$6,300 02
Per capita cost (population basis—12,552)			0 50

Vital Statistics

Vital statistics comprise the public health bookkeeping of a community. The trends shown by the rates are analyzed to evaluate health conditions and formulate programs. The birth and death rates shown in Table II are for residents of Needham only; non-residents and stillbirths have been deducted, and the births or deaths of residents which occurred outside of Needham have been included. The population figures have been estimated as of July 1 and are based on the Federal Census of 1930 (population 10,845, April 1, 1930) and the State Census of 1935 (population 11,828, January 1, 1935). The infant mortality rate is the number of deaths of infants under one year of age which occur in a year per 1,000 live births in the same year. In 1937 (the last year for which complete birth returns are available at the time this report is printed) the birth rate took an upward trend. The 1938 death rate of 11.0 was the highest since 1931. It should always be remembered that in a small community these annual rates are materially effected by a change of only a few births or deaths in any given year. Trends within a community over a period of time are nevertheless significant.

TABLE II

Birth, Death and Infant Mortality Rates

Year	Mid-Year Population	Births of Resident	Resident Birth Rate per 1000 Population	Deaths of Residents	Resident Death Rate per 1000 Population	Infant Deaths, Residents	Infant Mortality Rate
1930	10,896	167	15.3	107	9.8	6	36
1931	11,103	173	15.6	122	11.0	7	40
1932	11,310	160	14.1	99	8.8	2	13
1933	11,517	152	13.2	115	10.0	5	33
1934	11,724	148	12.6	112	9.6	5	34
1935	11,931	154	12.9	104	8.7	3	19
1936	12,138	126	10.4	99	8.2	0	0
1937	12,345	150	12.2	118	9.6	4	27
1938	12,552	...	....	138	11.0	8	..

Communicable Diseases

The record of communicable diseases reported in 1938 was the most favorable since 1929. Once again, no cases of diphtheria and poliomyelitis (infantile paralysis) were reported. No outbreaks of any diseases occurred. A total of 276 cases were reported. There were nine cases of lobar pneumonia; two deaths resulted.

Ten cases of pulmonary tuberculosis were reported. Five Needham residents died from this disease; these deaths occurred in out-of-town hospitals. Two deaths from extra-pulmonary tuberculosis also occurred. All contacts with cases are urged to be examined and X-rayed. A fine piece of work is done by the Board of Health Nurse in persuading many of these contacts to be examined. Close co-operation is maintained with the attending physicians in the department's efforts to control this disease. Much of the task of detecting tuberculosis among children not already known to be contacts is carried on by the School Clinic the details of whose work may be found in the report of the Nurse. The following summary shows the disposition of the active cases of tuberculosis as of December 31, 1938:

	At Home	In Hospitals	Totals
Pulmonary	6	8	14
Childhood type	20		20
Extra-pulmonary			0
Totals	26	8	34

Diphtheria Immunization

On November 15, 22, and 29 the annual clinics for the immunization of pre-school children against diphtheria were held in the Town Hall. Seven hundred thirty reply postal notices were mailed to parents of pre-

school children advising them of the clinics. Fifty-four children received the required three doses of toxoid, seventy-one children began the treatments. Doctors Gilbert, Christophe and Donahue were the volunteer physicians. Invaluable assistance was also given by members of the New Century Club, Junior New Century Club and the Visiting Nurse Association. Parents whose children received less than three doses were urged to have the inoculations completed by their own physicians; many of them did so.

Thanks to the splendid response of Needham parents the records showing children who have been immunized privately were augmented. It is hoped that the reduction in the number of children at the clinics in 1938 was due to the fact that more pre-school children are being inoculated against diphtheria by their own physicians.

Dog Clinic

The annual clinic for the inoculation of dogs against rabies was held on Saturday afternoon, May 14. Through the courtesy of the Public Works Department the clinic was again held in their garage. This was the fourth successive year such a clinic has been conducted. The owners of licensed dogs were notified of the clinic by mail. The veterinarian in charge was Dr. Ronald H. Bruce of Needham. A total of 158 dogs were inoculated as compared with 178 dogs in 1937, 163 in 1936, and 131 in 1935.

Sanitation

Inspections of the local milk plants, dairies, bakeries and other food-handling establishments were made throughout the year. On January 1 the regulation requiring all milk sold in Needham to be pasteurized or certified became effective. This is an important measure in further protecting the health of milk consumers, as it does much to prevent the spread of disease through milk. At the close of the year 26 dealers were licensed to sell milk and cream; four establishments for the pasteurization of milk were located in Needham.

Thirty-six complaints were investigated during the year and appropriate action taken in each case. Of these, twelve had to do with cesspools, six with the improper disposal of rubbish, the balance were of various natures.

The contract for the collection of garbage was awarded to Waldo M. Chamberlain of Needham for the three-year period beginning May 1, 1938.

Laboratory

A total of 141 specimens were examined for physicians, as shown in Table IV.

TABLE IV

Diagnostic Service — 1938

Examination for	Positives	Negatives	Totals
Diphtheria (throat cultures)	..	39	39
Gonorrhea (smears)	6	45	51
Tuberculosis (sputa)	..	25	25
Vincent's angina (smears)	5	21	26
Totals	11	130	141

Bacteriological tests of the town water showed it to be of excellent quality and purity. Special analyses made at the time of the heavy floods in July proved that the Needham water continued to be perfectly safe

for drinking. Bacteriological examinations of the water at Rosemary Beach were made and press statements issued as to the suitability of this water for swimming.

The Health Officer wishes to express his appreciation of the support and guidance of the Board of Health and the co-operation of the staff throughout the past year.

Respectfully submitted,

G. DONALD BUCKNER, S. B.,
Health Officer and Inspector of Milk.

REPORT OF THE BOARD OF HEALTH NURSE

To the Board of Health of Needham:

I herewith submit my report for 1938 as part-time Board of Health Nurse.

The greater part of the time spent by the Nurse during her three days of work each week is in tuberculosis work. At the request of physicians the Nurse transports individuals to Norfolk County Hospital for chest examinations. A total of 131 individuals were examined and X-rayed at that Hospital during the year. Home visits are also made to instruct parents in the care of certain cases of communicable disease at home, and to learn the source of infection.

Clinics for the detection of tuberculosis among school children are conducted each year in the high schools by the clinic staff of Norfolk County Hospital. The Nurse visited many parents who did not consent to have their children examined and endeavored to obtain their consent. A total of 124 such visits were made. For the 1937–38 school year this clinic was held in May at which time 246 children in the seventh, ninth and twelfth grades were given the tuberculin test. Of these, ninety-two reacted and were X-rayed and four were given physical examinations. As a result of this clinic three new "observation cases" were detected and added to the list. Children who have already been discovered by these clinics in previous years are re-examined each school year. No new cases of tuberculosis were discovered.

The clinic for 1938–39 school year started in October at which time 216 pupils were tuberculin tested in the ninth and eleventh grades. Thirty-eight reacted and were X-rayed. The final report of this clinic will be published in the 1939 report as the work was not complete at the close of the year. Twenty-four teachers were also X-rayed with negative results. The Nurse assisted at these clinics and made home calls to all follow-up cases.

Four children were sent to health camps during the summer; two were sent to Camp Norfolk, South Braintree, and two to the Prendergast Preventorium, Mattapan. This latter camp was used because of a new ruling at Camp Norfolk that boys over twelve years of age could not be admitted.

Before the diphtheria clinics were held in November home visists were made to explain to parents the need of having children immunized. The Nurse assisted the physicians at these clinics.

A total of 650 home visits were made throughout the year; a greater number of calls than in previous years. A revision of the number of families on the visiting list and under supervision shows a total of seventy-seven families.

I wish to express my appreciation to the members of the Board of Health and to the Health Officer for their interest and support during the year.

Respectfully submitted,

ROSE M. MAYERS, R.N.,
Board of Health Nurse.

REPORT OF DEPARTMENT OF PUBLIC WELFARE

December 31, 1938.

To the Citizens of the Town of Needham:

The Board of Public Welfare respectfully submits its twenty-fifth annual report covering the work of this department for the year which has just closed.

It has been necessary to extend aid, either full or supplementary, to a total of 350 cases, representing 797 persons, divided as follows:

	1937		1938	
	Cases	Persons	Cases	Persons
Dependent Aid	127	398	181	566
Aid to Dependent Children	17	69	19	81
Old Age Assistance	133	133	150	150
			350	797

The average weekly case load is divided as follows:

Dependent Aid	70
Aid to Dependent Children	15
Old Age Assistance	120

The peak case load was:

Dependent Aid	93	(reached on Feb. 22, 1938)
Aid to Dependent Children	18	(reached on Dec. 1, 1938)
Old Age Assistance	126	(reached on Dec. 1, 1938)

Our gross expenditures from Town appropriations were $78,523.46, divided as follows:

	Expended	Less U. S. Grants	Total Net Cost
Salaries	$4,218 00		$4,218 00
Operating Expense	1,559 37		1,559 37
Dependent Aid	38,519 33		38,519 33
Aid to Dependent Children	12,899 03	$1,866 28	11,032 75
Old Age Assistance	41,025 12	17,847 83	23,177 29
Old Age Administration	716 00	699 28	16 72
	$98,936 85	$20,413 39	$78,523 46

After deducting reimbursements received from the State, other cities and towns, and individuals, the net expense to the Town was $53,987.86. The reimbursements were divided as follows:

Dependent Aid	$6,884 79	
Aid to Dependent Children	2,356 49	
Old Age Assistance	15,294 32	$24,535 60

Dependent Aid

Under this classification we have had during the past year on our rolls a total of 181 cases representing 566 persons. The length of time during which aid is necessary depends entirely on the circumstances in each individual case, some requiring only short periods while employable members of the family are out of work, while others become more or less permanent because of physical conditions and in some cases age. Our Department is constantly on the alert to direct persons on relief to positions on the outside, and individual members of the Board have done much in this direction.

Efforts to give attention to the health conditions of our clients have been continued during this year with fine success, and we feel justly proud of our record among the Welfare Departments of the state along these lines.

After the hurricane in September our Board took action in removing from its rolls a number of cases, it being possible for the working members of the family to obtain outside employment because of the damage which had resulted. Some of these cases have only recently had to reapply.

Had it not been for the fact that the Public Works Department was able to keep a large number of men on its rolls for a longer period than in previous years, our expenditures would have been much larger. Our present case load would be somewhat smaller if it were not for curtailed activities on the WPA.

Old Age Assistance

As anticipated, this department is constantly growing as the older persons in our community reach the age of 65, which makes them eligible to apply for this type of aid. During this year we passed the case load referred to in our report of 1937, and with the kind co-operation of the Selectmen were able to move from our small quarters to a larger room, which was remodeled so as to provide a separate entrance for Old Age Assistance, with waiting and conference rooms, so that it is no longer necessary for persons applying for this type of aid to come in contact with the Welfare Department at all.

It is again worthy of notice that at present the aid received from the Federal and State Governments carries practically five-sixths of the total amount expended for this type of aid.

Aid to Dependent Children

During this past year, in conformity with the recommendations of the State Department, Division of Aid to Dependent Children, all budgets covering this type of aid were refigured and a conference between our Board and the Supervisor for the State was held so that we might better conform to their desires.

At the present time there is a movement on foot in Congress to have the Federal Government contribute a larger proportion, somewhat similar to that given in Old Age Assistance, so that in the coming year the cost of this type of aid is likely to be less in its net result.

Under the Social Security Act much more liberal treatment is being accorded such cases as come under the heading of Old Age Assistance and Aid to Dependent Children, which has a tendency to increase the expenditures for these types of aid, as reflected in the increase in cash disbursements shown in our general statement.

The Department at the close of the year found that it was possible to return to the Town Treasury out of its appropriations the amount of $4,431.77, divided as follows:

Old Age Administration	$58 28	
Operating Expense	940 63	
Dependent Aid	1,480 67	
Aid to Dependent Children	129 48	
Old Age Assistance	1,822 71	
		$4,431 77

The Department as usual extends its thanks to all who have co-operated in any way in helping it to handle many difficult situations, and we assure the citizens that every effort has been made to keep the cost at the lowest possible point consistent with humane treatment of our clients.

Conditions are still very unsettled; employment is still hard to find, especially for those who cannot lay claim to any particular trade. The Board is constantly studying these situations, and as cases come before them careful consideration is given to every phase with the end in view that the cost to carry such cases shall be the lowest possible.

Respectfully submitted,

WILLIAM GATES, JR., *Chairman*,
EVAN C. THORPE,
GEORGE A. YOUNG,
WILLIAM B. PERLIN,
WALLACE G. RAE,
Board of Public Welfare.

REPORT OF THE TRUSTEES OF THE NEEDHAM FREE PUBLIC LIBRARY FOR THE YEAR 1938

The circulation of books for 1938 has been eighty-one thousand five hundred and thirty-nine (81,539). There is also a large use of books and magazines on the premises. Last March a special appropriation of $560.00 was given us for the upkeep of the building, and this was expended, within nineteen cents, under the direction of Mr. George Bertram Jones. The work was completed by the middle of July, and included the following: The floors were all scraped, sanded and waxed and polished. The outside woodwork was painted, also the office walls, ceiling and woodwork.

It is fortunate that we escaped greater damage by the hurricane of September 21, but it was quite enough. The large semi-circular window, over the front doors, and a big skylight were wrecked, slates and copper were torn from the roof, with the result that a portion of the ceiling had to be renewed, and other injury was done to the building. We received an assignment of three hundred dollars from the Finance Committee of the Town and repaired this hurricane damage. Many of the shrubs along the front of the building were destroyed and have not been replaced. The appearance is not improved by the loss of these shrubs.

We take much interest in co-operating with the schools, and regard the Library as part of the educational system of the Town. We buy books with reference to the courses in the schools. These books are not what is called school books nor text books, but are found useful, as they relate to subjects taught.

Our Librarian has, ever since she came to Needham, excelled in this co-operation with the schools.

From 1904 to near the close of the year 1938, the Library has maintained a deposit station for books in the Harris School, and its predecessor, the old wooden building, and the late Miss Mary E. Glancy, a veteran teacher and very highly esteemed in the community, took much interest in this deposit station. We closed this station reluctantly. Unless a small space can be supplied in a Town building for the purpose of a deposit station, it is not practicable to have one. Any other arrangement is prohibited by the expense.

We feel that we have had a competent library staff during the year, and that the public has been well served.

Apart from the hurricane we think we have had a successful year.

Respectfully submitted for the Trustees of the Needham Free Public Library.

GEORGE K. CLARKE,
Chairman.

NEEDHAM FREE PUBLIC LIBRARY LIBRARIAN'S REPORT

To the Selectmen:

Gentlemen: — I have the honor to submit my fifteenth annual report, for the year 1938.

The Library's 50th year, reached in 1937 marked the high peak up to that time of book circulation. That gain was held in 1938, and the large number of new borrowers registering constantly may indicate a further upward trend in circulation figures. Our new borrowers, plus the old ones reregistered during the year amounted to 1,164. The Library is now requiring new borrowers to identify themselves in some way. With

the rapid growth of the Town, the numbers of new streets, etc., many individuals are not known personally to Staff members. Identification establishes the applicants' right to hold a card. A non-resident borrowers' fee of $2.00 per year has been established. This is in line with the practice of our neighboring Libraries.

During the year the schools availed themselves of the privilege of borrowing books for use in class-rooms, as is their custom. The requests come for either books on a certain reading level, or books on certain definite subjects, to supplement school studies. Many books are constantly on loan in this way.

What Library service may be undertaken in the Birds Hill vicinity was a matter of doubt throughout the year. The Harris School (new building) has provided quarters for a Library Deposit Station since its erection in 1930. Since 1931, a Staff member has been going to the school on Tuesdays from 3 to 4.30 P.M. the year around, and giving out books. In this very short time per week 17,914 books and magazines have been borrowed from 1931–1938. With the addition to the building and the necessary rearrangement of room space, the Library situation is uncertain, but the Librarian and Trustees hope for opportunity to continue Library service to that Community.

The Library Lecture Hall was used in 1938 by the following groups:

Boy Scout executives
Visiting Nurse Association annual meeting
Women's Garden Club
Men's Garden Club
Literature Committee of the New Century Club

These organizations held various meetings and programs constantly. Our Library entertained the Charles River Library Club on November 1st. About 80 neighborhood Librarians and Trustees were present. Christ Church very kindly loaned their dining-room for the luncheon which followed the morning meeting.

The Library has long wanted to have a regular story-hour for the children. There have been various story-hours now and then, but we have never been able to afford regular story-telling. In October and November the Education Committee of the New Century Club, under the Chairmanship of Mrs. Archibald Taylor, presented six Library story-hours. Miss Bessie Doherty was story-teller, and the attendance ranged from 60 to 75 each Saturday morning. This was a very much appreciated gift.

The Librarian gave the following talks:

12th District Education Conference, held in the Baptist Church, Needham, in March.

Junior Guild of Christ Church, Nov. 30th.

There is always opportunity to give more talks than time permits.

The initial steps in providing two new services were undertaken in 1938. Mrs. W. G. Courtenay has charge of the welcome baskets which the merchants provide for new families moving to town. It was decided to have cards printed, inviting the new-comers to become Library cardholders, and giving hours, rules, and a general idea of the service offered. Through Mrs. Courtenay's kind co-operation, a card is to be included in each basket.

The Librarian has felt for some time that it would be helpful to offer a book delivery service to shut-ins, such as many Libraries do. The main difficulty lay in furnishing transportation, since the Library has no means of doing this. The young women of the Junior New Century Club happily solved this problem. The Community Service Committee, Miss Priscilla Boyd, Chairman, have kindly volunteered to take books to our list of shut-ins, and make fortnightly deliveries. The preliminary steps were taken, and arrangements made to begin the first deliveries early in 1939.

During the summer months, all books were returned from the school rooms, and were thoroughly mended, renovated, rebound and checked. All the books in the Library were subjected to inventory. At this time we loaned books to Camp Four Winds, the Girl Scout Camp at Bourne, Cape Cod, through the request of Mrs. Charles Moseley. During this time the Women's Garden Club undertook to supply the Library with fresh flowers once or twice a week. The bouquets were very beautiful and much appreciated.

Special displays of books appropriate to the season, or for special events are constantly before the public in the Library. There was a large display of the best of the new children's books for Book Week in November. In the Spring there were displays of books on house renovating, repairing, gardening, etc. In March there was a display for the 17th, of books on Ireland, and by Irish authors.

The Librarian and Staff attended to the following meetings:

Massachusetts Library Association meeting in Cambridge, Feb. 10th.

Needham Community Council, June 7th.

Massachusetts Library Association New England Conference, Manchester, Vermont, June 20th.

Boston Round-Table of Children's Librarians, November.

In September a New England Library Institute was held for a week at Simmons College. The Librarian was granted a scholarship for this occasion, which proved to be very valuable professionally.

The Librarian was appointed Chairman of the Nominating Committee of the Charles River Library Club for the year 1938.

A few pieces of equipment were added during the year, and others replaced as they were worn out. Five new window shades were bought for the Stack Room and one for an overhead sky-light. A much-needed bicycle rack and parking space was arranged, and a small hand vacuum cleaner bought for cleaning book shelves and upholstery. Two window-seat cushions were recovered.

The repairs to the building, under the supervision of Mr. Jones, were all completed with promptness and efficiency by the middle of July. The Chairman of Trustees' report will deal with this more fully, and also with hurricane damage.

The Book Committee and Librarian were very active in reading and selecting new books. A new copy of the Encyclopedia Britannica was purchased, a great addition to our reference collection. A new and complete set of the works of Joseph Conrad also strengthened our collection. The Library books have a three-fold purpose: educational, recreational, vocational. This purpose was kept very much in mind in book selection.

In February Elinor H. Field resigned to accept a position in Minnesota, and was succeeded in March by Ruth S. Humphrey. We feel the loss of Mrs. Field very much indeed. Ellen Richwagen was substitute for a short time. With these exceptions the staff remained the same, and all worked loyally and faithfully.

I should like to express my sincere appreciation of the support and co-operation of the Library Trustees.

The statistical report follows:

Library Statistics

Days Library was open	300
Total Circulation (Main Library and Deposit Stations)	81,539

AMOS H. SHEPHERDSON,
ROGER W. NUTT,
Commissioners of Trust Funds.

ANNUAL REPORT OF RECREATION COMMITTEE

To the Honorable Board of Selectmen:

When the present Recreation Committee organized in April, 1938, a request for a playground at the Elliot School was received from people in that district. Results have justified the granting of this request.

In order to operate four playgrounds on the appropriation granted at the March Town Meeting, the committee was forced to shorten by three days the regular period of operation of all playgrounds and to use assistants with less training and experience at lower compensation.

Demonstration night was held at Memorial Park but the exhibitions of arts and crafts were held at the individual playgrounds, lack of adequate funds combined with the shorter period than in former years making an exhibition at Memorial Park impossible.

We feel that the children of Needham under the able direction of Mr. Philip Claxton and his eight assistants received excellent training in sports and sportsmanship, in arts and crafts and in dramatics, within the limits set by the appropriation.

During this past year a movement has been started to co-ordinate and enlarge the town's recreational facilities. A meeting of all committees representing recreational activities was held in June, 1938. As an outcome of this meeting the National Recreation Association was requested to make a recreational survey of the town. This report has been received and will without doubt prove very valuable in planning future recreational activities in the Town of Needham.

Respectfully submitted,

HERBERT L. MOORE, *Chairman*,
ELIZABETH L. FLOOD, *Secretary*,
ARTHUR G. CURREN,
ASA M. SMALL,
BLANCHE WORTH.

REPORT OF CONTRIBUTORY RETIREMENT BOARD

January 25, 1939.

Honorable Board of Selectmen,
Needham, Massachusetts.

Gentlemen:—The second annual report of the Board of the Contributory Retirement System of the Town of Needham, hereby submitted to your Honorable Board and the Town, covers the two phases of Retirement — Personnel and Financial.

The membership has been slightly reduced during the current year, as shown by the following tables:

Membership January 1, 1938		248	
New Employees of Town during year 1938		36	
		284	
Members pensioned	7		
Members leaving Town service	41	48	
		236	
Duplications — (Employees of more than 1 Dept.)		5	
		231	— Active Membership December 31, 1938
Pensioned employees Jan. 1, 1938		6	
New Retirements 1938		7	
		13	
Deceased Pensioners		2	
		11	— Pensioned Employees December 31, 1938.

The Board calls attention to the fact that at least eight more employees of the Town will be retired by June 30th, 1939.

Much time has been spent by the Board in considering Investments for the funds of the system. In purchasing investments close attention has been given to both yields and quality, because, if the funds do not earn 3%, it is necessary for the Town to appropriate additional funds to pay such interest. It will not be necessary to make such an appropriation this year. A list of Investments is made part of this report.

The transfer of funds made for the Board's use late in 1937 was used to lessen the funds required from the Town in 1938, and so for that year the appropriation by the Town was $12,300. The employees of the Town contributed by wage deductions $11,096.62. In the eighteen months of the operation of the system, retired employees have been paid $6,373.71, of which $4,335.84 was paid in 1938.

The following is the list of earning assets. In each case, proper portions of the income are reserved for amortization. The Coupon Rate, Maturity, and Cost Price, as well as Issuing Company are given.

No. Owned	Name of Issuing Company	Coupon Rate	Maturity	Cost Price
3	Bangor Hydro Electric Company ...	3¾%	'66	$3,237 50
4	Green Mountain Power Corporation.	3¾%	'63	4,060 00
3	Illinois Bell & Telephone Company (1st and Refunding)	3½%	'70	3,258 75
3	New York Edison Company	3¼%	'66	3,123 75
3	Niagara Falls Power Company.....	3½%	'66	3,183 40
3	Norfolk & Western Railway	4%	'66	3,593 13
3	Pacific Gas & Electric Company	3½%	'66	2,977 50
3	Union Pacific Railroad Company (1st Mort. R. R. and Land Grant)	4%	'47	3,255 00
2	United States Treasury	2½%	'53/49	2,000 00
	Total			$28,689 03
	Market Value, January 24, 1939			$29,489 25

Yours very truly,

HAROLD A. SMITH,
FRANK L. CHENEY,
MELVILLE W. GRANT,
Needham Contributory Retirement Board.

REPORT OF FISH AND GAME WARDEN

February 15, 1939.

To the Honorable Board of Selectmen,
Needham, Massachusetts.

Dear Sirs: — I submit herewith my report as Fish and Game Warden for the year ending December 31, 1938.

The licenses of 264 sportsmen were inspected.

Fifteen (15) arrests were made during the fall shooting season, but all charges were dropped on recommendation from the Division of Fisheries and Game because of the confusion resulting from conflicting newspaper statements relative to the areas that were open to shooting.

Winter fishing along the Charles River was quite unsatisfactory during the winter of 1937 and 1938, both because of insufficient ice on many occasions and because the fish were few and small.

Practically speaking there was no fall upland shooting in this area. This was because of the Proclamation of the Governor closing the woods to all persons because of forest fire danger.

There was a remarkable increase in waterfowl frequenting the Charles River and adjacent meadows. This increase was especially noticeable in the Broadmeadow adjacent the Causeway. Considerable good shooting was to be had in this area although gunners were very uncertain as to whether or not they were within the law in shooting from the shore. The matter was finally cleared up, but rather late in the season, by a definite proclamation which practically limited waterfowl shooting to deep water from boats.

Liberation of fish and game in Needham covers and waters during the year were as follows:

40 Quail, 140 Pheasants, 500 Rainbow and Brown Trout, 12 Rabbits.

One hundred (100) of the above mentioned pheasants were carried through the winter in the pens of the Needham Sportsman's Club and were liberated early in April.

Respectfully submitted,

T. R. BRIDGES,
Fish and Game Warden.

REPORT OF THE ANIMAL INSPECTOR

Board of Selectmen:

Gentlemen: — During the past year 176 calls were made to examine and quarantine dogs which had bitten people.

Five hundred and sixty-six cattle, 15 goats, 136 swine and their premises were inspected.

Respectfully yours,

RONALD H. BRUCE, V.M.D.,
Animal Inspector.

REPORT OF COMMITTEE TO INVESTIGATE TOWN OWNED REAL ESTATE

To the Citizens of Needham:

In accordance with the vote of the Town under Article 43, at the Annual Town Meeting held on March 23, 1938, we made an investigation of all the real estate owned by the Town and have obtained from the Engineering Department a map of the Town of Needham showing in colors all properties and the purposes for which they were acquired. We believe this map gives a clear picture of the situation and we will, therefore, mention only those properties that we feel should be put to other uses, or disposed of.

Tax Title Property

We find tax title property — approximately $25,000 in value, much of which is comprised of small lots of land in the outlying sections.

In River Park (North Needham) off Route 128, the Town owns 98 lots, totaling 473,357 square feet and valued at $7,350.00.

In Fremont Park (North Needham) on the opposite side of Route 128 —28 lots, totaling 146,952 square feet and valued at $2,150.00.

We recommend that both the Fremont Park and River Park lands be held by the Town for either Park, Recreational or School purposes and that the Planning Board and the Town Treasurer be empowered to make exchanges with other property owners in those sections, in order that as much as possible of Town lands be in one tract.

We also recommend that 76 lots in Nehoiden Park (off Maple and Oak Streets) totaling 324,400 square feet and assessed for $2,100 be held by the Town for a Park and Playground. This land is low and wet, but over a period of years, with surplus material from the Public Works Department, can be made into a very satisfactory playground.

The Planning Board and the Treasurer should be empowered to make exchanges of these lots with other owners, as the situation is much the same as at River and Fremont Parks.

We recommend that 28,266 square feet of land assessed for $800, located between Melrose Avenue, Ellicott Street and Edgewood Road be used for a Park, as it has no value as a building site.

We find that the Town Treasurer is continually working to make sales of Tax Title properties and many sales are made each year. However, we recommend that land not to be held for Park, Recreational or School purposes be advertised and sold at Public Auction.

Glover Memorial Hospital Land at West Street

The new Sewerage Pumping Station is being erected on this land.

Several acres of this property are suitable for a playground and is now being used for that purpose by children in the immediate neighborhood.

Water Lands

We recommend that 3 23/100ths acres on the northerly side of Harris Avenue at the corner of Great Plain Avenue be sold. It is no longer needed for water purposes.

Hicks Spring Land — on the southerly side of Harris Avenue opposite Stevens and Pinewood Roads, comprising approximately 15 acres, is no longer needed for water purposes. We recommend that 5 acres fronting on Harris Avenue be divided into lots of approximately 100 foot frontage and 125 feet deep and sold — reserving a 60-foot strip for street purposes. The back land, extending through to Dedham Avenue should be used for recreational purposes.

Dedham Avenue Pumping Station Land — approximately 85 acres — extending back to Harris and Great Plain Avenues is still required for the protection of that water supply. That part of the water-shed property now used by the Golf Club should be leased to the Club for a nominal amount ($100) per year for a ten-year period, with privilege of renewal. Notice of removal by the town should be given to the Club at least two years before expiration of lease. We consider this property, in its present form and use, to be a decided asset to the town.

Land on the Southerly Side of South Street at the corner of Dedham Avenue (3¼ acres) and fronting on the Charles River is necessary for water purposes.

Old Gravel Bank — South Street. Four acres on South Street, fronting on the Charles River — at one time used for bathing. We recommend that it be sold.

School Lands

The Old Harris School lot on Great Plain Avenue should be sold. The Selectmen have been empowered to make the sale.

Parker School — The same recommendation applies to this land.

Riverside School — We recommend that 5,718 square feet of land on Highland Terrace be sold to the Polish Organizations for the location of a Club House. The balance should be held for a playground.

We propose to place in the warrant for the next Annual Town Meeting articles for the disposition of property owned by the Town and recommended in this report to be sold.

If this report is accepted, and its recommendations followed, the proceeds from the sale of property should amount to at least $48,000.

In closing we wish to express our appreciation for the co-operation of the Public Works Department, the Town Treasurer, and especially Frank L. Cheney, the Town Engineer.

Respectfully submitted,

CARLETON G. McINTOSH,
MAURICE V. BROWN,
EDWARD SEAVER.

January 28, 1939.

REPORT OF THE TRANSPORTATION COMMITTEE

December 31, 1938.

To the Honorable Board of Selectmen:

Gentlemen: — Your Transportation Committee has completed one of the most active years in its history, occasioned by the curtailment of passenger service on the Needham Branch, and the abandonment of all passenger service west of Needham Junction by the New Haven Railroad. This abandonment was ordered by the court in connection with the abandonment of eighty-eight stations in Massachusetts, and the action was taken at a time when your committee, together with many others, were appealing to the Massachusetts Department of Public Utilities in an attempt to block such drastic action by the railroad. Your committee filed a brief, setting forth all of the facts and figures that could be gotten together to show cause why such curtailments and abandonments should not be allowed. This case is now pending, and we understand that an appeal is being carried to the Supreme Court. The action of the railroad left Charles River Village and points west without transportation, and after suitable hearings, permits were granted for bus operation from Dover and Charles River to Needham Junction.

Several hearings were held during the year and conferences with both the Middlesex and Boston Street Railway and the New Haven Railroad were held. We are pleased to report that we have secured excellent equipment on all of our steam trains on the New Haven.

Two traffic counts were conducted under the committee's direction showing the passenger traffic on the railroad to all of our Needham stations.

Two petitions have been received and acted upon which were occasioned by the establishment of a railroad terminal at or near Needham Junction, and while the matter has not been settled to the satisfaction of the committee, we believe progress is being made.

We are deeply indebted to the Board of Selectmen for their co-operation, and to our Town Counsel, Gilbert W. Cox, for his invaluable aid to the committee during the year.

Our recommendations for the future are merely a repetition of our statement that adequate transportation facilities can be maintained only by continued and increased patronage of the existing systems, by our fellow townspeople.

Respectfully submitted,

LESLIE J. WERTHEIM, *Chairman*,
ROBERT N. KING, *Secretary*,
JAMES M. McCRACKEN,
WILFRED SLADE,
WINTHROP M. SOUTHWORTH,
ARTHUR H. WILDE,
SAMUEL H. WRAGG.

REPORT OF PUBLIC WORKS DEPARTMENT 1938

The Honorable Board of Selectmen:

Gentlemen: — In accordance with Section 2, Chapter 189 of the Acts of 1932, I herewith submit the annual report of this department. This report is intended to present only a brief summary of the important facts concerning Public Works. Detailed data may be obtained from available Departmental records. Financial details are contained in the report of the Town Accountant.

Administration

The management of Public Works has continued under the supervision of the Superintendent in the same manner as last year. Office records, classifications of work, distribution of costs and various schedules and warrant commitments have been performed by Miss Agnes C. Gillespie as clerk. No reorganization or salary adjustments have been made. The number of persons permanently employed in all Divisions continues to be 32.

Engineering

Mr. Frank L. Cheney, assisted occasionally by part time employees, has furnished various engineering details, surveys, plans, etc., necessary to Public Works and other Departments of the Town. The Assessors' Department was furnished with 19 additional plans this year comprising the central portions of Needham and Needham Heights. Plans, schedules, and assistance in locating Town owned lots, were rendered to the Committee appointed at the last Annual Town Meeting for investigation of Town owned properties.

A topographical survey of the Dwight School lot was made, plans and grades were furnished for the location of the new Dwight School building, and lines and grades were furnished for the construction of the addition to the Harris School. Contour surveys were made of Memorial Park for the establishment of proposed grading. Schedules of the various lot sizes, arranged by blocks were furnished to the Planning Board together with necessary plans for studies of zoning. A plan was made for the Planning Board showing the proposed amendment to the Zoning Map as passed by the Town under Article 5 of the Special Town Meeting held September 19, 1938.

Information derived from the Massachusetts Geodetical Survey which started March 9, 1936, is now partially completed and on file in the Engineering office. An example of the work is shown in this report under "General Statistics" in the establishment of the latitude and longitude of the Town Hall.

Inspections have been made and reports submitted pertaining to the operations of the various sand and gravel pits in the Town.

Equipment

The major equipment of the Public Works Department now consists of 4 passenger cars, 10 trucks, 5 tractors, 2 road rollers and 2 air compressors, 2 pumps and 1 mixer, all of which has a total estimated value of $40,000.

This year we purchased a 1938 Model ER, 3-ton Mack Truck for use of the Highway Division, and a 1938 Ford business coupe for the Superintendent of the Water Division which permitted the reassignment of the 1935 Chevrolet and the turn-in of a 1932 one-half ton Ford truck. The budget for 1939 includes an allowance sufficient to replace two 1935, 1½ ton trucks of the Forestry and Water Divisions and the purchase of a

½-ton truck for use of the Sewer Division. An allowance has also been made for the purchase of a winch and crane to be installed on the Forestry Division truck, a much needed addition to all Departmental requirements.

We wish to stress the existing need for an adequate Town storage yard, tool shop and garage to house and care for all equipment of the Public Works Department and provide suitable facilities for sundry supplies as previously recommended by your Superintendent. The establishment of such a central station would effect considerable savings in equipment operations of the Public Works Department and other departments of the Town.

Forestry

Mr. Ernest E. Riley and one assistant, with an average force of 12 men and occasional forces under WPA, has endeavored to perform the usual amount of work necessary to preserve and protect the Town shade trees.

The hurricane of September 21st greatly complicated the work of this Division. By actual count, 822 Town shade trees were blown down on streets, 180 privately owned trees were blown down across Town ways, and 98 Town trees were dangerously leaning and so badly damaged that they also were removed. During the emergency, all Divisions of the Public Works Department assisted in the removal of trees which were hindering traffic. A very large majority of the remaining Town shade trees will require special attention for at least three years in an attempt to restore their condition by pruning and surgery.

The gypsy moth situation in our Town remains the same except for a slight increase in destruction which appeared in some localities. The budget for 1939 includes a request for $5,000 to continue moth suppression work.

Approximately 50 new shade trees were planted this year on various streets. A total of 625 trees have been ordered for delivery in the spring of 1939, and a program will be started to replace trees destroyed and to plant others on new streets recently accepted by the Town.

Highway

Mr. Howard A. Smith assisted by 10 permanent employees, 5 regular and 15 temporary men has performed the usual amount of necessary work to maintain and improve Town highways, sidewalks, parks, Town dump, drains, traffic lines, signs, bridges and fences.

The surface of 11.2 miles of Town roads has received bituminous treatment, 9.9 miles being treated by the honing method with gravel and tar mixed in place, at a cost of 4.8 cents per square yard.

Street Widening and Improving

Some improvements have been made in conditions on such streets as Gage Street, Marshall Street, Lindbergh Avenue and Chapel Street, by regrading the gutters and reshaping road surfaces to restore the proper crown to provide for flow of storm waters.

Hazardous corners such as Charles River Street and Pine Street, and Great Plain Avenue and Harris Avenue have been rectified by cutting back to improve the vision for traffic, and, in like manner, the protruding ledge at a sharp curve on South Street abutting the William's property is being removed. The corner of Great Plain Avenue at Maple Street was rounded and 32 feet of granite curbing installed. Various other corners have been rounded by WPA for the purpose of improving other hazardous conditions.

Drain Construction

A total of 1.1 miles of storm water drains were installed this year. 1,550 linear feet of pipe, 17 catch basins and 3 manholes were installed at various locations as authorized by the special appropriation of $5,250. 1,855 linear feet of pipe, 11 catch basins and 4 manholes were installed in Mayflower Road as authorized by the Town, prior to the construction work on this street under the Betterment Act. 2,442 linear feet of pipe, 19 catch basins and 9 manholes were installed by WPA.

Sidewalk Construction

In comparison with previous years, a considerable amount more of bituminous sidewalk construction requested by petitions from abutters was completed this year. 4,032 square yards of gravel walks were topped with a 2" thickness of premix material. 3,070 square yards of old gravel walks were flushcoated with tar. A total of 9,957 square yards, or 3.8 miles of bituminous sidewalks were constructed this year, 2,855 square yards of which were done under WPA. A total of 8,205 square yards or 3.1 miles of old bituminous walks were seal-coated with tar, 2,665 square yards of which were done under WPA. 150 square yards of granolithic sidewalks were constructed this year under the Betterment Act, 50% of the cost being assessed to abutters. Approximately 320 square yards of granolithic sidewalks were repaired, most of same being in business sections of the Town.

Hurricane Repairs

208 square yards of concrete walks, 267 square yards of tar walks, 630 square yards of berms and 146 square yards of macadam road surface were repaired at an estimated total cost of $2,000.

Snow and Ice Removal

54.5 miles of public highways and 14.7 miles of private ways are plowed. The purchase of the new Mack truck equipped with plow has eliminated the necessity of hiring one privately owned truck. 11 pieces of equipment are still available for road plowing and the routes and manner of plowing remain the same. The available equipment consists of the following: 7 Town owned plows installed on trucks of the Sewer, Water, Highway and Forestry Divisions; 1 Town owned plow installed on privately owned and operated Mack truck; 2 Fordson tractors equipped with wooden V plows; 1 Ford truck equipped with V plow, privately owned and operated. One Best tractor equipped with V plow and wings is also available during emergencies.

Sidewalk plowing accomplished by hiring 15 horses is performed in the usual manner, but each year it becomes more difficult to obtain such horses. Two Cletrac tractors are also available for sidewalk plowing.

Chapter 90 Roads

The Town appropriated $1,000 as its share for maintenance of Chapter 90 roads so called. Contracts and agreements were made by both the County and the State to contribute a like amount, but not until late in September, and at that time, emergency work caused by the hurricane prevented the start of such road maintenance work. However, the respective amounts have been set aside for use during the early part of 1939 and we are recommending that the Town appropriate an additional $1,500, thereby providing a total of $7,500 for 1939 work. Chapter 90 roads consist of the following: Great Plain Avenue, 3.66 miles; Dedham Avenue, 0.88 miles; Central Avenue, 3.41 miles and South Street, 0.15 miles. A considerable amount of work should be undertaken next year, especially on Great Plain Avenue.

Betterment Street Construction

A total of .875 miles of new streets were accepted by the Town this year, and with the exception of 350 feet of Manning Street previously constructed by private developer in accordance with Town specifications, the following streets were constructed under the Betterment Act:

Garden Street	745 feet
Glendoon Road	640 feet
Melrose Avenue	650 feet
Carey Road	973 feet
Mayflower Road	1,262 feet
Total	4,270 linear feet

Street Lighting

On January 1, 1938 the system consisted of the following lights:

889	80 c. p.
8	250 c. p.
37	600 c. p.
20	1,000 c. p.

The total annual operating cost of the above was $22,451.52.

The Boston Edison Company assumed an allowance for outage of lights due to hurricane damage resulting in a deduction of $1,211.65 which was returned to the treasury.

Additional lights have been installed on public ways where necessary and on private streets as authorized by the Town. The system now comprises:

913	80 c. p.
8	250 c. p.
37	600 c. p.
20	1,000 c. p.

The annual operating cost of above is now $22,943.50.

Relief Work

This Division has been assisted this year by 2,803 man hours of labor supplied by the Welfare Department. During January, February and March, an average force of 12 men were employed in widening the curve of Charles River Street near Pine Street, which work was completed by regular Highway Division employees.

Sewer

Mr. Norman M. Winch supervises the work of this Division with 5 permanent men, 2 regular, and an average force of 12 temporary employees and occasional WPA crews.

Maintenance

The annual cleaning, flushing and dragging of mains to prevent accumulation of sewage deposits, has been systematically carried on as in past years. A 50-foot section of the 18-inch Garfield Street Interceptor extending westerly from Grant Street was replaced. This pipe line was installed in 1925. Extreme difficulties were encountered due to the character of the soil. An 8-inch under-drain installed for the purpose of lowering the ground water level, has evidently been drawing fine sand in such quantities since its installation as to weaken the foundation of the sewer pipe, thus finally causing the 18-inch pipe to collapse.

House Connections

During the year, 68 connections were made to houses as applied for by the owners. A total of 4,199 linear feet have been installed and the costs for same were assessed to applicants.

Construction

Each year it appears that costs for sewerage installations requested by abutters exceeds the amount of available funds. Accordingly, the greater portion of such installations are made under WPA.

A total of 3,162 linear feet of main sewers have been laid this year at a cost of $9,868.50 to the Town.

The construction of the West Street Sewage Pumping Station has been made possible this year by appropriation of $14,500 by the Town and approval by the Federal Government of a PWA project estimated to cost $12,100 from Town funds and $9,900 which will be contributed from Federal funds. The following contracts have been awarded: Contract No. 1 to Poorvu Construction Company for Construction of Station, Retaining Wall, Landscaping and Other Miscellaneous Work, $7,613.50; Contract No. 2 to Ralph P. Hall, Inc., for Furnishing and Erecting Sewage Pumping Equipment, $6,324.00.

Total Contract Price	$13,937 50
Estimated Contingencies	950 00
Estimated Engineering	1,600 00
Preliminary Expenses	350 00
Legal and Administrative	200 00
Total	$17,037 50

From the above it appears that the Town cost will be under $10,000. The completion of this installation will permit the use of 3,500 feet of gravity flow sewers and 1,430 feet of force main previously installed and now desired by abutting property owners who will be assessed a total of about $10,400 for such betterment.

In addition to the above sewers, a total of 5,980 linear feet of mains installed during 1933 for the purpose of providing work for the unemployed are not as yet connected for use and, accordingly, assessments amounting to $19,300 have not been levied.

Upper Falls Sewerage District

Petitions have been presented by property owners in both north and east Needham sections for installation of sewers. The initial construction including the station, force main and intercepting sewer from Highland Avenue is estimated to cost $30,000. Gravity flow sewers to serve North Needham are estimated to cost $12,000. Interceptor and gravity sewer to serve East Needham is estimated at $18,000. To finance such a construction program, we would of necessity be required to obtain a bond issue. The sum of $100,000 has been raised in such manner during the past ten years and with the exception of $9,000 outstanding on a $30,000 bond issue of 1931 at 3½%, all has been paid in full.

For further financial details and information relative to the Upper Falls Sewerage System, we refer to the annual report of last year.

Water

Mr. Roger G. Oakman supervises the work of this Division, assisted by 8 permanent, 3 regular and 33 temporary employees.

Maintenance

The annual cost necessary to meet the required obligations was $31,738, substantially the same as the previous year, expended as follows:

General Maintenance	$10,360		
Building	$2,362	Pumping	$7,421
Mains	1,572	Supply	351
Meters	4,030	Services	5,642

The standard color of hydrants was changed to a yellow barrel with red top. This combination was adopted by the New England and American Water Works Associations and the National Board of Fire Underwriters as being a combination of colors having the best visibility at night with little impairment due to rain, snow or fog.

The old steam boilers discontinued since 1936 at the Dedham Avenue Station were removed by the School Department for installation in the Junior High School. Inspection showed them to be in excellent condition after being in use for more than 25 years. We propose to dismantle the engine and remodel the inside of this Station to provide for much needed additional space.

The Diesel engine at Station 3 was dismantled August 9th for the purpose of inspection. It was found that the wear on the cylinder walls was practically negative considering the hours of operation of this unit. Pumping by electric power from Stations 1 and 2 cost $2,048.27 for 40,956,000 gallons pumped. Fuel oil and lubricating costs were $1,625.28 for pumping 214,723,000 gallons by Diesel power from Station 3.

Construction

A total of $64,850 available for construction work was expended substantially as follows:

Replacement of small pipe	1,698 ft.	$4,015
Extension of mains	2,445	7,430
Installation of new mains	6,607	13,006
Services to houses	6,830	8,140
Pine Street main (WPA)	1,972	6,737
Main Replacements (WPA)	1,187	1,663
Charles River Street main	3,488	14,476
High Rock and Robinwood mains	2,477	7,200

Continuing the program for extending mains to the new source of supply on Charles River Street necessary to deliver maximum capacity from this well, a total of 5,460 linear feet of 14" main was laid from Central Avenue in Pine Street and Charles River Street to Grove Street. Wrapped and lined steel pipe was installed in Charles River Street in place of the lined cast iron pipe. This resulted in a saving of about $2,500 including handling and laying costs. This 14" main is now complete from Fairview Road in Marked Tree Road, Central Avenue, Pine Street and Charles River Street to the site of the new supply.

During the month of July, a maximum of 620,000 gallons per day was pumped from this supply and during August, a maximum of 783,000 gallons per day was pumped. On August 31st, all pumping operations were stopped for a period of 10 hours at which time the storage supply more than equalled the consumption.

This Diesel plant has been pumping continuously 24 hours per day since its installation in February, 1937, except for periodic shut-downs for inspection purposes. After completing the 14" main in Charles River Street during the month of September, a maximum capacity of 875,000 gallons per day was pumped.

The following installations totaling 5,100 linear feet remain in the program to be continued annually to obtain the proper distribution of the maximum capacity from this new source of supply:

Marked Tree Road	$7,000	Chestnut Street	$3,000
Oak Street	12,500	School Street	7,500

Since the flood conditions which occurred during the month of July, at which time the total rainfall for the month was 9.61 inches, a minimum amount of water has been pumped from Station 2 on Great Plain Avenue for the purpose only of maintaining this supply. The water at this loca-

tion rose to a height of 2" above the foundation walls of the building and completely flooded the well field to a depth of from 5 to 8 feet. The new supply on Charles River Street will now provide for the maximum requirements of the Town with the assistance of about 400,000 gallons per day which may at all times be available from the Dedham Avenue plant, and such other quantity as may be required from the Great Plain Avenue plant. A long-range program has been established for the accomplishment of the following work to such extent as may be possible to finance from available funds estimated at a rate of $15,000 per year after providing for installations in new developments: $50,000 for extensions to mains necessary to improve the distribution system; $20,000 for replacement of small size pipe serving as mains.

WPA

Your Superintendent has continued the administration of WPA by acting as Town WPA Agent. Office details, records and reports required by the Federal Government have been carried on by Mrs. H. Maude Church.

A large portion of new construction work performed during the year has continued in conjunction with WPA whereby the Federal Government has supplied the labor and the Town has furnished equipment, materials and supervision. The particular public improvements accomplished by WPA have been the extension of the water main through Pine Street; elimination of hazardous conditions at various street intersections and curves; sewer construction in the Birds Hill district; and the much needed outlet for storm water from Needham Square at Chapel Street and Great Plain Avenue was installed in Great Plain Avenue, Garden Street and May Street to the brook. The following summary shows all projects operated during the past year:

Name of Project	Federal Funds	Town Funds
Pine Street Watermain	$6,039 80	$6,856 75
Watermain Replacements	1,437 00	1,543 56
Storm Water Drains	16,500 00	6,958 14
Improving Street Intersections and Curves	6,770 00	2,056 43
Bituminous Sidewalks	3,882 00	2,176 41
Street Reconstruction	817 46	665 71
Hurricane Repairs	1,032 00	160 75
Forest Fire Prevention	1,440 00	84 15
Civil Engineering and Statistical	8,949 00	210 58
Sewing	5,838 49	1,481 37
Commodity Distribution	1,709 63	1,311 36
Administration	.....	1,139 35
Street Repairs	.....	969 63
Unclassified	.....	1,848 07
	$54,415 38	$27,462 26
From Special Town Articles:		
Sewer Construction	$11,430 00	$4,782 54
Mayflower Road Construction	3,789 00	4,981 48
Moth Suppression	2,181 46	1,100 00
Total	$71,815 84	$38,326 28

A total of all payments made by the Federal Government for relief labor employed on Town projects since the beginning of this program is $567,047.94. An average of more than 100 persons employed weekly during the past year were paid a total of $71,815.84 in wages from Federal funds for work performed on various projects to which they were assigned. This has resulted in considerable saving and the accomplishment of much

construction work which otherwise would have been financed wholly from Town funds.

It is difficult at this time to predict the number of workers to be maintained by the Government during 1939, but the following summary of the approved projects together with proposed projects will furnish such Federal funds to provide for the employment of more than 100 persons during the coming year.

Name of Project	Federal Funds
Tree Surgery	$6,772
Moth Suppression	4,665
Mosquito Control	13,860
Storm Water Drains	4,845
Reconstruction Wall (Central Avenue)	3,498
Bituminous Walks	6,342
Sewer Construction	14,514
Survey of Drainage System	1,531
Contour Map of Town	5,650
Sewing	4,000
Total	$65,677

GENERAL STATISTICS

The Geodetic position of the Needham Town Hall established by the North American Datum is latitude 42 degrees 16 minutes 51.567 seconds and longitude 71 degrees 14 minutes 13.047 seconds. The elevation of Needham varies from 85 to 304 feet above mean sea level.

Estimated Population December 31, 1935	12,035
Estimated Population December 31, 1938	12,650
Area of Town, 159.9 acres water, 8,002.1 acres land	12.75 sq. miles
Park Lands	22.05 acres
Water Works Land	193 acres

Conclusion

The hurricane of September 21st, caused serious damage to hundreds of Town trees and completely destroyed many years of tree growth. Prior to this catastrophe our trees had been restored to a good condition due to extensive pruning and surgery work accomplished during the past few years by WPA forces. The devastating wind struck Needham about 5.00 P.M. Crews from all Divisions of the Department were immediately organized and dispatched to various sections of the Town by routes established for snow plowing. On the following day, all roads were passable for public travel, but, for a period of about one month, men remained on this emergency work removing trees, stumps, branches, and repairing streets, walks and fences. Fortunately, we obtained permission from the State Department of Public Works to finance this work from the Chapter 500 Highway Fund or Gas Tax money, totaling $18,050.00 which Needham received.

The total expenditures from all sources for Public Works during the year were $272,670. An additional sum of $35,451 was left unexpended from the total available funds of $308,121. The sum of $12,758 will be returned to the treasury and the balance will be carried over to continue such special construction work next year.

The additional amount of funds and the difference in classifications of work performed this year as compared to 1937, allowed a higher percentage of the expenditures to be paid for wages. Steady employment was extended for about 70 extra men from April 1st to December 31st. This is the first time for many years that it has been possible to maintain such a force for so long a period. Accordingly, with a total of about 115 men on all Divisions of the Public Works and a similar number on WPA projects, no serious unemployment problems were presented.

Acknowledgements

In closing this report, we most heartily extend our thanks and appreciation to all other Town Departments who have so readily rendered their assistance and co-operation; and to the Boston Edison Company, New England Telephone Company, private property owners, and all those citizens who associated with us during this exceptional year, especially in our efforts to perform those unforseen obligations caused by flood and hurricane.

Respectfully submitted,

LESTER C. HOLLIS,
Superintendent.

SCHOOL COMMITTEE

Name	Term Expires
Maurice V. Brown, *Chairman* 909 Webster Street	1941
Gertrude W. Queen 47 Alfreton Road	1941
Irving H. Cowdrey 748 Webster Street	1940
James K. Sanborn 75 Prince Street	1940
Stimson Wyeth 165 South Street	1939
Gertrude T. Loomis 847 Webster Street	1939

MEETINGS AND OFFICE HOURS

1. Meetings of School Committee

Regular meetings of the School Committee are held on the second Tuesday of each month at 7.45 P.M., in the School Committee room in the Emery Grover School Building, 1330 Highland Avenue.

2. Superintendent of Schools

Office: Emery Grover School Building.

Office Hours: 3.30 to 4.30 P.M., on school days; 9.00 A.M., to 12.00 M. on Saturdays by appointment. Other hours by special appointment.

3. Secretary to Superintendent of Schools

Office: Emery Grover School Building.

Hours: 8.15 A.M. to 12.00 M., and 1.30 to 5.00 P.M., on school days; 9.00 A.M. to 12.00 M., on Saturdays. During school vacations and on other days on which the schools are not in session the office of the school department is open from 9.00 A.M. to 12.00 M., and from 1.30 to 5.00 P.M.

School Calendar

1938–1939

Fall Term	September 7 to December 23	16 weeks
Winter Term	January 2 to February 17	7 weeks
Spring Term	February 27 to April 14	7 weeks
Summer Term	April 24 to June 21	9 weeks

No School Days

October 12, Columbus Day; October 28, Teachers' Convention; November 11, Armistice Day; November 24, Thanksgiving Day; November 25, Day after Thanksgiving Day; April 7, Good Friday; May 30, Memorial Day.

SCHOOL COMMITTEE'S REPORT

To the Citizens of Needham:

The School Committee hereby submits its annual report.

We have had a great many major repairs during this past year upon our school buildings which have necessitated the expense of considerable extra money. The work upon the Senior High School is now completed, and we believe, we have finally succeeded in making the building shed water. We were able to make some much needed improvements in the boys' and girls' locker rooms and other incidental needed repairs to the building, with the money appropriated by the Town.

In our Junior High and Emery Grover Schools, we have combined the heating plants. Though we had to call on the Finance Committee for extra funds this year, we hope the heating plant will be in a satisfactory condition for at least twenty-five years, and eventually save the cost of installation by economy of fuel consumption.

We were also called upon to expend about $900.00 for extraordinary repairs to our school buildings due to hurricane damage.

With the help of the PWA, we are building an addition of two rooms on the Harris School, which will relieve the over crowded condition in that district. We are also building a beautiful new four room New Dwight School which will be capable of housing 125 pupils. This building will alleviate the formerly bad conditions in that district and, thereby, benefit the whole school system.

We are making a thorough study of the Riverside district and hope to have some constructive plan to offer for consideration of the Town at its annual Town Meeting.

Again we are asking that the salaries of our teachers be placed on a basis more nearly comparable to those of other communities in our area. We especially desire to have the balance of the cut in salary returned to our teachers, who have been so faithful to us, all these years. We are asking for a sufficient amount in our budget to make this return.

The School Committee has spent a great deal of time this year upon the various school problems and have tried to solve these problems for the best interest of both the school and the town. We wish to thank the Finance Committee for its co-operation and also the Townspeople for their loyal support and constructive criticism. A continuance of this policy cannot help but work for the best interests of our school children.

Respectfully submitted,

MAURICE V. BROWN, *Chairman*,
IRVING H. COWDREY
GERTRUDE W. QUEEN,
GERTRUDE T. LOOMIS,
STIMSON WYETH,
JAMES K. SANBORN.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee of Needham:

I am submitting my fifth annual report as superintendent of schools. This is the forty-sixth in the series of annual written reports concerning the schools of Needham.

Following this report are the reports of Principal William F. Pollard of the senior high school, Principal Harold A. Rice of the junior high school and Miss Irene E. Conway, elementary supervisor. I commend these reports to your careful consideration.

A Growing Town With a Bright Future

Each year I have devoted my annual report to a single feature of the schools. This year a particular topic seems especially appropriate for consideration. Needham is a growing town. I am convinced that it has a great future. This year one new elementary school building is being constructed and an addition to another is being built.

In view of these facts it seems most desirable to give consideration to properly designing our growing school system. In building a house the first step before even the foundation is laid is to draw a plan. It is unwise to build one room with no idea of what the completed house is to be like and then to add room after room without any plan for the entire structure. Likewise, in a growing town, it is most desirable to give consideration to careful planning of the school system which is to be built as the municipality grows in population. I shall discuss only certain external features of this development.

Designing a School System for Needham

In designing a school system in order to make certain that growth takes place along desirable and well-co-ordinated lines it is necessary to consider two aspects of the question. (*a*) The school system should meet all reasonable educational requirements which are intended to provide suitable education for the children. (*b*) The school system should be economical both in its management and in the type of organization which is selected. It is possible to build a school system which combines both of these elements.

A modern school system consists of three co-ordinated and sequential units, namely: the elementary schools, which now usually include the nursery school, the kindergarten and the first six grades; a junior high school, which takes up the inflation which formerly existed in the seventh and eighth grades and introduces the pupil to secondary school studies at the beginning of the seventh year; the senior high school, which provides for college preparation and offers a broad program pointed toward intelligent citizenship and some pre-vocational preparation for pupils who do not plan to enter college.

Plans for Elementary School Organization

Several different plans for elementary school organization prevail in this area.

(1) One town in the metropolitan area which is about the size of Needham has a superintendent of schools, three full-time district supervising principals as well as an assistant principal in each of the schools except two very small schools. The three principals are full-time supervisors and each receives a salary of $2,500.00 a year. Thus $7,500.00 is spent for supervision in addition to the superintendent of schools and the principals who have administrative charge of the several buildings.

(2) Another town in this area which has about the same population as Needham has an elementary supervisor, a full-time teaching principal in

each building and a teacher who acts as principal's assistant in every school except the largest school in which are two principals' assistants.

(3) Another type of organization provides an elementary supervisor and in each building a teaching principal who does not have an assistant principal to aid her in her duties.

Economical Type of Elementary School Organization

Our elementary schools are tending toward the third type of organization among those which have been described. The superintendent of schools is by law the executive officer of the School Committee and in a school system like ours devotes considerable time to classroom supervision. The elementary supervisor is an active classroom worker, spends the greater part of her time in the schools and co-ordinates the entire elementary school system. Her position replaces that of one of the former supervising principals and is not an additional position. In a town like Needham one supervisor and a superintendent who gives much attention to the classroom are sufficient for all necessary supervision.

No other form of organization is as economical in operation as is this plan. In Needham, spread out as it is, with little congestion of population, an organization which provides small elementary schools in the different population centers is the best plan for an economical and efficient school system. In each of these buildings the teacher of the highest grade can be a full-time teacher and at the same time can serve as administrative principal of the building. Under this plan one elementary supervisor can do the work of the former two supervising principals and a considerable saving in salaries can be made. In each of our buildings, except the Stephen Palmer School, one of the regular full-time teachers acts as principal. In the Stephen Palmer School next year with the reduced enrollment which will occur by the opening of two additional rooms in the Harris School and the opening of the new Dwight School, the principal can be a full-time or nearly full-time teacher and thus save one teacher. This building will have next year not greatly in excess of 375 pupils.

Economy in Staffing Our Schools

Our elementary school enrollment for several years has shown a downward trend, but for the past three years it has been nearly stationary. These are the figures for membership on October 1, for a ten-year period, but the number for 1939–1940 is based on a prediction formula: 1930–1931, 1525; 1931–1932, 1528; 1932–1933, 1634; 1933–1934, 1582; 1934–1935, 1584; 1935–1936, 1441; 1936–1937, 1346; 1937–1938, 1364; 1938–1939, 1328; 1939–1940, 1335.

I believe that all reasonable economy which does not sacrifice essential needs should be practiced in the staffing of our schools. I think that it may be possible next fall to open the four additional rooms in the elementary schools without adding to the number of teachers. It may be possible by economical organization of classes to get along next year with several less regular teachers in the elementary schools. A need exists, however, for one additional teacher of music in the elementary schools. One additional teacher is needed in the junior high school and the principal of the senior high school has asked for two additional teachers.

Number and Location of School Buildings

The question of number and location of school buildings enters into the planning of a school system. It has already been said that in a residential town like Needham, which is more like a great park than a congested village or city, small elementary schools will be the rule. The new Dwight School will have about 125 pupils next year and it will be the center of a desirable attendance area. The enlarged Harris School will accommodate 290 pupils. It will provide for the needs of this growing area. In the near future a

modern six-room school building should be built in some convenient location about half way between the present Eliot School and the former Riverside School. This building will take care of any overflow in the William Carter School and the Avery School in case a large growth in population occurs in the area of Carleeta Park. Such growth seems already to be beginning. In the not too distant future the growth in population may make it desirable for the town to provide an elementary school building at some point on or near Chestnut Street and about a mile from the Square to accommodate pupils who live in the vicinity of Laurel Drive and High Rock Street. This expansion of population outward from the center of town will be likely still further to reduce the enrollment in the Stephen Palmer School, for another new attendance area some distance down Chestnut Street would include a semi-circle extending toward Needham Square just as in the same way the new Dwight School area will encroach upon the area of the Stephen Palmer School.

Small and Economical School Units

The idea is that whenever population increases in any section somewhat distant from other elementary schools so as to constitute a sufficient attendance area to provide between thirty and forty pupils for the kindergarten and each of the first six grades, a school building should be constructed in that neighborhood. Thus every pupil would have an elementary school within reasonable walking distance of his home. Little or no transportation would be required in the elementary schools. Such a school would be an economical unit. Seven teachers would be required. One could be a full-time teacher and also act as principal of the building. One janitor would be sufficient. Supplies would cost no more than in a larger building. The slightly greater economy in heating a larger building would be more than offset by obvious savings in transportation and other economies which would be found in these smaller school units.

It seems desirable that eventually there should be five centers in which a sixth-grade elementary school would be located: a relocated Eliot School, the William Carter School, the Harris School, the Dwight School, the Emery Grover School and a new school to be constructed in a few years at some point out on Chestnut Street.

Small Buildings Planned for Later Enlargement

Under intelligent planning it is possible in any new and developing population area to build first a small building which may be the first unit of a larger structure. Our new four-room Dwight School is planned as the first unit of an ultimate fourteen room building. The complete plans originally drawn for the Harris School include thirteen classrooms and a children's assembly room. A neighboring town has just constructed a two-room building which has only (a) a room for the kindergarten and (b) a room for a primary grade. The building is, however, planned as the first unit of a ten-room building. At the present time this building accommodates only the very youngest children who live in that area. It enables these small children to attend school near their homes. When the area grows sufficiently in population and enough children are available for a class of thirty or more in each of the first six grades, the building will be enlarged according to plan to include all elementary school children in that area. This idea has much to commend it.

Thus a complete elementary school system for Needham planned along economical lines will be provided. The enlarged Eliot School can accommodate all pupils in North and East Needham. The William Carter School can accommodate all elementary school pupils north of Rosemary Street who do not attend the Eliot School. The enlarged Harris School can accommodate all pupils east of some line which possibly, at the present time, might be Stevens Road. The Dwight School can accommodate all pupils of elementary school age between the Wellesley line and Newell

Avenue and Marked Tree Road. The Emery Grover School can accommodate all sixth grade pupils inside the boundary lines of the areas which have just been mentioned. The Stephen Palmer School can accommodate all pupils in the first five grades in this same area. This would make an ideal school arrangement for Needham and would provide a complete elementary school within walking distance of nearly all elementary school pupils.

Necessary Features of Elementary School Buildings

In the construction of any new elementary school buildings it is desirable that several features should be provided:

(a) Every elementary school should have a small assembly room with a small stage. This would not be primarily for the use of the public. It is necessary to have an assembly room for the proper education of children. This provides for group singing, programs, operettas, dramatics, and other similar group work which is as necessary a part of a child's education as are any other studies. By the use of an assembly room a great many opportunities can be brought to children which are otherwise denied to them. This year the pupils of the Stephen Palmer School have had to go frequently to the junior high school auditorium, at considerable inconvenience to the junior high school (since that room is used both for a gymnasium and an auditorium) and with considerable disadvantage to the Stephen Palmer School, for programs which have had great educational value for the pupils.

(b) Every elementary school should have a small lunch room with opportunity to furnish one hot dish at noon, for in any such school a considerable number of pupils remain during the noon hour.

(c) A small children's library well supplied with books and with reading tables of different sizes should be provided in every elementary school building. This is one of the most essential parts of the school.

(d) Either a small gymnasium or an adequate play room should be found in every elementary school building. Teachers of physical education are under a great handicap in having indoor play in cold or stormy weather in school rooms which have desks fastened to the floor and which are neither large enough nor suitable for play.

(e) Other rooms which should be provided in every elementary school building are: school nurse's room; a small office with lavatory for the principal; textbook and supply rooms; teachers' room with lavatory; special-class room; industrial and household arts rooms; remedial room; and other similar facilities.

Junior High School Crowded

The present junior high school building is now crowded considerably beyond its capacity. This crowding prevents the school from having adequate quarters for art, music, home economics, industrial arts, library and similar types of work which are needed in a junior high school. If the town grows at all, something must be done, for the present building will not house a greater number of pupils.

It would be possible to build an addition to the present junior high school. This plan has some disadvantages. The grounds are not sufficient in size for a large junior high school. Educational authorities are greatly emphasizing the importance of having several acres of land for the grounds for a junior or senior high school building. Structurally the present building would not adapt itself well to the kind of addition which would provide the necessary facilities. More opportunity is greatly needed for work in industrial arts, household arts, music and art. This type of work is being greatly emphasized at the present time in the junior high schools.

Enlarged Avery School for Junior High School

It will be possible to build an addition to the Avery School and convert that school into a second junior high school. The present Avery

School is a four-room building and is two stories in height. The four classrooms are on the two floors with a wide corridor extending across the rear of the building. On each end of this corridor is an exceptionally large vestibule which projects beyond the rest of the building. Corridors extending straight back from these vestibules could have a row of classrooms on the outside of each, which would give ample classroom area. This would leave room in the center for a gymnasium and an auditorium. For the present this enlarged Avery School could accommodate the upper grades now housed in the William Carter School as well as a junior high school. One principal could administer such a building and the plan would be quite a desirable arrangement.

Under this plan the William Carter School would have a kindergarten, two first grades, two second grades, two third grades, two fourth grades and one special class. With a new and enlarged Eliot School located more centrally in North and East Needham, the enrollment in the William Carter School would not exceed the limits of the building for a good many years.

The present Stephen Palmer School lacks a number of important facilities among which are: a children's gymnasium; a children's assembly room; an adequate principal's office; two special-class rooms; two remedial rooms; a lunch room; a children's library. The added school facilities which are now being provided by new construction in other parts of town, and which will result in reducing the enrollment in this school, will make it possible to provide some of these facilities in the Stephen Palmer School.

School-Plant Planning as a Part of Town Planning

A great deal has been written in recent years on town and city planning as well as on school-building planning. Students of the subject now believe that every new schoolhouse should be a part of a comprehensive school building plan for the town or city in which it is located. The plan for developing school buildings should always be closely related to the general town and city planning. It is hoped that in Needham town planning will include school-plant planning and that the School Committee will have a part in such planning. It is very desirable that town planning boards and city planning commissions and school committees should work in close co-operation.

Aim to Avoid Haphazard Expansion

All these proposed schoolhouse projects seem to fit well into desirable town planning and equally desirable school-plant planning. All that is said on this subject in this report is based upon the expectation that the town will increase in population. These plans apply only in case that happens. After the new Eliot School is built, it may be ten years before any new school buildings are required. When population does increase, some addition to the school plant will be required. If the town grows, it will cost no more to build according to a well-conceived plan than to indulge in haphazard expansion, which is likely to be uneconomical in the end.

These are some features, but not all, in a well-designed school system for a town of Needham's size, type and location, so far as organization and placement of buildings are concerned. As the town grows all this can be accomplished with as little expense as would otherwise be incurred. In fact, plans indicate that the present organization of the school system in Needham is the most economical one under which these desirable educational objectives may be attained.

The Two Immediate Problems

(A) The situation at the Eliot School demands attention. All the pupils of the area of the Riverside School are now transported to the Eliot School. The building is an old wooden structure. All such buildings to some extent are fire hazards. The building lacks the facilities which a modern elementary school should possess. Five teachers are required to work in four

rooms. Steps should be taken at the next town meeting to remedy this situation. Three things are among the possibilities: (a) The town could build a modern seven-room building at some contral point between the former Riverside School and the present Eliot School—which in the end would be the most economical solution; (b) The town could build now a two-room building on the location of the former Riverside School or at some other point in that vicinity, and build a new five-room building to replace the present Eliot School; (c) the town could make a start now by constructing on the location of the proposed central building, a two-room unit for the kindergarten and first grade pupils from both the Eliot and the Riverside Schools, and later enlarge it into a six-room building.

(B) If the town grows, the Junior High School will soon present an acute problem. It is now considerably overcrowded. I believe this situation can be left until another year. The decrease in enrollment in that school next year may solve the problem for several years.

Planning for Both School Needs and Economy

Our problems lie in the future. In a growing town like Needham careful planning must be done. Vision must extend to teaching, organization, intelligent and economical extension of school facilities as population grows and deep consideration for the taxpayer in these difficult times. Every expenditure should be carefully safeguarded. It should be the aim to get maximum value for every dollar expended. Provision should be made for all essential needs of the schools.

Pupil Welfare the Ultimate Aim

I have enjoyed my work with the School Committee. I wish to express to them, to the Finance Committee and to the town representatives who constitute the town meeting, my deep appreciation for the consideration which has been given to school needs and school problems in Needham. It has been my function to make recommendations and that of the School Committee to give them consideration and approve or reject according to their best judgment. It is my desire to work with every board and agency in Needham for the ultimate welfare of the children who are growing up to manhood and womanhood in the town and who are members of our school system.

Respectfully submitted,

HARRY A. BROWN,
Superintendent of Schools.

REPORT OF PRINCIPAL OF SENIOR HIGH SCHOOL

Dr. Harry A. Brown,
Superintendent of Schools,
Needham, Massachusetts.

Dear Sir:—I herewith submit my annual report for the 1937–1938 school year of the Needham Senior High School.

Graduating Exercises

The graduating exercises of the class of 1938 took place on Tuesday, June 21, at 8.00 P.M. One hundred thirty-two members of the class received their diplomas from the Chairman of the School Committee, Dr. Maurice V. Brown. The essayists were Elsie R. Praetsch, Eleanor Webber, Roger C. Griffin, Jr., and George L. Kline. The central theme of the essays was "Man's Contributions to Human Welfare." The entire program was of a high order.

The class gift to the school was a very fine delineascope. It will be a valuable aid to us in our school work.

I take this opportunity to thank all who made available the prizes awarded at graduation. I herewith gratefully acknowledge the following gifts to the school: books for the library from Miss Eva H. Churchill; athletic magazines for the library from Mr. Asa M. Small; a bass drum for the school band from Needham Post No. 14, American Legion.

One Teacher Added to Staff

Our increased enrollment this year made it necessary to hire an additional teacher to teach French and English. Miss Margaret C. Kenney, a graduate of our high school in 1930, and later of Wellesley College, was elected to fill the position. I am pleased to report that she is doing very acceptable work.

Miss Mary W. Matheson

The school suffered a very severe blow on Saturday, October 1, when Miss Mary W. Matheson passed on to her reward. At a school assembly held on Monday, October 3, the following tribute was paid to her memory:

"It is with deep reverence that I speak to you this morning about the death of Miss Mary W. Matheson. She served as a teacher in our school system from May, 1923, until the close of school Friday, September 30. Very few have given of themselves to their chosen work as she did. Her knowledge of her subject was complete; her devotion to her work was evident to all; her interest in and her love for her pupils was very apparent to those who had the good fortune to come within her sphere of influence. Miss Mary W. Matheson was one of God's noble women. May her soul, in company with all the righteous who have passed on before her, rest in the hands of God.

"Out of respect for one who has labored efficiently and unselfishly among us, let us stand reverently, and in silence, for a period of one minute."

During the early part of December, Mr. Arthur H. Ingalls was elected to fill the vacancy in the commercial department caused by Miss Matheson's death. I have every reason to believe that he will fill the position in a satisfactory manner.

Evidence of Efficient Preparation for College

As definite evidence of the kind of work that has been done and is being done in our school, particularly in the field of college preparation, I submit the following facts: (1) Graduates of the class of 1938, several

with honors, entered the following colleges in September: Boston University, Bowdoin, Colgate, Dartmouth, Framingham State Teacher's College, Harvard, Massachusetts School of Art, Massachusetts State, Middlebury, Northeastern University, Norwich, Simmons and Wesleyan; (2) Graduates of our school were on the honor rolls last year in the following institutions: Boston University, Bowdoin, Dartmouth, Harvard, Massachusetts State College, Massachusetts Institute of Technology, Mount Holyoke, Northeastern, Simmons, Smith, Tufts and Wellesley; (3) William Lansberg, Dartmouth, 1938, was elected to Phi Beta Kappa. (This brings our total of Phi Beta Kappa students up to eleven during the last six years.) At commencement he was awarded the Pray Modern Language Prize which is offered "to the best scholar, throughout the entire collegiate course, in Modern Languages;" (4) Three of our graduates, Leonard Cronkhite, Walter Taylor and George Toney, won the Abraxas Scholarship Cup at Bowdoin. In connection therewith President Kenneth M. Sills wrote the following letter to me: "I want to send you this note of congratulation on Needham High School winning the Abraxas Cup this semester through the exceptionally fine work of Messrs. Cronkhite, Taylor and Toney. This cup is awarded annually to the school sending three or more of its graduates to the college who make the best scholastic record during the first semester. We will make arrangements a little later for the presentation of the cup. But I want you to know we are proud of your boys."

With such an array of facts before him even the most skeptical individual ought to be convinced that the Needham Senior High School does successfully prepare its students for college.

Art, Music and Physical Education

Our art department under the direction of Miss Marie C. Relli, is doing fine work. The work of a number of her students elicited very favorable comment from parents at the annual exhibition. The work exhibited on that occasion by the pupils of Miss Corrinne Cowdrey and Mr. Ernest J. Pelletier, respectively, was of a very high order. It also received its share of praise. Music has made great strides forward this year. Mr. William R. Fisher, our new director, is building up all phases of the work on a sound basis. The school band, which he organized, has made a most creditable start and promises, before the year is over, to become an outstanding organization.

Both Miss Margaret E. Carroll and Mr. Philip H. Claxton have conducted the work in physical education on a high plane. We have a good reason to feel proud of what has been accomplished under their careful, efficient direction.

Mr. Asa M. Small and Mr. Ernest J. Pelletier have done commendable work in the various phases of athletic work assigned to them. Mr. Fred L. Frost, as faculty manager, has done his usual good job.

The athletic activities of the school are in a healthy state from every point of view. Our teams in all branches of sport made commendable records during the year. The golf team had the distinction of winning the championship of the Norfolk County League. The spirit of co-operation and good feeling that has prevailed among players and coaches has been most commendable.

Extensive Repairs to Building

We greatly appreciate the work that has been done in and about the building in the way of repairs. The locker rooms are a great improvement over what they were; the gymnasium and lower corridor floors, respectively, are now in splendid shape. The weatherstripping on the west side of the building ought to make it a more comfortable place to work in on extremely cold days. It is my sincere hope that the comprehensive job of waterproofing that is being done on the building will solve in a satisfactory

manner a problem which has always been a troublesome one since our occupancy of the building.

Need For Salary Restoration

I sincerely hope that all teachers who are entitled to it will have their salaries restored this year. It is only natural that I should be particularly concerned in this respect about the teachers who come under my jurisdiction because they have given, and still are giving, the community a very high grade of service.

Two More Teachers Needed

In all probability our enrollment next year will reach the six hundred mark. That will necessitate adding at least two more teachers to the present teaching staff.

Seating Needs in the Gymnasium

The need of good seating facilities in the gymnasium from the point of view of comfort and safety is very urgent. Anything that can be done by you to hasten the day when that matter will be adequately taken care of will be greatly appreciated by all who have occasion to attend our gymnasium activities in the role of spectators.

Inadequate School Library

For a school of our size, the school library is very inadequately supplied with books. The amount of money available each year for reference books has been ridiculously small. It will never function as it ought to unless an adequate amount of money is set aside in the budget for it each year. Then, and then only, will it begin to occupy the place of importance that it should in our school life.

Something Done in Guidance

At the present time, in the field of secondary education, much time and thought is being given to educational and vocational guidance. We have endeavored, with the limited means and resources at our disposal, to do something worthwhile in this field, but I fear that it has been inadequate.

Some Fundamental Objectives

Our chief aim throughout the year has been to make as much of a success out of each pupil as nature would permit. In so doing we have stressed the necessity of clean living, regular and punctual attention to duty, hard work, co-operation with others, honesty, and straight thinking. We have endeavored to bring to each one a better conception than ever before of the blessings which he enjoys as a citizen of these United States with the hope that in future years he will conduct himself in a manner that will serve to preserve and improve this democracy of ours.

Expression of Gratitude

I am very grateful to all who in any way have had a part in making this year a successful one. I sincerely hope that I shall continue to merit the support of a fine student body, a loyal and able corp of teachers, a co-operative school committee, and a helpful superintendent in my efforts to lead the Needham Senior High School to even higher levels of achievements than those already attained.

Respectfully submitted,

WILLIAM F. POLLARD,
Principal.

REPORT OF PRINCIPAL OF JUNIOR HIGH SCHOOL

Dr. Harry A. Brown,
Superintendent of Schools,
Needham, Massachusetts.

Dear Doctor Brown:—It is a pleasure to submit to you my third annual report as principal of the Needham Junior High School.

Growth of the Junior High School

The Junior High School had a membership on October 1, 1938, of 615. For the nine years, 1930–1938, inclusive, the corresponding membership figures were 530, 566, 559, 553, 566, 591, 626, 598, and 615, respectively. That is, from its organization in 1930 to 1936 there was a steady increase in membership from 530 to 626, or 18.1 per cent, in six years. Since 1936, however, there has been a slight but clearly defined downward trend in membership figures; and, on the basis of current elementary-school enrollments, no change in the present trend is indicated. Nevertheless, the membership of the Junior High School this year is only eleven pupils, or 1.8 per cent, below the nine-year peak of 1936.

The present ninth-grade class, which numbered 238 on October 1, is the largest in the history of the school. The promotion of this class, of which the registrations in 1936 and 1937 were 245 and 237, respectively, will obviously be an important factor in the continuing downward trend in registrations predicted for the next few years.

Holding Power of the Junior High School

The following table shows the distribution of registrations by grades for the years 1933 to 1938, or the years for which figures are available:

Year	Grade Seven	Grade Eight	Grade Nine	Total
1933	202	159	198	559
1934	208	198	160	566
1935	214	199	178	591
1936	245	200	181	626
1937	174	237	187	598
1938	203	174	238	615

It is interesting to note that the registration of the present ninth-grade class is only eight pupils, or 3.2 per cent, below that of the class when it entered the junior high school 1936. This is the smallest decrease in membership recorded by any junior-high-school class. The class entering in 1933 for example, lost 24 pupils or 11.8 per cent of its membership; that entering in 1934, 27 pupils, or 13.0 per cent; and that entering in 1935, 27 pupils, or 12.6 per cent. Furthermore, the class of 174 pupils that entered the school in 1937 still had a membership of 174 on October 1, 1938. These figures tend to show that the holding power of the school is now virtually 100 per cent.

Turn-over in Personnel

During this year the personnel of the Junior High School includes one non-teaching principal, one clerk, twenty-one full-time teachers, one three-fifths time teacher, one person charged with full responsibility for the cafeteria, and three janitors. A change in policy in regard to the operation of the cafeteria at the beginning of the present school term made possible the employment of one fewer teachers in 1938-1939 than in the previous year.

During the year the school has lost the services of eight teachers. Thus slightly more than one-third of the teaching staff left the school during

1938. Of those eight teachers, seven have been replaced. The clerk and one janitor were also new to the school at the beginning of the year.

Program of Studies

While no new subjects have been added to the program this year, there have been some slight changes in the character and amount of materials offered in the various subjects. For example, in grades seven and eight the course of study in science has been modified with a view to increasing the emphasis upon health instruction and the time devoted to it. Safety and first aid have been stressed. In addition, time has been provided in the programs of teachers of health and physical education for physical-fitness tests and remedial treatments for pupils found deficient in one or more of the health factors considered in arriving at the physical fitness index score.

Additional time in industrial arts has been provided for groups of pupils whose interests and abilities are not primarily academic. In fact, for the first time all pupils in grades seven and eight are receiving two periods per week, one double period, of instruction in industrial arts.

In so far as it is administratively possible, classes are not offered fewer than two periods per week. In art and music, however, some of the classes still meet only once each week.

Teachers in the various subject-matter fields have met from time to time during the year with a view to improving practices and procedures. Some of the results of these meetings include: (1) two additional periods of instruction per week in seventh-grade English, with the literature and language taught by different teachers; (2) a better sequence of subjects and selection of materials in all fields; and (3) progress in correlating the materials in history and geography.

Last spring mimeographed copies of the ninth-grade program of studies, together with the program of the Senior High School, were sent to the homes of all eighth-grade pupils. The purpose of the pamphlet, which included explanations of subjects and courses, was to enable pupils and parents to make wise choices of programs, based on the interests and needs of pupils, and offering desirable continuity throughout the last four years of the secondary school. Plans are now being made for a more comprehensive bulletin for distribution to this year's eight-grade group.

It is the purpose of the Junior High School to avoid as far as possible, the prescription of subjects and courses. In fact, it has been the policy this year so far as the ninth-grade is concerned, to require only English and physical education of every pupil. In addition, one regular subject is required, depending on the course which the pupil plans to pursue in the Senior High School, leaving two regular full-time subjects and other special part-time subjects to be elected according to the interests and future plans of the individual pupil.

This year, for the first time, all girls except those planning to take college preparatory course, were permitted to elect household arts.

Ninth-grade pupils elected, aside from required subjects, the following full-time for the school year 1938–1939:

Algebra	116	Latin 1	85
Ancient History	83	Industrial Arts	26
General Mathematics	66	Science	132
Household Arts	28	Social Studies	62
Junior Business	91		

Of the 116 electing Algebra, 18 are not planning to take the college preparatory course in Senior High School. Consequently, only 41 per cent of the present membership of the Junior High School is planning to pursue a college preparatory course. It would seem, therefore, that the problem of the Junior High School is concerned largely with meeting the needs of boys and girls who do not expect to go to college.

It is interesting to note that the most popular elective subject in the Junior High School is science.

In addition to the regular subjects, 70 ninth-grade pupils elected art this year, and 110 elected music.

Extra-Curricular Activities

This year approximately two-thirds of the student body are engaged in some kind of club activity for one period per week. The club program, which has really been inaugurated this year, is purely elective. That is, pupils who are not interested in a club may have an additional study period.

An unusual interest in music is apparent this year. The number of pupils in the orchestra has almost doubled, there being 26 at the present time. Twenty-two pupils of the Junior High School are members of the joint Senior-Junior High School band. The interest in instrumental music has expanded until 63 pupils are now receiving instruction within this subject. And 110 boys and girls belong to the chorus.

The usual sports program includes inter-scholastic football, basketball, baseball, and soccer for boys, as well as a well integrated intra-mural set-up for both boys and girls. To this list hockey has been added this year as a new sport.

Building Improvements

During this year the School Committee has provided a fire curtain for the stage, which is greatly appreciated by the faculty. In addition, needed improvements have been made in the cafeteria and the gymnasium, in particular.

From funds raised by the school the stage has been equipped with a cyclorama, back drop, and other minor items. Also, the old wooden track of the front curtain has been replaced by a new steel track.

Aims of the Junior High School

The Junior High School permits no lowering of standards in teaching subject matter. On the contrary, the purposes of the school are more effectively realized in the reorganized school than under the old plan of organization which included an eight-grade elementary school and a four-year high school. This occurs by reason of the employment of better qualified teachers and the improved grouping of pupils according to their abilities, interests, and needs. In addition, Junior High School boys and girls are happier in their work on account of (1) a more intelligent recognition of individual differences, (2) an increasing opportunity to choose subjects and to participate in varied activities and (3) sympathetic and helpful guidance in discovering and following paths leading to particular niches in life. While formal instruction still has its place and will continue to be emphasized, pupils learn to live together, to develop self-control, initiative, and a sense of responsibility, and to cultivate desirable habits, attitudes and appreciations through participation in actual life situations. Thus in the Junior High School pupils learn good citizenship by practicing it and not merely by reading about it.

Interest in the Junior High School

The faculty of the Junior High School appreciate the splendid interest and co-operation of parents in the work that is being done, and feel very strongly that you and the members of the School Committee are lending us all the support and encouragement that you are able to give.

Respectfully submitted,

HAROLD A. RICE,
Principal.

REPORT OF THE ELEMENTARY SUPERVISOR

Dr. Harry A. Brown,
Superintendent of Schools,
Needham, Massachusetts.

My dear Dr. Brown:—I am pleased to submit to you my first annual report as elementary supervisor. I have served in the Needham schools only four months, but I have found a most co-operative spirit existing among the teachers and principals. I beg leave to submit the following discussion of some problems in elementary education related to our schools.

Function of Supervision

The ultimate aim and measure of all supervision is the progress of the child. Its function, therefore, is to improve the teaching and the learning which occur in schoolrooms. Its further aim is to improve the procedures of the schools in ways which will lead to the greatest growth on the part of both children and teachers. Supervision is not greatly concerned with getting teachers to adopt some particular "pattern" of teaching, but rather to help them to grow and improve in "their ways" of teaching.

How Supervision Operates

Supervision may be described as operating on a four-way path which includes scientific, creative, co-operative and democratic aspects. These may be briefly described.

(a) The scientific approach takes into consideration the new research in education with its results in revised conceptions of methods and technique for the classroom teacher. Just as medical research has revealed a great deal of new information which physicians may use to very great advantage and for the saving of many lives, in the same manner new information has been brought to light by research in education which makes teaching more effective.

(b) Creative supervision aids in helping teachers to think out individual problems and assists with suggestions which will aid teachers in developing original plans for teaching. The teacher who comes eventually to understand the nature of learning and the aims of the educative process places herself in a position to do the best teaching. The creative teacher is the one who can fit the right method to each situation and so guide her pupils that they learn in the best manner.

(c) Democratic procedures encourage policy planning through conferences in which experiences and projects are discussed and shared and joint enterprises carried out to a conclusion. Children are encouraged to plan and, after completion of an enterprise, to look back and see whether or not the planning was the best they could have done. If not, better planning is attempted next time. By experiencing democracy in schoolrooms, children can best learn democracy. Such learning was never more needed than at the present time.

(d) Co-operative planning through teachers' meetings makes group participation a factor in developing and stimulating originality. In group-initiated activities within each schoolroom pupils learn to plan together under the guidance of a teacher. It is found that these methods give the

best results in pupil learning and in encouraging pupils to work co-operatively in groups as they will do in present and later life outside of school.

The Nature of Elementary Education

Elementary education is intended to serve several very definite purposes. The kindergarten is chiefly concerned with character. The child's physical, mental and emotional characteristics need to blend into wholesome personality. The child learns how to co-operate with others and to work always for the common good of all. He does this through play, trips, dramatics, construction work, rhythms, and other similar experiences in which he is always a member of a group.

Reading is not taught in the kindergarten, but through experiences of the kind which have been described the child acquires "readiness" for reading which later enables him to learn to read in the first grade when he gets to that stage of development.

Many people think that very young children should spend more time outside of schoolrooms. To this end, summer camps, excursions, and participation in the activities and institutions of the community life are considered to have great value. These activities put stress upon personality growth, and they also enable children to connect the learning of the fundamental subjects with real-life situations. Talking pictures are likely to be a feature of schoolroom work and they bring many life-like experiences to children. Radio is now widely used in music, and it also brings many programs in science and other subjects.

It is a recongnized fact that the emotional patterns of human character are very largely formed before the child reaches the age of ten or twelve years. On the other hand, the child's intellectual development can continue as long as he lives.

Schools now emphasize happy and successful living and the solving of real-life problems even during the years when the child spends the greater part of his days in schoolrooms. In the past school and life have been too widely separated.

The Curriculum of the Elementary School

In accordance with these principles of learning, the curriculum of the elementary school consists of certain definite fields in which children work on a childhood level. All subjects in the elementary school curriculum begin in the nursery school or kindergarten and continue through the six years allotted to this unit of the school system. The tendency is all in the direction of studying fewer subjects and drawing together related subjects into larger fields. Periods are longer and children work co-operatively in groups or as individuals. A good deal of activity is involved, and children work without strain and get joy and pleasure in school work while at the same time they achieve childhood-level mastery of the things which are essential for the richest possible living as children.

It seems desirable at this point to present a very brief sketch of the elementary school curriculum as it now operates in the Needham schools. It may be included in ten categories.

1. *Reading and Literature.* Children are taught to read as soon as they have attained "readiness" for reading. Tests are available with which to determine when a child can be taught reading without danger of developing reading disabilities. Whatever a child reads, even in the first grade, is considered to be children's literature. Books are now available in abundance which contain the best of reading material even for first grade children. Social science and natural science contain material of great value for reading. Reading ability is an important phase of study ability.

Children are capable of study as soon as they have learned to read. Until the child can assimilate the material of the printed page he is unable to use books for study purposes. Whenever it is possible for any person to reflect as he reads, he has acquired study ability so far as books are concerned.

A good reading series is in general use in the first six grades. This series directs attention largely to meanings and consequently children are taught that reading is a thinking process. The content of reading in these books is so chosen that it awakens in children a keen interest and a strong desire to read.

Children are taught a small sight vocabulary of unanalyzed word wholes as they occur in their reading. Then later, they are taught to analyze words taken from their reading lessons until they have gained independent ability in phonics which enables them to pronounce any word which they meet in their later reading. At the very beginning of reading children learn visual word wholes in the same manner that they learn auditory word wholes in learning to understand oral speech. Analysis into phonic elements begins in the latter part of the first grade and continues until mastery is attained, which comes by the end of the third grade. It is bad procedure to make children word-element conscious at the very beginning of reading. Phonic mastery which comes slightly later is more effective in its results.

The work in reading includes: (a) interpretative oral reading of good literature; (b) silent reading for appreciation; (c) silent reading for information and study purposes.

2. *Oral and Written Expression.* Young children do a large amount of talking, and this is a very necessary part of childhood education. Children have a natural impulse to expression. If this is suppressed and thwarted, the child's mental development is likely to be hindered and retarded. Children are naturally "expressive." Their minds are full of ideas, and unless they are permitted free expression they are likely never to be fluent and facile in speech. Children in the primary grades are encouraged, therefore, to talk a good deal.

Handwriting begins in the first grade. One of the best and most widely used plans has been introduced in order to systematize the work in this subject. There is a proper relationship between meaning and drill; and handwriting is correlated with all other subjects, which gives an impetus to practice and drill. The aim of handwriting is based upon a three-fold purpose, namely: desirable legibility, reasonable and proper speed, and automatic facility in executing the handwriting movements.

Spelling is taught incidentally in the first two grades. It takes the form of showing children how to write correctly the words which they need to use in their written expression. In the third grade systematic teaching of spelling is introduced and a good word list is used. This consists of a list of words most commonly used in writing, and is a basic list for use in schools. Children are also encouraged to keep personal lists of words which they misspell. The aim is mastery of all words in each child's active vocabulary.

As soon as children have learned to write, more and more written expression is used, but oral expression also continues. Children are encouraged to write fluently about things in which they are interested. A strong motive to expression needs to be present. Gradually correct expression is attained by practice and by instruction in the conventions of written and oral speech.

3. *Mathematics.* Children are introduced to number concepts in the first two grades. Systematic teaching of arithmetic begins in the third grade and continues through the sixth grade. A series of arithmetics is used in all grades. These books are supplemented by as much drill and practice as is necessary and additional material is prepared by the teacher or chosen from other books. The emphasis is on problem solving.

In the initial learning of a process pupils see the need for that process in a real, practical problem-situation. Pupils are taught to discover new solutions for themselves. Every problem is intended to be genuine, simply expressed, interesting, and within the range of the child's experience. After each process is introduced abundant practice follows and occurs again and again to avoid forgetting. At the end of each chapter is a progress test which is intended to measure the pupil's mastery of the topic.

It is quite clear that even on a childhood level quantitative thinking is essential for every individual. Thus, study of elementary mathematics is desirable as an aid to study and learning.

4. *Social Studies.* Social studies is a term which includes civics, history, geography, and other similar material. The tendency is now in the direction of fusing these subjects. At times geography is studied, as such, and history in like manner. To a considerable extent, however, these subjects are so interrelated that historical and geographical phases can not well be separated. A good deal of new material is now included in social science and it greatly enriches the child's experiences.

Children, even in the lower grades, gain some insight into the social and industrial factors which are basic in modern life. They study certain phases of the industrial, social, and civic life of the community. The needs of the community are studied and the means by which it supplies these needs are considered. The work includes a study of processes and activities involved in supplying individual and community needs for food, clothing and shelter; activities involved in facilitating social intercourse, communication, transportation, recreation; activities relating to community welfare, health and social agencies, protection of life and property as well as government. All this is done on a childhood level of understanding.

It is easy to see how geographic, historical and civic phases enter into such study as has been described. When it is taught in these relationships, government of community, state and nation is better understood.

All this is social science. It all contributes to an intelligent understanding of the culture under which we live. Even very young children can understand many of these things. Other subjects, such as reading and arithmetic, are greatly enriched by the significant content studied in this and similar fields. Reading about worth-while things adds value to the reading lesson.

5. *Natural Science.* It is clear that even the youngest children are able to gain simple concepts in the field of natural science. The phenomena which they encounter in their daily living are the point of departure for gaining certain elementary concepts in this field. Many science readers are now available for young pupils; reading is thus enriched. Children first observe, then experience and identify. Natural objects and processes are studied.

Field excursions bring first-hand contacts. Then comes thinking about what was seen, discussion, and expression of ideas. Later children discover the utility of things. Pupils investigate and study a variety of processes of nature which are found in the environment and which illustrate the applications of discovery and invention as they are found under the conditions of modern civilization. The concepts and ideas are those which are well within the understanding of elementary school children. Physical science, as well as nature study aspects, has its proper place in the elementary school.

6. *Music and Rhythmic Education.* The earliest work in music aims to give children a rich experience in song singing and at the same time well-directed experience in the use of the voice. The language of music is learned before its notation is attacked. Creative music is emphasized. Music is a means of self-expression. Children are early encouraged to improvise tunes, melodies and songs. It is possible for children under guidance to make crude instruments. Words of simple songs can be written by children. In one room this year a good deal of original poetry has been written by the children. Music is an important means of rhythmic education. There is a definite relationship between music and rhythmic bodily development. This aspect of music should be emphasized.

7. *Art and Handicrafts.* Work in art and handicrafts begins in the kindergarten and continues through all the years of the elementary school. Creative work with many kinds of materials is emphasized. Children's creative abilities are used in many activities. Formal art lessons are taught but greater emphasis is placed on utilization of the art aspects of all subjects. Great possibilities for art expression are thus discovered. Appreciation on a childhood level is emphasized. Drawing and painting are done as a part of the work in art.

Special art teachers help regular teachers find and capitalize these art opportunities in the daily activities of the schools. The teacher guides and encourages the development of the necessary technique but technique is not emphasized as the chief aim. Original, creative work, combined with so much technique as is needed by the child to enable him to satisfy himself, is given chief emphasis. Simple types of industrial and household arts should be found in all elementary schools. The object is to enable children to express themselves in a wide variety of materials.

8. *Mental and Physical Health.* Both physical and mental health are emphasized in elementary schools. The two go hand in hand. Both are essentials of a well integrated and wholesome personality which is able to cope with the affairs of life.

The schoolroom needs to be a place in which children live in a manner which conduces to good physical health. Schoolrooms should be well lighted, well ventilated, and in the case of young children, the program of the school should allow a good deal of freedom and activity. Children cannot sit still and speechless for long periods without injury to their physical health. Good health is one of the most important objectives of elementary education. For this reason, definite teaching of health and constant practice of healthful living is necessary in all the grades.

The life of the child in school should be wholesome and conducive to good mental hygiene. Many frustrations and feelings of inferiority which lead to bad mental hygiene often arise from failure to succeed in school work. The child who continually fails and who is made conscious of his failure often develops this feeling of inferiority which lasts throughout life. This does not mean that children will never fail, but it does mean that they should be helped to succeed in what they attempt. Good mental hygiene is a prime objective of elementary education. It is a factor in the individual's success in life.

9. *Body Education and Rhythmics.* Through plays and games, and other school exercises, rhythmic training and appropriate body development are sought, good posture is attained, bodily poise is gained, alertness is fostered, motor co-ordination is achieved, muscular control is secured and bodily functions are maintained in good condition. Body education is integrated with dancing in physical education as well as with music, dramatization and pageantry as they occur in other phases of school work. The qualities thus developed in children are important factors in successful living and life achievement. This feature of school work seeks the same ends that athletics is supposed to achieve but does it without the competitive factor.

10. *Character Education and Social Adjustment.* The public school does not give religious instruction, but it does do a great deal along the line of social and ethical guidance. An attempt is made to encourage children to recognize the need for adjustments within and between groups. This aspect of the curriculum is made individual to the greatest possible extent. Group work in the classroom emphasizes the need that the individual shall co-operate in the interest of the common good. This type of work contributes a great deal to character education and encourages an attitude which places the good of all ahead of what often may be selfish individual interests. That is a most desirable citizenship-attitude and it should be developed in school.

Curriculum a Process of Living

This is the course of study in the elementary schools. In its final analysis the curriculum is a process of living pointed toward the best possible personality and character development within the individual. It does not neglect subject matter mastery. The elementary school stresses greatly a mastery of the knowledge and skill essential in modern life. It, also, does not fail to put emphasis on those other broader aspects of education which should be the heritage of every child. Many projects and activities cut across the lines of the school subjects. Units of work are the basis for much study. In these projects and units all subjects

are drawn upon for material. Pupils are not classified in ability groups. The daily program has flexibility and adaptability. Trips are taken to museums. Excursions help children get first-hand experiences. Something is done with pageants, festivals, plays and dramatization of historical events. Esthetic dancing is a part of physical education. Creative work is emphasized in all subjects. Creative writing is especially encouraged. Many written reports are prepared and read. Pupil initiative is encouraged. The free play of intelligence in solving problems on the various levels of childhood is emphasized. Democracy rather than dictatorship is the predominant principle of classroom organization. It is hoped that what children do and learn in classrooms will insure in the future a truer democracy when these children become adults. To this end co-operation instead of competition is stressed in elementary schools. Social welfare becomes the predominant aim. Intelligent citizenship based upon sound ethical character is the ultimate objective.

Respectfully submitted,

IRENE E. CONWAY,
Elementary Supervisor.

*In the foregoing statement covering schools attended by teachers when any institution is listed with a date, it indicates that the teacher graduated from that school or college. Other schools attended but from which the teacher did not graduate are listed following the word "Student." The same institution from which a teacher graduated is listed a second time in case the teacher in question did additional study at that school or college beyond the first graduation. When the same college is listed twice with date it means that the teacher graduated a second time after further study at that school or college. Graduation may signify receipt of a diploma from a two-year or a three-year curriculum or it may mean attainment of a bachelor's or master's degree after four or five years of college or university study.

Town Accountant.

REPORT OF SPECIAL COMMITTEE

AUTHORIZED UNDER ARTICLE 42 OF THE TOWN MEETING HELD ON MARCH 23, 1938, TO STUDY, REPORT AND RECOMMEND ON THE MATTER OF SALARIES AND WAGES

Under Article 42 it was voted:

That a committee of five be appointed by the Moderator to study, report and recommend on the classification of employment for town officers and employees and salary and wage scales, with minimum and maximum rates for such classification, such committee to report at the next Annual Town Meeting and to file its report with the Town Clerk not later than February 1, 1939.

The personnel of the Committee appointed by the Moderator was Francis J. Stanwood, Paul M. Britt, Frederick L. Bauer, David Murdock, Albert W. Tocci.

The Committee held thirty-three (33) scheduled meetings including conferences with representatives of every Town Department in consideration of the subject matter and submit herewith its report.

The Committee has canvassed neighboring Municipalities, local and Boston Banks and Industrials by letter and conference for pertinent current data and information.

The recommendations submitted herewith were based upon the following (1) the type of municipality Needham is and likely to be, (2) the "ability-to-pay" of the average Taxpayer and (3) the competitive market presently and generally.

At the outset, it should be made clear that adoption by the Town of the proposed schedule of Standard Rates of Salary *does not effect the salary of the present incumbent* of a classification. Furthermore, the proposed schedule should not be confused with the so-called seven and one-half (7½) percent Pay Restoration feature.

Presently over two hundred fifty (250) persons are in the regular employ of the Town.

The report may be considered in three parts *viz:* (1) The report of the Committee which contains supplementary recommendations, (2) Rules and Regulations controlling the operation of the salary schedule (pages 218–229 inclusive) and (3) Proposed Standard Rates of Salary with appendix (pages 230–245 inclusive).

Effective Date

It is recommended that the effective date of the Rules and Regulations and Standard Rates of Salary be the day next following adoption by the Town.

SUPPLEMENTARY RECOMMENDATIONS

FOREWORD

The recommendations and suggestions included in this Supplement are not offered for adoption by the Town as a part of the Rules and Regulations or of the Proposed Standard Rates of Salary. However, the nature of the subject-matter of Salaries and Duties would seem to call for consideration of the establishment of certain fundamental practices, the adoption of which should be a helpful guide for all Department Heads to follow, eliminate certain inequalities and result in increased efficiency generally.

COMMENTARY

In consequence of the enlargement of the duties of the Registrars of Voters by statute effective January 1, 1939, no recommendation is offered by the salary committee at this time. It is suggested that salaries be fixed at a later date according to the Rules and Regulations governing changes or establishment of Standard Rates of Salary.

It is recommended that the requirements of the Fire Alarm System, construction, operation and maintenance, be executed by the personnel of the Fire Department. This feature includes care of the Police and Fire Department signal systems.

It is recommended that a record of all employees, elective or appointive, be kept by the Town Accountant containing the vital statistics and other pertinent data of the person employed.

It is recommended that in every instance possible employment be contracted for on a yearly or monthly basis with payment for such made not less frequent than semi-monthly — preferably monthly. The utmost of office efficiency in handling payroll detail is the basis of this recommendation. This feature does not necessarily apply to hourly or temporary employees.

Reimbursement for use, on Town business, of employee owned transportation facilities should be included in the amount of salary paid wherever practicable. Where impracticable the rate of reimbursement should be at a rate to cover operating expenses only, based upon the type of equipment called for by the classification of employment. It is recommended that the rate of reimbursement be not greater than five (5) cents per mile with a fixed monthly maximum amount. Presently rates of reimbursement observed by the Committee are two (2) in the Welfare Department at six (6) cents, two (2) in the Health Department at eight (8) cents and one (1) in the Forestry Department at five (5) cents. In addition other departments have employee and/or hired car expense each year.

It is recommended that all applicants for appointive employment be certified by a local Physician as to his or her physical fitness — the cost thereof to be borne by the applicant.

It is recommended that:

(*a*) Employment of Aliens be not allowed. Exception: Legally settled Aliens recipient of relief may be employed temporarily as an economic measure only.

(*b*) Employment of married women not heads of a family be kept at a minimum.

(*c*) Preference of employment of qualified "legally-settled" persons of Needham be respected.

All employment to an appointive classification be made on a temporary basis. The period of temporary basis to be not less than six (6) months. However if a person proves unfitted during the temporary period separation from Town employment be forthwith.

It is suggested that the work of clerks, now or hereafter attached by appointment to various departments, be co-ordinated in the interest of "overall-efficiency" to the end that the necessity of employing extra clerks at certain periods by the various departments be kept at a minimum. In the interest of the foregoing it is suggested that, through the medium of the office of the Town Accountant, all matters for routine, presently in operation or proposed, be discussed in joint conference by Department Heads involved.

We have reviewed the salaries in the proposed budget of the School Department for the year 1939 and find that the scale thereof compares favorably, by relation, with other departments of our Town and qualifies with the general basis of our consideration of the salary question as a whole.

In the interest of general efficiency it is recommended that consideration be given to the suggestion that the hours of employment, vacations and duties "Load-factor" of all departments be co-ordinated to the end that the utmost in efficiency may be realized without adoption of the "Town-Manager" form of municipal operation.

In the interest of clarity, it is recommended that definitions be established for each classification of duties, such definition to indicate the name of department head or his delegate to whom the employee will report. The use of the "title" Department Heads in the foregoing is intended to be the person directing an activity and held responsible for the accuracy of all reports.

CONCLUSION

It is desired to record the fact that all departments have co-operated with this Committee in its work.

Respectfully submitted,

Special Committee on Salaries and Wages

RULES PROVIDING FOR THE APPLICATION AND ADMINISTRATION OF THE CLASSIFICATION OF EMPLOYMENT ESTABLISHED UNDER ARTICLE 42 IN THE WARRANT FOR THE TOWN MEETING OF MARCH 1938

1. Classification Plan

The classes of positions as named and described in the Classification which is appended hereto and hereby made part of these rules, with such amendments as may be made thereto under these rules from time to time, and as interpreted herein, shall with these rules constitute the "Classification Plan" for the classification of positions in the service of the Town of Needham.

2. Positions to which the Titles, Specifications and Standard Rates of Salary Apply

The rules hereby approved shall, as to title and specifications defining duties and responsibilities, apply to all appointive officers and positions and all elective officers, in the service of the Town of Needham, except those whose salaries are otherwise regulated by law, if any.

3. Classification of Existing Positions

Every position, appointive and elective, in the service of the Town of Needham, except such positions as are exempted by Rule 2, if any, shall be classified under the "Classification Plan" by allocation to its appropriate class by the Town Finance Committee.

Whenever a position shall have been allocated to its appropriate class in the manner aforesaid, the title of such class shall forthwith become the title of such position and shall be used in all administrative and employment records.

4. Classification of New Positions

Whenever a new position is established, except by a statute or vote of the Town creating the position and setting forth its title and duties, or whenever the duties of a position are so changed that, in effect, the old position as described by the specifications of the class to which it was originally allocated no longer exists, but in its place there is created a position of a different class, the appointing board, committee or officer shall report such fact to the Town Finance Committee and transmit a full statement of the circumstances and description of the duties. The Town Finance Committee shall thereupon, after investigation of the actual or proposed duties, responsibilities, and qualification requirements, classify or reclassify the position by allocating it to its appropriate class in accordance with the "Classification Plan" in effect. The Town Finance Committee may likewise from time to time, of its own motion, investigate positions in the service of the Town, and whenever the facts are considered to warrant such action, it shall, after consultation with the employing board, committee or official, reclassify the positions, such reclassification to be subject to ratification and/or amendment or rejection by the Town at the next Annual Town Meeting. In such reclassification, when the duties of a position or of positions are so changed as to require the creation of a new class, Rule 5 shall also apply.

5. Amendment of Classes

Subject to the approval of the Town at an Annual Town Meeting, the Town Finance Committee whenever necessary, shall amend the specification for any class other than those composed of positions whose duties are specifically fixed by law, and abolish, merge, or divide existing classes other than those composed of positions whose duties are specifically fixed by law, or create new classes.

6. Interpretation of Class Specifications

The specifications of classes of positions are hereby declared to have the following force and effect:

(*a*) They are descriptive only and not restrictive. They are intended to indicate the kinds of positions that should be classified under the respective classes as determined by their duties and responsibilities. The use of a particular expression or illustration as to duties or other attributes shall not be held to exclude others not mentioned if such others are similar as to kind or quality.

(*b*) In determining the class to which any position should be allocated, the specifications of each class shall be considered as a whole. Consideration is to be given to the general duties, specific tasks, responsibilities, and relationships to other classes, as affording together a picture of the employment that the class is intended to embrace.

(*c*) As to the particular parts of the specifications of classes the following interpretation shall apply:

(*c*1) "The duties statement" shall be construed as a general description of the kind of work involved in a position that properly falls within the class, and not in any sense as prescribing what the duties of any position shall be, nor as limiting the expressed or implied power of the authority now or hereafter vested with the right, to prescribe or alter the duties of any position; provided, however, that where a substantial change of duties is made, except for a temporary period or by the addition of duties that are incidental to the main employment, such change shall be reported to the Town Finance Committee with a view to a possible reclassification of the position.

(*c*2) The "typical tasks" shall be construed as examples only, illustrative of the duties as outlined by the general statement. These examples are not intended to be complete or exclusive, and the fact that the actual tasks performed in a position do not appear therein shall not be taken to mean that the position is necessarily excluded from the class, provided that the tasks constituting the main work or employment are duly covered by the general statement of duties. On the other hand, any one example of a typical task, taken without relation to the general statement of duties and all other parts of the specifications, shall not be construed as determining that a position shall be included within the class.

(*c*3) In the case of positions the compensation for which is subject to the standard rates of salary, no substantial change in duties of a nature which will involve a reclassification of the position in a higher class shall be assigned to any employee except for a temporary period unless and until such assignment has been approved in accordance with Rules 4 and 5.

7. Standard Rates of Salary

The scales of pay for the respective classes of positions in the service of the Town with such amendments as may be made thereto under these rules from time to time and as interpreted herein, shall, in accordance with these rules, constitute the standard rates of salary for the services of the Town. Such standard rates for the respective classes may be altered from time to time by the Town Finance Committee subject to approval by the Town at an Annual Town Meeting. The standard rates shall not apply to the positions excepted from them by Rule 2, if any.

8. Authority to Administer

The Town Finance Committee is authorized and empowered to execute the provisions of these rules and see that they are enforced.

9. Compensation to Conform to Plan

No compensation shall be paid to any officer or employee of the Town whose salary is subject to the standard rates of salary except in accordance with these rules.

10. Interpretation of Standard Rates of Salary

The standard rates of salary shall be construed as follows:

(*a*) The salary rates are in terms of dollars per year, except where otherwise expressly stated, but it shall be permissable to pay equivalent compensation on any other time basis when in the interests of the service; provided, that the equivalent amount for any time unit other than the year shall be as approved by the Town Finance Committee based on the ratio that such time unit bears to *full-time employment* for a 12-month period, except that in case of temporary or emergency employments variation from the ratio heretofore mentioned may be approved by the Town Finance Committee in each individual instance.

(*b*) The salary rates prescribed, unless specific exception is noted in the compensation schedule for any class, represent the total remuneration to be paid to employees, including pay in every form, but not including reimbursement of actual and authorized expenses incurred as necessary incidents to the employment. In any case in which allowances to employees are provided, such compensation in kind, unless specifically included in the salary rate, shall be treated as part payment of the salary prescribed, to be deducted from the money salary actually paid to the extent of their cash value as appraised by the Town Finance Committee.

(*c*) In every case in which part compensation for an employment, exclusive of overtime, is paid by another department, branch or agency of the Town, or from a different fund or account, such payments shall be deducted from the compensation due at the prescribed rate, in the payment of the employee concerned, unless an exception has been specifically authorized in the individual case by the Town at an Annual Town Meeting.

(*d*) All standard rates of salary prescribed, unless specific exception is noted in the rate for the class, represent the standard rate of compensation for full-time employment. Where employment is on a part-time basis and no exception is noted in the rate for the class, only the proportionate part of the annual compensation for the time actually employed as compared with full-time employment for a 12-month period, shall be paid.

11. Operation of Standard Rates of Salary

The standard rates of salary in the classification of appointive and elective officers and positions in the service of the Town which are hereby made a part hereof shall have the following force and effect:

(*a*) The Town Finance Committee shall approve as the rate of salary for entrance to any position only the lowest, or minimum rate in the scale for the class to which the position has been allocated; provided, however, that where a person already in the service of the Town is transferred, or demoted, or a former employee is reinstated to a position in the class, he shall enter the position at the same rate as he has been receiving, except that if the rate received in the former position is higher than the maximum of the class, he

shall receive the maximum rate. However, upon the recommendation of the employing board, committee or official, supported by evidence of special reasons and exceptional circumstances satisfactory to the Town Finance Committee and approved by the Town at an Annual Town Meeting the entrance rate may be other than the minimum rate.

(*b*) The Town Finance Committee shall not approve a salary for a position which exceeds the highest or maximum rate in the scale for the class; provided, however, that an employee whose rate at the time of taking effect of these rules exceeds the maximum thus prescribed, may continue at the present rate during his incumbency.

(*c*) It is the intent of these rules that meritorious employees shall be advanced in compensation within the established salary rates, the most meritorious advancing the most rapidly, but that employees who are not rendering meritorious service shall not be advanced. Advancement from the minimum to the maximum rate shall be by successive steps, as prescribed, but no advancement shall be approved by the Town Finance Committee until after the employing board, committee or official shall have recommended it and certified, in writing, to the Town Finance Committee that the advancement is merited.

(*d*) Provisions for increases are permissive and are not mandatory, and no increase shall become effective unless the appropriation made according to law, to which it is chargeable, is sufficient for the purpose, and unless it has been recommended in accordance with Rule 11 (c).

12. Recommendation for Revision of Rates

Whenever the Town Finance Committee has reason to believe that the rate in effect for any class whose compensation is fixed by the standard rates of salary is too low or too high, it may investigate and if it finds such action warranted it shall, subject to the approval of the Town at an Annual Town Meeting adopt a revised rate for such class and revised rates for any related classes whose compensation is subject to the said standard rates whose rates would be thrown out of due relation by the adoption of the revised rates proposed. Whenever, in the opinion of an employing board, committee or official, the rate in effect for any class is too low or too high, either in relation to those of other classes or to rates for similar employment outside the service of the Town, or is not producing an adequate number of qualified applicants for the entrance salary, such employing authority shall report the fact to the Town Finance Committee together with its recommendations.

13. Adjustment of Existing Rates to Standard Rates of Salary

The Town Finance Committee is hereby authorized to make effective the adjustment of existing rates to the standard rates of salary, the adjustments to be made consistently with appropriations made in conformity with law. In making such adjustments, the following requirements shall be enforced:

(*a*) No individual who has been or who may be assigned under this classification to a class carrying a salary level higher than the salary he is now receiving shall be deemed a member of the new class nor shall increased compensation be approved for him until the employing board, committee or official shall have certified to the Town Finance Committee in writing, (1) that the employee in question is fitted by training and experience to perform the duties of the class to which his position has been allocated, and as such class is described under the classification, and (2) that the employee is in fact performing the duties of the position in meritorious and

efficient manner, and is therefore entitled to receive the higher compensation provided in the Standard Rates of Salary.

(*b*) The rate of salary of an employee receiving more than the maximum prescribed for his class at the time of the taking effect of the rates prescribed by the Standard Rates of Salary shall not, because of the application of these rules, be reduced during his incumbency of the same position or of any position of the same class, but the rate of his successor in the same position and class shall conform to the rate prescribed by the Standard Rates of Salary.

(*c*) The Town Finance Committee shall establish a list of all employees now receiving more than the maximum prescribed for their classes by the Standard Rates of Salary, and information shall be secured from the employee, the employing authority and from any other available sources as to the qualifications in fact of such employees. The names and qualifications of such employees shall be brought to the attention of employing boards, committees and officials as candidates for transfer or promotion to such positions as they may be qualified to occupy, when vacancies arise in the Town service where the rates of pay under the Standard Rates of Salary are such as to embrace the rates now paid to such employees.

REGULATIONS TO ACCOMPANY THE CLASSIFICATION OF PERSONAL SERVICE

The following regulations shall govern the procedure under the rules of administration and application of the classification in the matter of requisitions and appointments whether original appointments, transfers or promotions in the service of the Town.

1. Any board, committee or official of the Town desiring to make an appointment, transfer or promotion, either to fill a vacancy or to create a new position, shall notify the Town Finance Committee in accordance with the specifications approved herewith, and shall furnish the following information:
   (*a*) Title of Position.
   (*b*) Name of previous incumbent, if vacancy is to be filled, and a statement of the proposed duties and the need therefor, if a new position is to be created.
   (*c*) The proposed salary rate, which shall be the minimum rate for the class unless another entrance rate is proposed under the provisions of Rule 10 (a).
2. The Town Finance Committee upon receipt of this information, shall investigate regarding:
   (*a*) The need of the department for the position.
   (*b*) Compliance with classification of position.
   (*c*) The ability of the department to provide for the position out of funds appropriated.
3. The advancement of employees within classes shall be subject to the procedure authorized in the classification of position and the rules herein.
4. Appeals from the findings of the Town Finance Committee may be taken to the Town at any Town Meeting.
5. **Vacations.** (Exclusion: Personnel under Civil Service and School Teachers.)

   Vacations for full time appointive personnel

   1. For period more than nine (9) months but less than one year — one week with full pay.

2. For service beyond one year — two weeks with full pay.

Vacations for other than full time appointive personnel

1. Vacations with pay will not be granted to temporary employees.

Vacations shall not be cumulative from year to year.

No additional vacation will be allowed if a holiday occurs within the vacation period.

6. Leave of Absence

Except for the provisions of Sections nine (9) and ten (10) of the Regulations all leave of absence shall be without compensation.

7. Occupational Sick Leave

If an appointive employee is injured in the performance of his duty the term of receiving full compensation shall be based upon the following:

1. If the injured employee *is insured* for Workmen's Compensation, the Town shall make up the difference between his regular compensation and the amount paid by the Insurance Company during the first three (3) weeks; it being understood that the amount paid by the Insurance Company, for purposes of calculating this feature, is the amount paid for "Wage-Benefits" only and not the amount paid by the Insurance Company for features such as Medical and/or Hospital Benefits.

   After three (3) weeks further payments by the Town shall be made only upon the specific recommendation of the Department Head approved by the Finance Committee.

2. If the employee *is not covered* by Workmen's Compensation Insurance — full pay shall be paid for the first three (3) weeks and thereafter further payments by the Town shall be made only upon the specific recommendation of the Department Head approved by the Finance Committee.

8. Non-Occupational Sick Leave

1. For appointive personnel sick leave with pay during first year of employment — none.
2. Sick leave for appointive personnel after the first year of employment — two (2) weeks with full pay.
3. For appointive personnel after the second full year of employment — two (2) weeks plus three (3) days for each full year of employment with full pay.

9. Jury Duty

1. *Regular Employees on Hourly Payroll*

   If the compensation received for jury duty is less than the compensation received for a normal working week, the deficiency in compensation may be paid for not more than six weeks in any twelve consecutive months. If the compensation received for jury service is equal to or greater than the wages of the employee, based on a normal working week, no compensation payments will be made by the Town.

2. *Regular Employees on Weekly or Monthly Payroll*

   Full compensation may be paid while absent from work for jury service for a period not to exceed six (6) weeks in any twelve consecutive months.

10. Military Training Service

1. *Regular Employees on Hourly Payroll*

Employees, with a minimum of six (6) consecutive months in Town employment, who attend Government Military Training Camps for two (2) weeks of training will be allowed one normal working week's vacation, with pay, in addition to the normal vacation allowance for hourly paid employees provided the vacation period (including the additional week allowed) will be scheduled during the training period.

2. *Regular Employees on Weekly or Monthly Payroll*

Employees, with a minimum of six (6) consecutive months in Town employment, who attend Government Military Training Camps for two (2) weeks of training will be allowed one normal working week's vacation, with pay, in addition to the normal vacation allowance provided the vacation period (including the additional week allowed) will be scheduled during the training period.

The foregoing schedule of salaries set forth on pages 230–234 are subject to the supplementary comments shown under the title of "Appendix to Proposed Schedule of Standard Rates of Salary" — page (235).

APPENDIX TO PROPOSED SCHEDULE OF STANDARD RATES OF SALARY

(Pages 230-234, Inclusive)

(*a*) The salary for this classification *includes* the expense of use of personally owned transportation facilities.

(*b*) In addition to the salary for this classification, the amount of Fifty (50) Dollars per year for each patrolman is authorized to subsidize the expense of uniforms. Payments under this authorization shall be made directly to the patrolman upon the approval of the Chief of the Police Department.

(*c*) The service under this classification shall be rendered by the Chief of the Fire Department, the compensation for which is included in the salary of the Chief of the Fire Department.

(*d*) The salary for this classification shall include compensation for all ex-officio service of the Town Clerk provided by statute or otherwise. Furthermore, fees and charges, of every name and nature chargeable and collectible by statute or otherwise, such as; Issue of Dog Licenses, Birth-Death-Marriage Certificates, Fees for Recording Pole location Permits, etc., which presently and formerly have constituted a part of the total income of the Town Clerk shall be collected by the Town Clerk and remitted to the Town Treasury.

(*e*) The salary for this classification shall include services and duties incidental to the duties of the Town Hall Custodian and fees, presently or formerly, chargeable and collectible by the Town Hall Custodian individually such as; attendance as a Special Police officer on the occasion of renting of the Town Hall shall revert to the Town Treasury.

NOTE: The foregoing supplementary comments set forth in paragraphs (a), (b), (c), (d), and (e) attach to and form a part of the Proposed Schedule of Rates of Salary — pages 230–234 inclusive.

Bring this Report with you to Town Meeting,

TOWN OF NEEDHAM

REPORT

— of the —

FINANCE COMMITTEE
TO THE TOWN

— at the —

Annual Meeting, March 21, 1938

ELECTION, MARCH 14

BUSINESS MEETING, MARCH 21, AT 7:30 O'CLOCK

NEEDHAM TIMES
1938

REPORT OF THE FINANCE COMMITTEE

To the Voters of the Town of Needham:

The Finance Committee respectfully submits its report and recommendations for the annual budget of the Town, and on such articles in the warrant that call for the appropriation of money for the year 1938, to be acted upon at the Annual Town Meeting.

Your Committee again adopted the policy of having the full Committee review the budgets with the School, Police, Fire, Public Works, and Welfare Departments. Sub-committees again reviewed the remainder of the Town Departments, and reported back to the Committee as a whole.

Since January 1, 1938, we have held over twenty meetings, each of several hours duration, in addition to many conferences with Department Heads. We have given all the budgets and articles careful consideration and we ask the voters to scrutinize with the same care requests for increased expenditures.

Maintenance allowances in all departments have been kept on as low a basis as possible, and with few exceptions we have recommended for all departments the same as last year.

Salary increases or salary restorations have been the subject of considerable debate as the restoration of 7½% in 1937 implied the remaining 7½% would be recommended in 1938. If business conditions had continued to improve as the early part of 1937 indicated they might, we would most certainly have unhesitatingly recommended the full restoration of salaries. Present business conditions, however, forced us not to make the recommendation, in spite of the fact it would only increase the tax rate approximately 75 cents per thousand. We have felt justified, however, in recommending in certain instances salary adjustments which involve in total $1,581.50, or less than ½ of 1% of the amount recommended for salaries as a whole.

The Needham Finance Committee has become a member of the Association of Town Finance Committees, and the members have attended at their own expense all of the meetings where a general discussion of conditions in the neighboring towns has been of great value. From these meetings we find that none of the Towns have required any additional help to oper-

ate the Contributory Retirement System and therefore we do not recommend a clerk for this Board.

Last year we asked for a Reserve Fund of $12,000 and we were cut to $9,000 in spite of the fact that it would have been legal to appropriate 5% of the tax levy of the preceding year, or approximately $35,000. If the amount requested last year had been voted the Town would have saved the expense of the Special Town Meetings. As all extraordinary and unforseen expenditures must come from the Reserve Fund we have recommended that $15,000 be set aside for that purpose.

Building Repair

The Town property is valued at nearly two million dollars. The annual cost of caring for this property is considerable, and the property of the Town should not be allowed to deteriorate. We feel that immediate attention should be given to placing the Senior High School, the Town Hall, and the Library, in proper condition, and therefore we recommend under Article 8 that $32,565 be transferred from Excess and Deficiency to care for all major building repairs.

Fire Department

We have carefully considered the request for a new pumping engine, and we are recommending a sum not exceeding $9,000 be taken from Excess and Deficiency for this purpose.

School Department

The expenditures of the School Department have occupied much of our attention, not only because this department takes more money raised by taxation than any other for its operating costs, but also because more than two-thirds of the property of the Town and about two-thirds of the funded indebtedness is for school buildings. We hesitated to recommend any curtailment in this department, but we do find that all the savings made in 1934 have been absorbed and increased.

Considerable interest has developed concerning the excess and deficiency or surplus account, which amounted to $214,706.15 on January 1, 1938. Some are

of the opinion that if this fund is permitted to become too large the voters will eventually go on a spending spree. We believe there is some evidence of this already, but we feel sure that the voters will see the wisdom of using the fund only for non-recurring expenses as situations arise from year to year. It should at no time be used for salary increases or recurring expenses, but can be of material help in stabilizing the tax rate.

The Committee is again grateful for the fine co-operation shown by the Selectmen, other elected boards, the Department heads, and the Taxpayers' Association.

The Committee is also appreciative of the fact that the citizens of the Town are fortunate in having such a fine body of employees who are worthy of all the consideration that can be given them. The Committee has, however, kept the interests of the Taxpayer constantly in mind, and we feel very sure that if you will support our recommendations your tax rate should not materially increase in 1938.

Our recommendations follow:

ARTICLE 4. To see what action the Town will take relative to unexpended balances and deficiencies of 1937.

RECOMMENDED: That the unexpended balances be returned to the Treasury and that $2,724.55 be appropriated to pay overdrafts and deficiencies of 1937.

ARTICLE 5. To see what action the Town will take relative to deficiencies of 1938.

RECOMMENDED: That unpaid bills contracted in 1938 but not received by the Town until after January 1, 1939, regarded as deficiencies be paid in January 1939 from cash at hand and that the amount so paid be reported by the Town Accountant to the Finance Committee to be included in their report of appropriations for 1939.

ARTICLE 6. To see what disposition the Town will make of the money received from dog licenses.

RECOMMENDED: That the monies received from dog licenses, to wit; $2,199.59 be appropriated for the use of the Public Library.

ARTICLE 7. To see what action the Town will take relative to the salaries of its Town Officers.

RECOMMENDED: That the salaries of Town Officers for the year 1938 be the same as voted in the Annual Budget.

ARTICLE 8. To see what sums of money the Town will appropriate for the necessary Town charges and expenses.

APPROPRIATIONS RECOMMENDED BY THE FINANCE COMMITTEE FOR 1938

	Appropriated 1937	Requested 1938	Recommended 1938
Accounting:			
Accountant	$2,405.00	$2,405.00	$2,405.00
Clerk	1,105.00	1,126.25	1,126.25
	$3,510.00	$3,531.25	$3,531.25
Expenses		400.50	350.00
		$3,931.75	$3,881.25
Assessors:			
3 Assessors	$3,237.50	$3,500.00	$3,237.50
Clerk	1,394.90	1,537.00	1,421.21
Temporary employees	550.00	600.00	600.00
	$5,182.40	$5,637.00	$5,258.71
Expenses (including new calculator)	1,500.00	2,885.00	1,885.00
	$6,682.40	$8,522.00	$7,143.71
Finance Committee:			
Clerk	$300.00	$400.00	$400.00
Expenses	350.00	350.00	350.00
	$650.00	$750.00	$750.00
Fire Department:			
Chief	$2,312.50	$2,500.00	$2,312.50
3 Lieutenants	6,521.25	7,050.00	6,521.25
12 Men	22,871.96	25,200.00	23,217.50
Call Force	3,075.74	3,300.00	3,052.50
Paid Service	865.00	1,000.00	1,000.00
2 Additional Men		2,700.00	
	$35,646.45	$41,750.00	$36,103.75
Expenses	485.00	520.00	500.00
Supplies and Equipment	1,240.00	1,150.00	$1,150.00
Maintenance Equipment	1,385.00	1,600.00	1,225.00
Maintenance Building	2,104.00	2,090.00	2,090.00
	$40,860.85	$47,110.00	$41,068.75
New Pumper		9,000.00	9,000.00

Recommended: That this sum be taken from the Excess and Deficiency Account.

Fire Alarm:			
Salaries	$277.50	$300.00	$277.50
Expenses	1,795.00	1,835.00	1,800.00
	$2,072.50	$2,135.00	$2,077.50
Forest Warden:			
Salary	$92.50	$100.00	$92.50
Expenses	25.00	25.00	25.00
	$117.50	$125.00	$117.50

Glover Memorial Hospital:			
Salaries	$12,150.00	$13,000.00	$13,000.00
Expenses	1,038.66	750.00	750.00
Supplies and Equipment	10,700.00	14,600.00	14,650.00
Building Maintenance	2,461.34	2,950.00	2,600.00
	$26,350.00	$31,300.00	$31,000.00
Health, Board of:			
Agent	$1,850.00	$2,200.00	$2,100.00
Nurse	782.60	797.65	797.65
Clerk	322.50	325.00	310.00
	$2,955.10	$3,322.65	$3,207.65
Expenses	695.00	500.00	500.00
	$3,650.10	$3,822.65	$3,707.65
Hospitalization	5,000.00	5,000.00	5,000.00
Garbage	3,000.00	3,166.67	3,166.67
Insurance:			
Fire	$4,696.37	$4,262.44	$4,262.44
General	175.00	475.00	475.00
Compensation—Note 1		2,500.00	2,500.00
		$7,239.44	$7,237.44
We have grouped all the Compensation Insurance together and have deducted from the Budgets.			
Inspections:			
Building and Cesspool	$1,500.00	$1,600.00	$1,500.00
Wiring	1,200.00	1,400.00	1,400.00
Plumbing	1,000.00	1,000.00	1,000.00
Animal	277.50	277.50	277.50
Weights and Measures	370.00	370.00	370.00
	$4,347.50	$4,647.00	$4,547.50
Expenses	201.00	193.50	193.50
	$4,548.50	$4,875.50	$4,741.00
Library, Public:			
Salaries	$4,732.50	$4,700.00	$4,700.00
Books and Periodicals	1,925.00	2,250.00	2,000.00
Bindings	500.00	500.00	500.00
Supplies and Expenses	428.00	660.00	550.00
Building Maintenance including janitor's salary	1,292.00	1,782.00	1,122.00
	$8,877.50	$9,892.00	$8,872.00
Repairs—See Municipal Buildings.			
Less income from Barr and Greenwood Fund		$338.83	
Less Dog Licenses		2,199.59	
			$2,538.42
			$6,333.58

Memorial Park:	$2,500.00	$2,500.00	$2,000.00
As the Town has to meet an overdraft from last year we recommend only $2,000.00.			
Miscellaneous:

ARTICLE 9. To see in what manner the Town will have its taxes collected for the current year.

RECOMMENDED: That the taxes for the current year be collected in the same manner as in the year 1937 and that the compensation therefor be the same as voted in the Budget.

ARTICLE 10. To see if the Town will vote to authorize the Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1939, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

RECOMMENDED: That the Town Treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1939, and to issue a note, or notes, therefor, payable within one year, and to renew any note, or notes, as may be given for a period of less than one year, in accordance with Section 17, Chapter 44, General Laws.

ARTICLE 11. To see if the Town will amend its Building By-Laws by striking out in the first line of the fourth paragraph of Section 10 of Article IX, the words "gas stove or" and by striking out in the seventh line, the words "to gas stoves", so that said fourth paragraph will read as follows:

> No gas water-heater shall be used until a suitable flue for the same shall have been installed in the building. If no brick chimney can be entered a cast-iron pipe or screw-pipe may be used, if not less than four inches internal diameter, and extended through the roof. A drip fitting shall be used on the end of the line extended into the cellar of not less than one and one-quarter inch pipe size, with cap fitted on lower end. Changes in direction of the line shall not exceed forty-five degrees. Vent pipes shall not be placed nearer than three inches from any wood-work or lath and plaster partition. Where it should prove necessary to go nearer to wood-work or lath and plaster partitions than above specified, a shield of incombustible material may be used with the approval of the Building inspector.

No recommendations.

ARTICLE 12. To see if the Town will amend its Building By-Laws by striking out in the first line of the fourth paragraph of Section 5 of Article XII, the words "stove or" and by striking out in the second line, the words "or stove" so that said fourth pararaph will read as follows:

> No gas heater set in a kitchen of an old house shall be allowed unless a vent pipe is run from such heater to a vent through the roof as provided in Article IX, Section 10 or by permission of the Inspector of Buildings, is attached to smoke-pipe of coal-stove.

No recommendations.

ARTICLE 13. To see if the Town will appropriate a sum not exceeding $1,000.00 for maintenance of Chapter 90 Roads, so-called, provided the County and/or the State Department of Public Works will allot an equal amount; or pass any votes relative thereto.

RECOMMENDED: That the sum of $1,000.00 be appropriated for maintenance of "Chapter 90" roads, so called, the same to be expended only if the County or State Department of Public Works allot an equal amount.

ARTICLE 14. To see if the Town will vote to transfer $7,772.58 from the Sewer Assessment Reserve Fund to the Sewer Construction Account for the extension of the sewerage system, and payment of notes and interest due on construction bonds.

RECOMMENDED: That the sum of $7,772.58 be transferred from the Sewer Assessment Reserve Fund to the Sewer Construction account, of which $3,367.50 shall be to pay notes and interest due on construction notes.

ARTICLE 15. To see if the Town will appropriate a sum not exceeding $14,500.00 for the construction of a sewerage pumping station on West Street and the extension of sewer mains necessary to provide for the use of 3,515 feet of gravity flow sewers and 1,430 feet of force main installed during 1933 as a relief project for the unemployed; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the sum of $14,500.00 be transferred from the Excess and Deficiency Account for the construction of a sewerage pumping station on West Street and the extension of sewer mains as proposed.

ARTICLE 16. To see if the Town will appropriate a sum not exceeding $25,350.00 for laying and relaying water mains, and extending services to houses; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the sum of $25,350.00 be appropriated for laying and relaying water mains, and extending services to houses.

ARTICLE 17. To see if the town will appropriate a sum not exceeding $20,000.00 for the installation of water mains in Charles River Street to provide for furnishing additional water from the new supply; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the Water Department be authorized to issue notes for a sum not exceeding $20,000.00 for the installation of water mains in Charles River Street, to provide for furnishing additional water from the new supply.

ARTICLE 18. To see if the Town will appropriate a sum not exceeding $11,100.00 for installing a water main in High Rock Street and Robinwood Avenue; determine in what manner the money shall be raised and expended, or take any action relative thereto.

RECOMMENDED: That this article be dismissed.

ARTICLE 19. To see if the Town will appropriate a sum not exceeding $5,250.00 for the extension of storm water drains; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the sum of $5,250.00 be appropriated for the extension of storm water drains in town ways as proposed by the Public Works Department.

ARTICLE 20. To see if the Town will appropriate a sum not exceeding $500.00 for the construction of permanent sidewalks; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the sum of $500.00 be appropriated for the construction of permanent sidewalks.

ARTICLE 21. To see if the Town will accept Glendoon Road from Great Plain Avenue to Nehoiden Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $1,250.00 for the construction of said way; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the Town accept Glendoon Road from Great Plain Avenue to Nehoiden Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and that the sum of $1,250.00 be appropriated therefor.

ARTICLE 22. To see if the Town will accept Melrose Avenue from Page Road to Brookline Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $3,650.00 for the construction of said way; determine in what manner the money shall be raised and expended or take any action relative thereto.

RECOMMENDED: That the Town accept Melrose Avenue from Page Road to Brookline Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and that the sum of $3,650.00 be appropriated therefor.

ARTICLE 23. To see if the Town will accept Garden Street extending about 745 feet northerly from May Street, under the provisions of law authorizing the assessment of betterments, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and appropriate a sum not exceeding $1,900.00 for the construction of said way; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That the Town accept Garden Street extending about 745 feet northerly from May Street, under the provisions of law authorizing assessment of betterment, as laid out by the Selectmen, and according to a plan on file with the Town Clerk, and that the sum of $1,900.00 be appropriated therefor.

ARTICLE 24. To see if the Town will appropriate a sum not exceeding $8,000.00 for the cost of constructing particular sewers, or connecting drains to buildings, under the provisions of law authorizing assessments; or take any action relative thereto.

RECOMMENDED: That the sum of $8,000.00 be appropriated for the cost of constructing particular sewers, or connecting drains to buildings, under the provision of law authorizing betterments.

ARTICLE 25. To see what sum the Town will appropriate for installation of pipes in a portion of Birds Hill Brook, between Sargent Street and Nichols Road, on petition of Chester B. Underhill and others; determine in what manner the money shall be raised and expended; or take any action relative thereto.

RECOMMENDED: That this article be dismissed.

ARTICLE 26. To see if the Town will vote to authorize the installation of street lights on the following private ways, so-called, as petitioned for by abutters, and appropriate the sum of $2,000.00 therefor; or take any action relative thereto:

2 lights Stockdale Road
4 " Mayflower Road
4 " Whittier and Lancaster Roads
1 " Glendoon Road
1 " Colburn Street
3 " Woodlawn Avenue
2 " Eaton Road
1 " Fairview Terrace
1 " Cross Street

RECOMMENDED: That the sum of $2,000.00 be appropriated for installation of lights on private ways, so-called as recommended by the Superintendent of Public Works.

ARTICLE 27. To see if the Town will authorize a taking of certain parcels of land for street purposes; accept the layout of a Town Way from Webster Street to Highland Avenue being an extension of Carey Place as laid out and reported by the Selectmen in accordance with a plan on file with the Town Clerk under the provisions of law authorizing the assessment of betterments; establish said Way and appropriate the sum of $5,000.00 therefor; determine in what manner the money shall be raised and expended or take any action relating thereto.

RECOMMENDED: That the Town authorize a taking of certain parcels of land for street purposes; accept the layout of a Town Way from Webster Street to Highland Avenue being an extension of Carey Place as laid out and reported by the Selectmen in accordance with a plan on file with the Town Clerk under the provisions of law authorizing the assessment of betterments, and to appropriate the sum of $5,000.00 therefor.

ARTICLE 28. To see if the Town will appropriate the sum of $469.16 to reimburse the Sewer Assessment Reserve Fund for uncollected sewer assments made in 1937, against Town properties, or take any action relative thereto.

RECOMMENDED: That the Town appropriate $469.16 to reimburse the Sewer Assessment Reserve Fund for uncollected sewer assessments made in 1937 against Town properties.

ARTICLE 29. To see if the Town will acecpt the extension of Manning Street northly to Lindbergh Avenue, a distance of 245 feet, as a Town Way, in accordance with a plan on file with the Town Clerk as laid out and constructed by William H. Carter in accordance with specifications of the Town.

RECOMMENDED: That the Town accept the extension of Manning Street northerly to Lindbergh Avenue, a distance of 245 feet, as a Town Way, in accordance with a plan on file with the Town Clerk as laid out and constructed by William H. Carter in accordance with specifications of the Town.

ARTICLE 30. To see if the Town will authorize the Selectmen to abandon, by sale or otherwise, a parcel of land containing 1,950 square feet more or less, extending easterly from Grant Street, being a portion of Schedule A, as shown by an order of taking made by the Sewerage Committee on behalf of the Town of Needham, dated June 18, 1925; or take any action relating thereto.

RECOMMENDED: That this article be dismissed.

ARTICLE 31. To see if the Town will accept Mayflower Road as a Town Way from Great Plain Avenue to Alden Road, on petition of Russell C. Williams and others, in accordance with a plan on file with the Town Clerk, under the provision of law authorizing the assessment of betterments; establish said Way and appropriate the sum of $7,200.00 therefor; determine in what manner the money shall be raised; or take any action relating thereto.

RECOMMENDED: That this article be dismissed.

ARTICLE 32. To see if the Town will appropriate a sum not exceeding$6,800.00 for installing a Storm Water Drain in and through Mayflower Road and other Ways incidental thereto.

RECOMMENDED: That this article be dismissed.

ARTICLE 33. To see if the Town will amend its Zoning and Building By-Laws (a) by striking out Section 10 of the Zoning By-Laws and inserting in place thereof, under the caption "Area and Frontage Regulations", the following:

Section 10. In residence districts no dwelling shall hereafter be erected or placed on a lot of land containing less than ten thousand square feet nor a frontage of less than eighty feet; but nothing contained in this section shall prevent the erection or placing of any such building on any lot containing a smaller area or frontage, or both such area or frontage, provided such lot does not adjoin other land of the same owner available for use in connection with said lot; nor shall the provisions of this section prevent the erection or placing of a dwelling on any lot containing less than ten thousand square feet or having a frontage of less than eighty feet if such lot is a portion of a parcel of land heretofore laid out by the owner thereof on a plan approved and attested by the Board of Survey and duly recorded in the Registry of Deeds.

(b) by striking out Section 20 of the Zoning By-Laws and the caption thereof and inserting in place thereof the following:

Section 20. SETBACK AND DISTANCES FROM LOT LINES IN RESIDENCE DISTRICTS. In residence districts a front yard of at least thirty feet in clear depth shall be provided beyond the exterior line of the way or ways of approach, and no building or structure shall be moved, altered, remodelled or enlarged so that a front yard less in clear depth shall result; nor shall any such building or structure be nearer than fifteen feet to each side line, except that a structure not used for habitation, detached from such building, if set back from the rear of such building fifteen feet or more may be placed nearer to a side line of the lot but not nearer than is provided in ArticleXIII of the Building By-Law. Projecting eaves and uncovered steps shall not be considered as projections within the meaning of this section. Where a setback of greater depth than thirty feet has already been establshed by common agreement or where a different setback exists, it shall be and remain the setback for that street or portion of street.

(c) and by striking out Article XIII of the Building By-Law and inserting in place thereof the following:

ARTICLE XIII. DISTANCES FROM LOT LINES

No part of any first or second class building hereafter erected in other than a residence district, except eaves and cornices, shall be nearer than five feet to the line of any adjourning lot on any side on which such building has

any opening in the outer wall thereof, unless all such openings are protected by wire glass set in metal frames and sash or approved metal covered frames and sash.

Distances from street and lot lines shall be established by Zoning By-Law is now existing and hereafter amended or revised from time to time.

No wooden buildings, not used for habitation, over fourteen feet high, shall be placed within ten feet of the line of the lot and if built on the land of the same owner, nearer than twenty feet to any other building unless the side walls on such line or lines be built of masonry.

No wooden buildng not used for habitation if less than fourteen feet in height and covering an area exceeding fifty square feet shall be placed within three feet of the line of the lot, and if built on the land of the same owner nearer than six feet to any other building unless the side wall on such line or lines be built of masonry carried twelve inches above the roof. A wall with a coating of cement on a wooden frame shall not be considered a masonry wall.

The two preceding paragraphs shall not apply to structures in single or general residence districts.

or pass any vote or votes relating to the By-Laws regulating the size of lots, setbacks and distances from side lines within single or general residence districts.

No recommendations.

ARTICLE 34...To see if the Town will adopt a by-law establishing a Planning Board under the provisions of General Laws (Ter. Ed.) Chapter 41, Section 81A (Acts of 1936, Chapter 211) with all the powers and duties therein and in any existing by-laws of the Town provided, to consist of five members to be elected by ballot at the Annual Town Meeting in 1939, one for a term of one year, one for a term of two years, one for a term of three years, one for a term of four years and one for a term of five years and thereafter in accordance with the provisions of the statute; or take any action relative thereto.

(Explanatory Note: The adoption of a By-Law under this Act will necessitate the election of a new Planning Board in 1939 who will have in addition to the powers and duties prescribed in the existing By-Laws the powers provided in General Laws (Ter. Ed) Chapter 41, Section 81A to J inclusive.)

No recommendations.

ARTICLE 35. To see if the Town will vote to amend its Zoning Map by changing from a general residence district to a manufacturing district, that land bounded and described as follows:

Southerly by the business district fronting on Highland Avenue and Circumferential Highway.

Westerly by the present single residence district boundary line to the New York, New Haven and Hartford Railroad.

Northerly by the New York, New Haven and Hartford Railroad Company.

Easterly by the westerly side line of the Circumferential Highway; and the whole shall be subject to the following restrictions:

There shall be established in his zone a building line 150 feet back from the westerly edge of the Circumferential Highway. No permanent or temporary buildings or structures shall be erected within this set-back, nor shall this restricted set-back be used for storage or other commercial purposes.

No recommendations.

ARTICLE 36. To see what action the Town will take, on petition of the Finance Committee, relative to modifying Section 6 of Article 1, of the Building By-Laws, so that Permit Fees for wooden dwelling houses of 6 rooms or less, value not exceeding $5,000.00 will be increased from $5.00 to $6.00. For wooden dwelling houses of not more than 6 rooms, value not exceeding $8,000.00, to be increased from $8.00 to $10.00.

For first-class dwellings, value not exceeding $10,000.00 to be increased from $10.00 to $12.00.

For second-class dwellings, value not exceeding $5,000.00 to be increased from $5.00 to $6.00.

For third-class buildings, value not exceeding $4,000.00 to be increased from $4.00 to $5.00.

For alterations of buildings, sheds, etc., value not exceeding $1,000.00, to be increased from $1.00 to $2.00.

For three-car garage, increased from $3.00 to $4.00.

Change the additional fee of $0.50 per $1,000.00 to $1.50 for valuation in excess of the above amounts, etc.; so that sub-sections (a) and (b) of said Section 6 will read as follows:

Section 6. FEES FOR PERMITS:

(a) On all building permits issued by the Building Inspector for the erection or alterations of buildings in the limits of the Town, there shall be paid to the Inspector for the use of the Town a fee according to the following schedule:

1.	For wooden dwelling houses of six rooms or less, value not exceeding $5,000.00	$6.00
2.	For wooden dwelling houses of not more than six rooms, value not exceeding $8,000.00	10.00
3.	For all other buildings as follows: For first-class buildings, value not exceeding $10,000.00	12.00
4.	For second-class buildings, value not exceeding $5,000.00	6.00
5.	For third-class buildings, value not exceeding $4,000.00	5.00
	Alterations of buildings, sheds, auto houses, and like small buildings, value not exceeding $1,000.00	2.00
	For garages—One-car garage	1.00
	Two-car garage	2.00
	Three-car garage (if approved)	4.00
	Elevators	5.00

An additional fee of $1.50 per $1,000.00, valuation in excess of the above amounts shall be charged, provided, however, that the amount of any fee shall not exceed the sum of one hundred dollars.

(b) Upon the issuance of a plumbing permit by the Inspector of Plumbing there shall be paid to the Inspector, for the use of the Town, a fee of Seventy-five Cents for each fixture, and/or sewer connection. A minimum fee of two dollars is to be charged for any plumbing permit.

Upon the issuance of a gas fitting permit there shall be paid a fee of two dollars.

RECOMMENDED: That the substances of this article be adopted.

ARTICLE 38. To see what action the Town will take relative to the appointment of a committee to revise the Building By-Laws, including those relating to Plumbing and Electrical Wiring; such committee to report at the next annual meeting.

No recommendations.

ARTICLE 39. To see what sum not exceeding $75,000.00 the Town will appropriate for the purpose of constructing equipping and furnishing a new elementary school building in the Dwight School District; determine in what manner the money shall be raised and expended and to whom shall be entrusted the responsibility for the constructing, equipping and furnishing of said school; authorize for such purpose the acquisition of land by purchase or eminent domain; or pass any vote or votes relative thereto; on petition of Carleton D. Morse and others.

ARTICLE 40. To see what action the Town will take relative to the appointment of a committee to act as Town Agents for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School Building; or pass any vote or votes relative thereto, on petition of Dr. William E. Crocker and others.

ARTICLE 41. To see if the Town will appropriate a sum not exceeding $25,000.00 for the purpose of constructing, equipping and furnishing two additional rooms on the Harris School Building, determine in what manner the money shall be raised and expended; or pass any vote or votes relative thereto; on petition of Dr. William E. Crocker and others.

RECOMMENDED: That these articles be dismissed and that the subject matter be referred to the School Committee for study.

ARTICLE 42. To see what action the Town will take relative to the classification of employment for town officers and employees and the establishment of salary and wage scales for such classifications; on petition of the Needham Taxpayers' Association, Inc.

RECOMMENDED: That this article be dismissed.

ARTICLE 43. To see what action the Town will take relative to the appointment of a committee to make inventory of the real estate owned by the Town, such committee to make recommendations with reference to the advantageous use or disposal of such land; on petition of the Needham Taxpayers' Association, Inc.

No recommendations.

ARTICLE 44. To see if the Town will amend Section 5 of Article IV of its By-Laws by striking out in the seventh line the words "where it would be offensive and injurious to health" so that Section 5 will read as follows:

> Section 5. "No person shall, without the license of the Board of Health, throw into, or leave in, or upon any street, court, square, alley, lane, road, public square, public enclosure, pond or body of water, or vacant lot within the limits of the town, any dead animal, dirt, sawdust, soot, ashes, cinders, shavings, hair, shreds, manure, oyster, clam or lobster shells, waste water, rubbish or filth of any kind, or any refuse, animal or vegetable matter whatsoever," on petition of the Board of Health.

No recommendations.

ARTICLE 45. To see if the Town will appropriate a sum of money for the improvement of low lands and swamps and eradication of mosquitos; on petition of the Needham Garden Club.

RECOMMENDED: That this article be dismissed.

ARTICLE 46. To see if the Town will vote to have the reports of its officers and the proceedings of this and subsequent Town Meetings printed; or pass any vote or votes relative thereto.

RECOMMENDED: That 1,000 copies of the reports of the Town Officers and the proceedings of this and subsequent Town Meetings be printed.

Respectfully submitted,

ROGER W. NUTT, Chairman
WILLARD H. BROCKWAY
WALTER M. CHASE
FLORANCE M. CROWLEY
RALPH H. GRAY
ROLLA E. HEALEY
KENNETH S. HERDMAN
